**Prologue: Innovation Master Plan Framework** ............................................. xvii

**Chapter 1** Preparing Your Organization for Innovation ......................... 1
  - Introduction ................................................................................. 2
  - On the Intake of Ideas ............................................................. 3
  - Getting Organized for Innovation ............................................ 6
  - Flexibility and Ability .............................................................. 10
    - Got an Idea? .......................................................................... 12
    - Equal Consideration .......................................................... 13
    - Internal Venture Capital ..................................................... 14
    - Incentives ............................................................................. 16
  - Summary .................................................................................... 19

**Chapter 2** Promoting and Communicating ........................................... 21
  - Introduction ................................................................................. 22
  - Summary .................................................................................... 29

**Chapter 3** Personal Creativity for Entrepreneurs .................................. 33
  - Drucker on Creativity and the Entrepreneur ............................ 33
  - Introduction ................................................................................. 34
  - Boosting Your Creativity Ability .............................................. 35
  - Overview .................................................................................... 38
  - Tool #1: The Quickscore Creativity Test ................................. 41
    - Finding Opportunities and Problems to Solve
      - Requires New Thinking ....................................................... 46
    - Tool #2: Kano Analysis .......................................................... 48
    - Tool #3: Nominal Group Technique ..................................... 50
    - Tool #4: Synectics ............................................................... 51
    - Tool #5: Operational Creativity ......................................... 54
    - Tool #6: New Ideas with Storyboarding ............................... 55
Chapter 4 Corporate Creativity and Innovation

Introduction
Ekvall Builds on Drucker
A Look at Some Organizational Creativity Models
Six Vital Fundamentals of Corporate Business
Creativity
Analysis by Kano Examination
Organizational Visual Identity
Organizational Synectics
Brainstorming
Six Thinking Hats
Attribute Listing
TRIZ
Summary

Chapter 5 Innovation Theory for Entrepreneurs

Introduction
Innovation Theory Key Points
What the Research Shows
About Problem Analysis
Innovation isn’t a Choice
Requirements for a Scientific Theory of Innovation
Your Business is Being Disrupted Right Now
The General Theory of Innovation
Theory of Four Zones of Innovation
You Have Strategies to be Innovative, Even if You Aren’t
Summary of Yezersky’s Five Conditions
Bibliography
The 12 Step Activities That Make Up the Innovation Process

Foundation: Innovation Process Governance and Strategic Collaboration Framework

Step #1: Aligning Strategy with Innovation

Step #2: Opportunity Identification: Determine Customer Needs and Jobs-to-be-Done

What is Jobs-to-be-Done

Step #3: Creation Using Insight-to-Ideation

Step #4: Value Propositions = Insight-to-Action

Overview

Step #5: Concept Validation = Monitor/Measure

Monitor: Innovation Measurement and Management

The $64,000,000 Question: How Do You Measure Innovation?

HOW Software

Step #6: Business Case and Management Reviews

Step #7: Documentation using Visual Rapid Ideation Workshops

Overview

Step #8: Resourcing for Opportunity Segmentation and Methods and Tool Selection

Introduction

Some Innovation Methods and Tools

Doing Projects Right: Getting New Products to Market More Efficiently

Step #9: Production: Align and Adapt Opportunities Using Roadmapping

Overview

Cross-Functional Roadmapping

Progressive Disclosure Roadmapping

Step #10: Tie Opportunities to Compensation and Markets

Step #11: Enable Sales Success Using Rapid Prototyping

Step #12: After-Sales Service Using Best Practices

Step #13: Performance Analysis Using Best-Practice Methods
Organize and Manage the Total Innovation System
Talent
Integration
Funding
Pipeline Management
Metrics
Summary

Chapter 13 TRIZ & STEM Joined at the Hip
The Importance of STEM and TRIZ in an Innovation Infrastructure
The Origin of TRIZ
Altshuller’s Five TRIZ Levels of Invention
Interdisciplinary Approach of STEM
The Levels of STEM Education
Introduction to the TRIZ-STEM Conundrum™
TRIZ-STEM Conundrum™ Explained
Realization that a Systematic Approach Can Be Beneficial for Innovation and Creativity
Application of TRIZ to Innovative Education
TRIZ: Innovation Can Be Software Assisted – A New Use for Artificial Intelligence
Apply TRIZ to STEM Education for Thinking Training and Practices
The Integration of the STEM Curriculum with TRIZ Methodology
The Need for STEM Education: The World Is Winning
Summary of the TRIZ-STEM Conundrum™
Bibliography

Chapter 14 Global Innovation Problem Areas and Quality of R&D Ideas
Overview of the Idea Evaluation Process
Criteria and Methods for Conducting Idea Screening
Innovations Vary Widely in Value
Using the Model of Dominant Design
Global Innovation Problems
