CONTENTS

SESSION 1 - ADVANCED MATERIALS

Mehmet Alper Agca, Munir Taşdemir
Investigation of Hot Stamping Process Parameters in Up&Down Machining on ABS Materials Under Quality purposes of Different Stamping Processes........................................................................................................... 21

Laurenţia Alexandrescu, Maria Sönmez, Mihai Georgescu, Mihaela (Vîlșan) Nituică, Maria Daniela Stelescu, Anton Ficai, Constantin Florin Teișanu, Dana Gåră
Polymer Nanocomposites PE / PE-g-MA / EPDM / Nano ZnO Dynamically Vulcanized with Peroxide........................................................................................................... 27

Kadir Bilisik, Gaye Yolacan Kaya
Off-Axis Tensile Behavior of Multistitched Composites........................................................................................................... 33

Eftalea Carpus, Angela Dorogan
Adaptive Textiles - Basic Element of Daily Life........................................................................................................... 39

Ciprian Chelaru, Gabriela Macoveescu, Marian Crudu, Dana Gurau
Validation of Method for 4-chloroaniline and 4,4'-bi-o-toluidine from Dyed Leather........................................................................................................... 45

Laurentiu-Christian Dinca, Iuliana Dumitrescu, Mariana Vamesu
Statistical Method for Dimensional Analysis of Micro/Nanoparticles Deposited onto Textile Substrates........................................................................................................... 51

Alina Dragomir, Alexandra Luca
Influence of the Heat Bonding on Air Permeability........................................................................................................... 57

Iuliana Dumitrescu, Elena Varzaru, George-Ovidiu Iordache, Elena Cornelia Mitran
Photocatalytic Performances of Textiles Coated with Graphene Oxide/TiO₂ Nanocomposites – Part 1........................................................................................................... 63

Iuliana Dumitrescu, Elena Varzaru, George-Ovidiu Iordache, Elena Cornelia Mitran
Photocatalytic Performances of Textiles Coated with Graphene Oxide/TiO₂ Nanocomposites – Part 2........................................................................................................... 69

Carmen Gaidau, Madalina Ignat, Aurora Petica, Manuela Calin, Sandra Carvalho, Robert Franz, Stoica Tonea, Alina Butu
The Study of Ag/TiO₂ Nanomaterials Use for Leather and Footwear Industry........................................................................................................... 75

Yanping Gao, Jun Hu, Jin Wei Zhang, Wuyong Chen
Composition, Property and Structure of Chrome Complexes in Neutralizing Effluent........................................................................................................... 81
Mihai Georgescu, Laurenția Alexandrescu, Maria Daniela Stelescu, Maria Sönmez, Mihaela (Vilsan) Nițuică, Dana Gurău

**New Polymeric Compounds with High Temperature and Impact Resistance**

Mădălina Ignat, Carmen Gaidâu, Mihai Radu

**Nanomaterials Based on TiO₂ for Effluent Pollutant Photodegradation**

Hişeyin Ata Karavana, Daniel Petcu, Gürbüz Gümüşmer, Arife Candaş Adigüzel Zengin

**Comfort and Antifungal Properties of Orthotic Materials Used in Footwear**

Gabriela Macovescu, Ciprian Chelaru, Madalina Georgiana Albu Kaya, Luminita Albu

**Medical Bioproducts Collagen Quantification by Hydroxyproline Determination**

Elena Manaila, Gabriela Craciun, Daniel Ighigeanu, Maria Daniela Stelescu

**Radiation Synthesis and Characterization of Poly(Acrylamide-co-Acrylic Acid) Hydrogels Used for the Absorption of Heavy Metals**

Mehmet Mete Mutlu, Nilay Ork, Birgul Kaya, Samet Gunesel

**Determination and Mapping of Tear Load, Tensile Strength and Extension Values on Overall Area of Goatskin Leathers**

Olga Niculescu, Luminita Albu, Zenovia Moldovan, Dana Gurau, Stoica Tonea

**Development of Inclusion Complexes Based on Essential Oils and Cyclodextrin for Natural Fur Treatment**

Olga Niculescu, Minodora Leca, Luminita Albu, Viorica Deselnicu, Zenovia Moldovan

**Colorimetric Characterization of Leather Assortments Finished with Ecological Materials**

Anna Nikonova, Olga Andreyeva, Lesia Maistrenko

**Investigation of the Properties of Polymer-Titanium Tanned Leather**

Mihaela (Vilsan) Nițuică, Maria Sönmez, Laurenția Alexandrescu, Mihai Georgescu, Maria Daniela Stelescu, Dana Gurău, Aurelia Meghea, Carmen Curuțiu, Lia Mara Dițu

