Awareness Systems

Advances in Theory, Methodology, and Design
Contents

Part I  Awareness in Context

1  An Historical Reflection of Awareness in Collaboration .............. 3
   Markus Rittenbruch and Gregor McEwan

2  A Design Framework for Awareness Systems .......................... 49
   Panos Markopoulos

3  Awareness in the Home: The Nuances of Relationships, Domestic
   Coordination and Communication ....................................... 73
   Saul Greenberg, Carman Neustaedter, and Kathryn Elliot

Part II  Theoretical Perspectives

4  Making Sense of What is Going on ‘Around’: Designing
   Environmental Awareness Information Displays ...................... 99
   Berry Eggen and Koert Van Mensvoort

5  Social Inference Through Technology ................................ 125
   Antti Oulasvirta

6  Abstractions of Awareness: Aware of What? .......................... 149
   Georgios Metaxas and Panos Markopoulos

7  Phatic Interactions: Being Aware and Feeling Connected .......... 173
   Frank Vetere, Jeremy Smith and Martin Gibbs

8  Privacy Considerations in Awareness Systems: Designing with
   Privacy in Mind ........................................................... 187
   Sameer Patil and Alfred Kobsa
9 Grounding Privacy with Awareness: A Social Approach to Describe
Privacy Related Issues in Awareness Systems .................................. 207
Natalia Romero and Panos Markopoulos

10 Awareness Information with Speech and Sound ............................ 231
Anssi Kainulainen, Markku Turunen and Jaakko Hakulinen

Part III Applications

11 Awareware: Narrowcasting Attributes for Selective Attention,
Privacy, and Multipresence ............................................................ 259
Michael Cohen and Owen Noel Newton Fernando

12 Emotinet: A Framework for the Development of Social Awareness
Systems ......................................................................................... 291
Jesus Ibañez, Oscar Serrano, and David García

13 Conversational Awareness in Text-Based Computer Mediated
Communication ............................................................................... 313
Minh Hong Tran, Yun Yang and Gitesh K. Raikundalia

14 Fostering Social Engagement and Self-Efficacy in Later Life:
Studies with Ubiquitous Computing ............................................... 335
Margaret E. Morris, Jay Lundell, Terry Dishongh and Brad Needham

15 Awareness of Daily Life Activities ................................................ 351
Georgios Metaxas, Barbaros Metin, Jutta Schneider, Panos Markopoulos
and Boris de Ruyter

16 Design and Evaluation of Intentionally Enriched Awareness .......... 367
Markus Rittenbruch, Tim Mansfield, and Stephen Viller

17 Situatedness of Awareness Information: Impact on the Design and
Usage of Awareness Systems ......................................................... 397
Keith Cheverst, Alan Dix, Dan Fitton, Connor Graham,
and Mark Rouncefield

Part IV Evaluating Awareness Systems

18 Supporting Family Awareness with the Whereabouts Clock .......... 425
Abigail Sellen, Alex S. Taylor, Joseph 'Jofish' Kaye, Barry Brown,
and Shahram Izadi

19 Evaluating Perspectively ............................................................. 439
Tara Matthews, Wijnand IJsselsteijn, Natalia Romero and Panos Markopoulos

20 Measuring Affordances of Awareness Technologies ..................... 453
Wijnand IJsselsteijn, Natalia Romero and Panos Markopoulos

Index .........................................................................................
19 Evaluating Peripheral Displays ............................................... 447
Tara Matthews, Gary Hsieh, and Jennifer Mankoff

20 Measuring Affective Benefits and Costs of Mediated Awareness:
Development and Validation of the ABC-Questionnaire ............... 473
Wijnand IJsselsteijn, Joy van Baren, Panos Markopoulos, Natalia
Romero and Boris de Ruyter

Index ....................................................................................... 489
