1 Quantitative Methods, Applications, and Trends in Asian Tourism Research .......................... 1
Sajad Rezaei

Part I Understanding Tourism Industry in Asia

2 Systematic Reviews in Asia: Introducing the "PRISMA" Protocol to Tourism and Hospitality Scholars ......................... 13
Saeed Pahlevan Sharif, Paolo Mura, and Sarah N. R. Wijesinghe

3 The Relationship Between Tourism Industry and Economic Growth: A Panel Data Analysis for ASEAN Member Countries .................................................. 35
Mustafa Öztürk, Ali Ihtiyar, and Osman Nuri Aras

4 Hospitality Competitiveness Index for Indian States and Union Territories Using Multi-Criteria TOPSIS Model ........ 59
Kshitiz Sharma, Mihir Dash, Madhumita Guha Majumder, and Moutushi Ganguli Sharma

5 Co-integration and Causality Analysis Between Tourism Sector and GDP in Cambodia ........................................... 75
Osman Nuri Aras, Mustafa Öztürk, and Ali Ihtiyar

Part II Current Trends and Applications

6 Regression Analysis with Dummy Variables: Innovation and Firm Performance in the Tourism Industry .......... 113
Jung Wan Lee and Parahny Manorungrueangrat

7 Quantitative Dimension of India’s Tourism Trajectory in the Post-reform Era .................................................. 131
K. R. Pillai
8 A Quantitative Analysis of Intercultural Communication and Personality: The Case of Coffee Shop Consumers in Cambodia ............................................................ 149
Ali Ihtiyar, Osman Nuri Aras, and Mustafa Öztürk

9 Structural Equation Modeling with Path Analysis: Antecedents of Corporate Commitment to Sustainable Tourism ................................................................. 189
Jung Wan Lee

10 Partial Least Squares Structural Equation Modeling in Asian Tourism and Hospitality Research: A Systematic Review ....................................................... 207
Imtiaz Mostafiz, Yeasmin Islam, and Saeed Pahlevan Sharif

11 Structural Equation Modelling with Second-Order Confirmatory Factor Analysis: Critical Factors Influencing Consumer Behavior in Medical Tourism ............. 223
Jung Wan Lee and Michael Kwag

Part III Future Directions

12 Positive and Negative Perceptions of Residents Toward Tourism Development: Formative or Reflective ................................................................. 247
S. Mostafa Rasoolimanesh, Shuhaida Md. Noor, and Mastura Jaafar

13 Vector Autoregressive Models with Multivariate Time Series: Spillovers of International Tourist Arrivals on a Local Economy ........................................ 273
Jung Wan Lee and Michael Kwag

14 Beyond Structural Equation Modelling in Tourism Research: Fuzzy Set/Qualitative Comparative Analysis (fs/QCA) and Data Envelopment Analysis (DEA) .......... 297
Naser Valaei, Sajad Rezaei, Ree C. Ho, and Fevzi Okumus

15 Ethical Considerations in Quantitative Tourism and Hospitality Researches .................................................................................................................. 311
Maryam Emami, Sajad Rezaei, Behrooz Sangani, and See-Kwong Goh