**Cured Antibacterial Compound Based on Silicone Rubber and TiO₂ and ZnO Nanoparticles**

Mihaela (Vilsan) Nițuică, Maria Sönmez, Laurenția Alexandrescu, Stelescu Maria Daniela, Dana Gurău, Roxana Trușcă, Ovidiu Oprea, Aurelia Meghea

**Morphological and Structural Characterisation of a Dynamically Cured MMT-Reinforced Antimicrobial Polymer Composite**

Maria Sönmez, Laurentia Alexandrescu, Mihai Georgescu, Daniela Maria Stelescu, Mihaela (Vilsan) Nițuică, Dana Gurău, Anton Ficai, Denisa Ficai, Ioana Lavinia Ardelean, Ovidiu Oprea, Roxana Trusca

**The Effect of the Functionalizing Agent Type on Processability, Mechanical and Thermal Properties of Polypropylene-Based Composites**

xii
Maria Daniela Stelescu, Elena Manaila, Mihaela (Vilsan) Nituica, Laurentia Alexandrescu, Dana Gurau

Comparison of Characteristics of Natural Rubber Compounds with Various Fillers. .......................... 159

Maria Daniela Stelescu, Elena Mănăilă, Gabriela Crăciun, Maria Sönmez, Mihai Georgescu, Mihaela (Vilsan) Nițuică

Influence of Crosslinking Method on the Properties of Natural Rubber Mixtures .................................................. 165

Munir Tasdemir

High-Density Polyethylene/Red Mud Polymer Composites: Effect of UV Annealing .................................................. 171

Tolga Topkaya, Murat Yavuz Solmaz

Fatigue Behavior of Honeycomb Sandwich Composites under Flexural and Buckling Loading ........................................ 177

Jiacheng Wu, Xi Ding, Wei Liao, Jin Wei Zhang, Haibing Gu, Wuyong Chen

The Influence of Microwave Irradiation on the Colloidal Properties of Vegetable Tannin Extract Solutions ....................... 183

Jin Wei Zhang, Changlong Zhang, Nan Zhou, Wuyong Chen

The Influence of Microwave Drying on Leather Properties .......................................................... 189

SESSION 2 - BIOMATERIALS

Mariana Daniela Berechet, Corina Chirila, Viorica Deselnicu

Antifungal Activity of some Essential Oils on Cotton Fabrics .......................................................... 197

Mariana Daniela Berechet, Corina Chirila, Viorica Deselnicu

Antifungal Activity of Thyme Essential Oil on Woolen Sheepskins .................................................. 203

Alina Teodora Biicin, Elena Dănîilă, Mădălina Georgiana Albu Kaya, Cătălin Zaharia, Ștefania Marin, Ioan Cristescu

Collagen-Fibroin-Hydroxyapatite Scaffolds for Bone Tissue Engineering .................................................. 209

Alexandra-Cristina Burdușel, Izabela Stancu, Ion Bogdan Mihai, Ștefania Marin, Ciprian Chelaru, Andrade Serafim, Diana Drăgușin, Mădălina Georgiana Albu Kaya, Gheorghe Coară

Development and Characterization of Collagen - Carboxymethylcellulose Materials for Lenses .................................................. 215

Corina Chirila, Mariana Daniela Berechet

Microorganisms Found in the Tannery Air .......................................................... 221

Corina Chirila, Mariana Daniela Berechet, Viorica Deselnicu

Thyme Essential Oil as Natural Leather Preservative against Fungi .................................................. 227

Bogdan Cursaru, Mihaela-Doina Niculescu, Mariana Daniela Berechet, Mihai Radu, Madalina Camelia Ignat, Laura-Madalina Popescu, Ioan Albert Tudor

Collagen Networks Obtained by Leather Industry By-Products .................................................. 233
Dermatocosmetics Facial Masks for Topical Treatment of Acne

Synergistic Activities of the Essential Oils Hypericum Perforatum with Methotrexate on Human Breast Cancer Cell Line MCF-7

Musa Turkmen, Nadire Pelin Bahadirli, Ahmet Mert
Essential Oil Components of Fresh Coriander (*Coriandrum Sativum* L.) Herbs from Different Locations in Turkey.......................... 305

Mustafa Yipel, Ibrahim Ozan Tekeli
Potential Toxicological Risks of Industrial Heavy Metals on Wildlife Ecology: A Review to Draw Attention to an Important Ecological Region..... 309

SESSION 3 - INNOVATIVE TECHNOLOGIES

Arife Candas Adigüzel Zengin, Nima Pourrasoul Sardroudi, Eylem Kılıç, Behzat Oral Bitlisli
Ink Dyes for Washable Leathers.............................................. 317

