Digitalization Cases
How Organizations Rethink Their Business for the Digital Age
# Contents

Introduction to Digitalization Cases: How Organizations Rethink Their Business for the Digital Age ........................................ 1  
Nils Urbach and Maximilian Röglinger

## Part I  Digital Disruption

Enabling Digital Transformation Through Robotic Process Automation at Deutsche Telekom .................................................. 15  
Manfred Schmitz, Christian Dietze, and Christian Czarnecki

Balázs Somoskői, Stefan Spahr, Erkuden Rios, Oscar Ripolles, Jacek Dominiak, Tamás Cserveny, Péter Bálint, Peter Matthews, Eider Iturbe, and Victor Muntés-Mulero

Digital Technologies for Ordering and Delivering Fashion: How Baur Integrates the Customer's Point of View ........................................ 59  
Daniel Baier, Alexandra Rese, Nikita Nonenmacher, Steve Treybig, and Benjamin Bressem

Applying Sound-Based Analysis at Porsche Production: Towards Predictive Maintenance of Production Machines Using Deep Learning and Internet-of-Things Technology ........................................ 79  
Matthias Auf der Mauer, Tristan Behrens, Mahdi Derakhshanmanesh, Christopher Hansen, and Stefan Muderack

## Part II  Digital Business

Industry 4.0 Enabling Smart Air: Digital Transformation at KAESER COMPRESSORS .................................................. 101  
Maximilian Bock, Martin Wiener, Ralf Gronau, and Andreas Martin

Dual-Track’s Strategy for Incumbent’s Transformation: The Case of Danske Bank Adopting a Platform Business Model ........................................ 119  
Kalina S. Staykova and Jan Damsgaard
Digitalization Partnership: How GKN Established a Digital Platform with 3YD to Realize the Disruptive Potential of Metal Additive Manufacturing .................................................. 139
Klaus Wildhirt, Claudius Seidel, Udo Bub, Markus Josten, and Stephan Kühr

Socio-technical Complexity in Digital Platforms: The Revelatory Case of Helix Nebula: The Science Cloud ................................................................. 159
Michael Blaschke

Sitecore: Retaining Technological Leadership Through Digital Tech Acquisitions .......................................................... 183
Stefan Henningsson and Nishu Nishu

Development of Strategies and Transformation Paths for Structured and Targeted Digital Change: The Case of the Presbyterian Church of Ghana Trinity Congregation .................................................. 205
Sylvester Tetey Asiedu and Richard Boateng

Creating a Digital Consulting Solution for Project Management Assessments at Dr. Kuhl Unternehmensberatung: Development and Initial Demonstration of a Fully Automated Asset-Based Consulting Approach ............................................. 225
Volker Nissen, Jochen Kuhl, Hendrik Kräft, Henry Seifert, Jakob Reiter, and Jim Eidmann

Building a Digitally Enabled Future: An Insurance Industry Case Study on Digitalization .................................................. 249
Janina Weingarth, Julian Hagenschulte, Nikolaus Schmidt, and Markus Balser

Part III  Digital Transformation

Digital Transformation of ABB Through Platforms: The Emergence of Hybrid Architecture in Process Automation .................................................. 273
Johan Sandberg, Jonny Holmström, and Kalle Lyytinen

Digitalization of Information-Intensive Logistics Processes to Reduce Production Lead Times at ENGEL Austria GmbH: Extending Value Stream Mapping with Subject-Oriented Business Process Management .................................................. 293
Christoph Moser and Karel Říha

Digitalization in Public Services: Process Automation and Workforce Management at BruderhausDiakonie, a Social Services Organization .................................................. 313
Ulrich Müller and Thomas Deelmann
Digital Health Innovation Engineering: Enabling Digital Transformation in Healthcare: Introduction of an Overall Tracking and Tracing at the Super Hospital Aarhus Denmark ........................................ 329
Sven Meister, Anja Burmann, and Wolfgang Deiters

Digital Transformation in Healthcare: How the Potential of Digital Health Is Tackled to Transform the Care Process of Intensive Care Patients Across All Healthcare Sectors ........................................ 343
Charlotte Vogt, Martin Gersch, Claudia Spies, and Konrad Bengler

Data Innovation @ AXA Germany: Journey Towards a Data-Driven Insurer ........................................ 363
Alexa Scheffler and Christian Paul Wirths

Volkswagen Education Lab: Accelerating the Digital Transformation of Corporate Learning ........................................ 379
Mathias Wildgrube, Nils Schaupensteiner, and Jan Wehinger

Lea Fortmann, Ingmar Haffke, and Alexander Benlian

How the US Federal Communications Commission Managed the Process of IT Modernization ........................................ 411
Kevin C. Desouza, James S. Denford, and Rashmi Krishnamurthy
