Acknowledgements xi
Preface xiii

1 Introduction – learning lessons 1
Learning as a basic instinct 1
Learning in organisations 2
Lessons learned systems in organisations 3
How well do they work? 4
The value of learning lessons 9
Reference 11

2 Elements of a lesson learning system 13
Lesson learning approaches in the 15th century 13
What is a ‘lesson learned’? 14
The steps in learning a lesson 16
Closing the learning loop 20
Trial and error, or trial and success? 20
Survey results 22
References 25

3 Lessons learned approaches 27
Formal collect systems 28
Informal collect systems 29
Formal connect systems 30
Informal connect systems 30
The Lessons Learned Handbook

A blended approach 31
Reference 32

4 Principles of lesson identification 33
When to identify lessons? 33
The principles of lesson identification 34
Aiming for the ‘quality lesson’ 36
Examples of poor lessons 37
Stories and lessons 39
Self-identification of lessons versus lesson identification processes 39
The questioning process – the metaphor of the tree 41
Roles and accountabilities in lesson identification 43
Reference 45

5 Processes of lessons identified 47
Post-project reviews or retrospects 47
After action reviews 54
Individual learning interviews 59
Learning histories 63
Evaluations and assessments 65
Incident investigation 66

6 Writing down the lessons 67
Each lesson stands alone 67
The lesson needs to be easy to follow and well structured 68
How much context? 70
Who is the audience? 71
Attachments 71
Quality assurance and validation 71
Lessons must lead to action 72

7 Taking action 73
Will there always be an action? 73
Contents

What sort of actions are needed? 75
How do you decide the action? 79
Who assigns the action? 80
Escalating the action 81
Closing lessons 82

8 Process ownership and process update 83
Who owns the processes? 84
Local vs company process owners 87
The role of the process owner 87
Engagement with the learning cycle 88
Lessons workflow 89
Validation and escalation 91
Documenting processes 92

9 Ensuring lessons and updated processes are re-applied 95
Broadcasting new lessons and process improvements 95
Process improvements and training 97
Process review as part of operations 98

10 Technology to support lesson learning 103
Lesson repositories 103
Knowledge libraries 111
Publish and search technology 115
Tagging 116
References 116

11 Sharing and seeking the unwritten lessons 117
Communities of practice 118
Peer assist 124
Baton passing 125
Knowledge handover 126
Promoting conversation 128