Kestutis Beleska, Virgilijus Valeika, Justa Sirvaityte, Rasa Alaburdaitė, Violeta Valeikiene
Peculiarities of Neutralization of Lime-Free Pelt Obtained Using Sodium Aluminate.......................................................... 323

Selime Mentes Çolak, Tunç Ortafidan
Ecofriendly Dyeing Process with Enzymes.................................. 329

Mariana Costea, Bogdan Sarghie, Aura Mihai, Elena Rezuș
The Relationship between Body Mass Index and Plantar Pressures of the Elderly................................................................. 335

Dana Corina Deselnicu, Ana Maria Vasilescu, Mirela Pantazi, Gheorghe Militaru
Analysis of Biomechanical Parameters Variance by Weight for Elderly Women in Romania....................................................... 341

Andrea Favazzi
Shoe Making Technology.......................................................... 347

Traian Foiasi
Personal Design, the New Fashion Trend Based on Innovative Technology 351

Chromium Removal from the Tannery Wastewater Using Indigenous Adsorbent................................................................. 357

Elena Manaila, Gabriela Craciun, Daniel Ighigeanu, Maria Daniela Stelescu
Heavy Metals Removal from Contaminated Water Using Poly(Acrylamide-co-Acrylic Acid)-Sodium Alginate Flocculant Obtained by Electron Beam Irradiation ...................................................... 363

Anna Nikonova, Olga Andreyeva, Lesia Maistrenko
Improving of Leather Liquid Finishing through Usage of Polymeric Compounds................................................................. 369

Sukru Omur, Mehmet Mete Mutlu
Modification of Mimosa and Quebracho Tannins and the Lightfastness Properties of the Processed Leathers ............................................. 375

xv
Ersin Onem, Ali Yorgancioglu
Decolorization of Chromium and Dyeing Spots on Leather by Bleaching Agents

381

Mirela Pantazi, Ana Maria Vasilescu
3D Imaging Capture of the Foot and Data Processing for a Database of Anthropometric Parameters

387

Mirela Pantazi, Ana Maria Vasilescu
Increasing Foot Comfort inside the Shoes by Optimizing the Last Shape

393

Daniel Petcu
CAD-CAM Prescription and Design Items of Custom Made Medical Footwear Soles

399

Alina Popescu, Laura Chirila, Doina Toma
Behavior in Finishing of PCM Fibers in Blends with Natural, Man-made or Synthetic Fibers

405

Adrian Salistean, Claudia Niculescu, Georgeta Popescu
Harness/Container Equipment for Parachutes - Safety and Performance Design

411

Doina Toma, Claudia Niculescu, Adrian Salistean, Dan Luca, Georgeta Popescu, Alina Popescu, Claudiu Lazaroaie, Ciprian Sau, Marcel Istrate
Improved Fit and Performance of Female Bulletproof Vests

417

Ana Maria Vasilescu, Dana Corina Deselnicu, Mirela Pantazi, Despina Gherman, Ioan Prada, Aura Mihai, Mariana Costea, Bogdan Sarghie, Constantin Stefan Petrescu
Investigation of Biomechanical Parameters and their Association With Age in the Case of Elderly Women

423

Ana Maria Vasilescu, Dana Corina Deselnicu, Mirela Pantazi, Aura Mihai, Mariana Costea, Bogdan Sarghie, Ioan Prada, Despina Gherman, Constantin Stefan Petrescu
Analysis of Selected Anthropometric Parameters of Elderly Women

429

Gökhan Zengin, Sina Pourrasoul Sardroudi, Behzat Oral Bitlisli, Arife Candas Adigüzel Zengin
Effect of Various Tanning Processes on Characteristics of Lining Leathers

435
SESSION 4 - INDUSTRIAL ECOLOGY & CIRCULAR ECONOMY

Luminita Albu, Dorel Acsinte, Mariana Popescu, Gheorghe Bostaca

CO₂ Emission Reduction: An European Approach for Romanian Tanneries .............................. 443

Eftalea Carpus, Alexandra Ene, Carmen Mihai, Razvan Scarlat, Catalin Grosu, Laurentiu Christian Dinca, Cezar Bulacu, Gheorghe Enache

Considerations Regarding the ESD Type Textile Waste Recovery ............................................. 447

Marian Crudu, Stelian Maier, Dan Rosu, Irina Alexandra Crudu

Eco-innovative Products and Technologies Based on the Recycling of Certain Wastes from Tanneries and Non-Ferrous Metals Industry for the Transition of the Leather Industry to a Circular Economy Model ...................................................... 453

