Fifth International Workshop on Product Line Approaches in Software Engineering
(PLEASE 2015)

Table of Contents

Message from the Chairs ................................................................. vii
Committees and Reviewers ............................................................. viii
Sponsors and Supporters ............................................................... ix

Keynote

Challenges and Opportunities for Sustainable Software .......................... 1
Patricia Lago — VU University Amsterdam, The Netherlands

Opportunities

Product Line Engineering for NGO Projects ........................................ 3
Fabio Calefato, Roberto De Nicolò, Filippo Lanubile, Fabrizio Lippolis — University of Bari, Italy; Informatici Senza Frontiere, Italy

WISE-SPL: Bringing Multi-tenancy to the Weather InSights Environment System .................................................. 7
Vinicius C.V.B. Segura, Leonardo P. Tizzei, João Paulo de F. Ramirez, Marcelo N. dos Santos, Leonardo G. Azevedo, Renato F. de G. Cerqueira — IBM Research, Brazil

What Can Software Engineering Do for Sustainability: Case of Software Product Lines ................................. 11
Ruzanna Chitchyan, Joost Noppen, Iris Groher — University of Leicester, UK; University of East Anglia, UK; Johannes Kepler University, Austria

Towards Enabling Reuse in the Context of Safety-Critical Product Lines .................................................. 15
Barbara Gallina - Mårdalen University, Sweden

Towards the Selection of Modeling Techniques for Dynamic Software Product Lines ........................................ 19
Magno Luã de Jesus Souza, Alcemir Rodrigues Santos, Eduardo Santana de Almeida — Federal University of Bahia, Brazil

Solutions

A Software Product Line Approach for End User Development of Smart Spaces ........................................ 23
Vasilios Tzeremes, Hassan Gomaa — George Mason University, USA
Robots and their Variability—A Societal Challenge and a Potential Solution

Thomas Buchmann, Johannes Baumgartl, Dominik Henrich, Bernhard Westfechtel
— University of Bayreuth, Germany
