Preface ........................................................................................................................................ 9

1. Introduction Else Roesdahl and Søren M. Sindbæk ............................................................... 11

2. Aggersborg’s location and history ......................................................................................... 17
   2.1 Situation Else Roesdahl ................................................................................................. 17

   2.2 Viking-Age finds from the Limfjord region Anne Pedersen ........................................... 31

   2.3 Aggersborg through history Else Roesdahl ..................................................................... 38

   2.4 The place-name Aggersborg Gordon Alboge and Peder Gammeltoft ................................. 45

   2.5 History of the Aggersborg project Else Roesdahl ............................................................. 46

3. Terminology and general plans. Excavation. Documentation ............................................... 53

   3.1 Terminology and general plans Else Roesdahl and Soren M. Sindbæk .............................. 53
   Topography and system of measurement 53. Documentation 53. The earlier rural settlement 54. The fortress 54. General plans 57.

   3.2 The excavations: strategy and process Soren M. Sindbæk .................................................. 64

   3.3 Documentation and registration Soren M. Sindbæk and Else Roesdahl ........................... 78
   The documentation of the excavation 78. Surveys and plans 78. Finds 79.
4. The Viking-Age settlement Søren M. Sindbæk

4.1 The subsoil and the culture-layer

4.2 Post-built buildings

4.3 Sunken-featured buildings

4.4 Ditches, drains, tracks, plot-systems and 'the manor bank'

4.5 The development and structure of the settlement

The establishment of the settlement 133. The oldest settlement (to c. 850) 133. The settlement c. 850-975 135. Rural settlement and fortress – and after the fortress 136.

5. The fortress

5.1 Introduction Søren M. Sindbæk

5.2 The wooden construction of the rampart Søren M. Sindbæk

The excavation of the rampart 141. The timber framework 141. Inner face of the rampart 144. The mid-rampart posts and the tie-beams 144. The face of the rampart 145. The construction of the timber framework 150.

5.3 The make-up of the rampart Søren M. Sindbæk

The early excavations 151. The excavation in 1990 and the body of the rampart 151. Traces of burning 154.

5.4 The four gateways Søren M. Sindbæk

5.5 Berm and ditch Søren M. Sindbæk

The berm 161. The ditch 161. The fill of the ditch 162.

5.6 The street system Søren M. Sindbæk

The axial streets, parallel streets and central structure 165. The ring-street 166.

5.7 The buildings of the fortress Søren M. Sindbæk

5.8 Finds of objects and the function of the fortress Søren M. Sindbæk

5.9 The units of measurement and the materials used in building the fortress Søren M. Sindbæk

The units of measurement 180. The use of resources 181.
5.10 Aggersborg and other fortresses Søren M. Sindbæk

The Trelleborg-type fortresses and related sites in southern Scandinavia 184. Trelleborg’s phases 189. The circular fortresses’ relationships and relative chronology 191. The fortress houses, Viking-Age building types and relative chronology 193. European fortresses of the Viking Age and their precursors 197.

Methods of dating 203. The finds and the relation of the fortress to the earlier and later settlements 203. The fortress structures and the period of its occupation 204. Trelleborg, Fyrkat, Nonnebakken – and Aggersborg 205. Other major Danish structures of the second half of the tenth century 207. The period of use of the fortresses 207.

6. The finds .................................................................................................................. 209

6.1 Introduction Anne Pedersen and Else Roesdahl ..................................................... 209

6.2 Remains of building materials and larger objects Andres Dobat, Else Roesdahl ........ 211

6.3 Pottery Hans Jørgen Madsen and Søren M. Sindbæk .............................................. 214

6.4 Soapstone vessels and whetstones Heid Gjøstein Resi with contribution by Helge Askvik 235

6.5 Domestic equipment Andres Dobat, Anne Pedersen, Else Roesdahl, Søren M. Sindbæk 254

6.6 Small objects and personal equipment

Hans Jørgen Madsen, Unn Pedersen, Else Roesdahl, Søren M. Sindbæk 262

6.7 Dress accessories and personal ornaments of metal. Amulets

Anne Pedersen, Else Roesdahl, James Graham-Campbell 279

6.8 Beads, amber and glass Ulf Näsmann ....................................................................... 290

6.9 Coins Jens Christian Møesgaard and Jørgen Steen Jensen ..................................... 298

6.10 Weapons Anne Pedersen, Else Roesdahl ................................................................ 302

6.11 Riding and skating Anne Pedersen, Else Roesdahl ................................................ 306

6.12 Agricultural and fishing tools Else Roesdahl ............................................................ 313

6.13 Textile equipment, textile impressions Sarah Croix, Else Roesdahl, Lise Bender Jørgensen 317

6.14 Tools Else Roesdahl ................................................................................................ 330

6.15 Raw material, rough-outs, waste Andres Dobat, Unn Pedersen, Heid G. Resi, Else Roesdahl 337

6.16 Objects of unknown use Andres Dobat, Unn Pedersen, Anne Pedersen, Else Roesdahl 346

6.17 Prehistoric objects Hans Jørgen Madsen, Anne Pedersen, Else Roesdahl ................ 352

6.18 Objects from the medieval and later periods

Jørgen Steen Jensen, Hans Jørgen Madsen, Anne Pedersen, Else Roesdahl ................. 354

6.19 Summary Anne Pedersen ....................................................................................... 361

6.20 Supplementary information concerning finds and illustrations Else Roesdahl and Sarah Croix 365
7. Zoological finds Tove Hatting and Knud Rosenlund ................................................. 373
Undomesticated animals 373. Domesticated birds and mammals 374.

8. The purpose of the fortress Else Roesdahl and Søren M. Sindbæk ........................................ 383
8.1 Interpretation of the Trelleborg-type fortresses – a survey 383
8.2 Characteristics of the fortresses
8.3 The context of the fortresses
   Major Danish building projects 393. Political and military background 397. Culture and royal power
8.4 The purpose of the Trelleborg group of fortresses 407
8.5 Why Aggersborg?
8.6 Conclusion 413

Appendices ................................................................. 415
Appendix 1. Stray finds and metal-detector finds (until 2008) from the Aggersborg region
Anne Pedersen, Andres Dobat, Bjarne Henning Nielsen and Per Mandrup Christensen 415
Appendix 3. Primary archival sources Søren M. Sindbæk
   Concordance of the original and revised excavation area numbers 419
Appendix 4. Surveying, measuring and digitisation Søren M. Sindbæk and Peter Jensen 421
Appendix 5. Botanical finds from Aggersborg – summary and comments Anne Pedersen and Else Roesdahl 423
Appendix 6. Dendrochronological dating of wood samples from Fyrkat Kjeld Christensen 425

Notes ............................................................................... 427

Bibliography ................................................................. 451

Indexes ............................................................................. 473
   Objects of the Viking Age found at Aggersborg 473. Place-names and personal names 475.

Folding plates
Plate 2. Aggersborg. Plan of the main excavated areas. 1:500.