Sergiu-Adrian Guta, Luminita Albu, Gheorghe Bostaca

Applications of Life Cycle Assessment to Leather Industry - An Overview and a Case Study.......................................................... 459

Vasilea Maier, Tudorel Balău Mindru, Dan Roșu, Alexandra Irina Crudu, Stelian Sergiu Maier

Isocyanate-Functionalized Collagen Hydrolysates as Pretanning Agents for Organic Wet-White Leather......................................................................................... 465

Ioana Corina Moga, Floarea Pricop, Gabriel Petrescu, Alina Diana Diaconu

Solutions and Equipment for Leachate Treatment .............................................................................. 471

Mihaela-Doina Niculescu, Mariana Daniela Berechet, Carmen Gaidau, Madalina Ignat, Mihai Radu

Study on Obtaining Keratin Extracts from Leather Industry By-products........................................ 477

Mihaela-Doina Niculescu, Carmen Gaidau, Marius Becheritu, Madalina Ignat, Doru Gabriel Epure, Mihai Gidea

Extraction of Collagen from By-products, Designed to Increase the Quantity and Quality of Production in Agriculture.............................................................................. 483

Hasan Özgüney, Mehmet Mete Mutlu, Cemile Ceren Tosun, Özgür Demirci, Onur Abali, Yigit Kaman, Talip Sepici

Industrial Trials for a More Ecological Chromium Tanning............................................................. 489

Cigdem kilicarislan Ozkan, Hasan Ozgunay

Usage of Starch in Leather Making ................................................................................................. 495

Emil Popa, Tudorel Balau Mindru, Melinda Pruneanu, Stelian Sergiu Maier

Studies on the Acid Hydrolysis of Chamois Leather Wastes ................................................................ 501

Floarea Pricop, Ioana Corina Moga, Alina Popescu

Eco-friendly Solutions for Pollution Prevention and Textile Wastewater Treatment.......................... 507

Sengoda Gounder Rajamani

Innovative Environmental Technologies Including Water Recovery for Reuse from Tannery and Industrial Wastewater – Indian and Asian Scenario......................... 513
Gabriel Zainescu, Andreea Hanu, Rodica Roxana Constantinescu, Dana Corina Deselnicu  
**Research on the Hydrolysis of Hide Waste in the Presence of Natural Polymers**  
519

Gökhan Zengin, Ilhan Gün, Mehmet Mete Mutlu, Nilay Ork, Zeynep Seydim, Arife Candas Adigüzel Zengin  
**Characterization of Waste Skins Used in Tulum Cheese Production**  
525

**SESSION 5 - CULTURAL HERITAGE**

Elena Badea, Claudiu Şendrea, Cristina Carşote, Lucreţia Miu, Giuseppe Della Gatta  
**Surface Characterisation of Parchments by Thermal Microscopy and Unilateral NMR**  
533

Paraskevi Chantzi, Elissavet Dotsika  
**Advanced Material Technology for the Conservation of Historical Buildings**  
539

Alina Mihaela Gurguţă  
**Unconventional Costume Collection Inspired by the Brancusi Art. From the Endless Column to the Endless Dress**  
545

Rodica-Mariana Ion, Sofia Teodorescu, Raluca-Maria Ştirbescu, Ioan Alin Bucurica, Oana Dulama, Mihaela-Lucia Ion  
**Nanomaterials for Conservation / Preservation of Cultural Heritage**  
551

Lucreţia Miu, Ion Bogdan Lungu, Mihalis Cutrubinis, Elena Badea, Ioana Stânculescu  
**Preliminary Characterisation of Vegetable Leather Used in Heritage Bindery**  
557

**SESSION 6 - ECONOMICS, MANAGEMENT & MARKETING**

Dana Corina Deselnicu, Gheorghe Militaru, Alexandra Ioanid, Bogdan Hanchevici  
**Export Strategy for a Romanian Food Product**  
565

Alexandra Luca, Maria Carmen Loghin  
**Sustainable Consumption and Ethical Behavior of Consumers in the Footwear Industry**  
571

Aura Mihai, Carmen Arias Castellano, Carlos Vaz De Carvalho, Rosa Ana Pérez Francés, Rita Souto Bizarro, Ana Marija Grancaric, Nikolaos Bilalis, Ana-Maria Vasilescu, Dimosthenis Papakonstantinou  
**Knowledge Platform for Transferring Research and Innovation in Footwear Manufacturing**  
577

Maria José Pinto Ferreira, Vera Mónica Gomes Vaz Pinto  
**High Speed Shoe Factory - A New Footwear Factory Model**  
583
