1 Spatial planning systems and practices in Europe: a comparative perspective 1
MARIO REIMER, PANAGIOTIS GETTIS AND HANS HEINRICH BLOTEVOGEL

1 Introduction 1
2 Comparative spatial planning research revisited: some methodological remarks 2
3 Europeanization of spatial planning: convergence or divergence? Or both? 5
4 Context matters: a multi-scalar analytical framework for comparative spatial planning research 8
5 Methodological framework for comparative analysis: some hypotheses 12

2 The Danish planning system 1990–2010: continuity and decay 21
OLE DAMSGAARD

1 Introduction 21
2 The Danish planning system 22
3 Problems and challenges 23
4 Dimensions and directions of change 36
5 Conclusion 39
CONTENTS

3 The recent development of the Finnish planning system: the city of Vantaa as an executor, fighter and independent actor 42
SARI HIRVONEN-KANTOLA AND RAINE MANTYSALO

1 Introduction 42
2 The Finnish planning system 45
3 Problems and challenges 48
4 Dimensions and directions of change 51
5 Conclusion 55

4 Dutch national spatial planning at the end of an era 61
WIL ZONNEVELD AND DAVID EVERS

1 Introduction 61
2 The institutionalization of Dutch spatial planning 63
3 Fundamental change within national spatial planning 68
4 Current developments, challenges and controversy 73
5 Conclusion 76

5 Spatial planning in Germany: institutional inertia and new challenges 83
HANS HEINRICH BLOTEVOGEL, RAINER DANIELZYK AND ANGELIKA MÜNTER

1 Introduction 83
2 Description of the system 84
3 Old and new challenges 90
4 Dimensions and directions of change 100
5 Conclusion 105

6 France, drifting away from the “regional economic” approach 109
ANNA GEPPERT

1 Introduction 109
2 State of the art: losing the characteristics of the “regional economic” approach 110
3 Problems and challenges 114
4 Dimensions and directions of change 115
5 Conclusion 124
### CONTENTS

#### 7 The modernization of the Italian planning system  
**Valeria Lingua and Loris Servillo**  
127

1 Introduction 127  
2 The Italian planning system: structural characteristics 128  
3 Problems, challenges and attempts at modernization 130  
4 Driving forces, challenges and direction of change 135  
5 Conclusion 143

#### 8 The evolution of spatial planning in Greece after the 1990s: drivers, directions and agents of change  
**Panagiotis Getmis and Georgia Giannakourou**  
149

1 Introduction 149  
2 Setting the scene 150  
3 Identification of new problems and challenges during the 1990s and 2000s: the need for a spatial planning reform 152  
4 Dimensions and directions of change in the 1990s and 2000s 155  
5 Main actors triggering changes in the Greek planning system 161  
6 Greek spatial planning after the economic crisis: 2010–2012 163  
7 Conclusion 165

#### 9 Spatial planning in Flanders: serving a bypassed capitalism?  
**Pieter Van den Broeck, Frank Moularet, Annette Kuik, Els Lievois and Jan Schreurs**  
169

1 Introduction 169  
2 A technical history of spatial planning in Flanders: from land-use planning to spatial structure planning and back 170  
3 Institutional dynamics of Flemish spatial planning since 1962 172  
4 Challenges for spatial structure planning in Flanders 182  
5 Conclusion 183

#### 10 Spatial planning in the United Kingdom, 1990–2013  
**Vincent Nadin and Dominic Stead**  
189

1 Introduction 189  
2 The UK planning systems 190  
3 Problems and challenges 194  
4 Dimensions and directions of change: three waves 197  
5 Conclusion 207
11 Changing planning in the Czech Republic  
KAREL MAIER  
| 1 Introduction | 215 |
| 2 Description of the system | 216 |
| 3 Problems and challenges | 222 |
| 4 Dimensions and direction of change | 226 |
| 5 Conclusion | 233 |

12 Spatial and strategic planning in Turkey: institutional change and new challenges  
GÜLDEN ERKUT AND ERVİN SEZGIN  
| 1 Introduction | 236 |
| 2 Features, problems and challenges of the spatial planning system in Turkey | 237 |
| 3 Dimensions and directions of change in the planning system | 243 |
| 4 Emerging actors and their influence on decision-making and urban/regional change | 247 |
| 5 Perspectives for and new challenges to the fostering of regional and urban development and strategic spatial planning | 250 |
| 6 Conclusion | 251 |

13 Spatial planning in Poland between European influence and dominant market forces  
GIANCARLO COTELLA  
| 1 Introduction | 255 |
| 2 Spatial planning in Poland after 1989: a state of the art | 256 |
| 3 Main challenges and drivers of change | 261 |
| 4 Dimensions and directions of change | 263 |
| 5 Conclusion | 272 |

14 Conclusion: multiple trends of continuity and change  
PANAGIOTIS GETIMIS, MARIO REIMER AND HANS HEINRICH BLOTEVOGEL  
| 1 Problems, challenges and driving forces | 279 |
| 2 Dimensions of change | 281 |
| 3 Evaluation of change and continuity | 296 |
| 4 Summary | 303 |
