Tai-kuang Ho

**Four Essays in the Economics of
Banking and Currency Crises**

D 98 (Diss. Universität Bonn)

**Shaker Verlag
Aachen 2003**

CONTENTS

1. INTRODUCTION	1
1.1 STRUCTURE OF THE DISSERTATION	1
2. WAS THERE A CAPITAL ACCOUNT CRISIS IN ASIA?	5
2.1 INTRODUCTION.....	5
2.2 WHAT IS A CAPITAL ACCOUNT CRISIS?.....	6
2.3 RELATED LITERATURE REVIEW	10
2.4 CO-MOVEMENT OF CAPITAL INFLOWS TO THE ASIAN COUNTRIES IN THE 1990s	14
2.4.1 <i>Principal Component Analysis</i>	14
2.4.2 <i>Empirical Application of Principal Component Analysis</i>	14
2.4.3 <i>Co-movement of Capital Inflows to Asian Countries</i>	15
2.4.4 <i>First Principal Component and External Variables</i>	21
2.5 WAS THERE A CREDIT BOOM BEFORE THE 1997 CRISIS?.....	24
2.6 REAL APPRECIATION OF ASIAN CURRENCIES	32
2.7 GRANGER CAUSALITY TEST AND VARIANCE DECOMPOSITION.....	36
2.8 A BRIEF SUMMARY	51
2.9 POLICY IMPLICATIONS	53
2.9.1 <i>Policy Implications Concerning Capital Account Liberalization, Financial Deregulation, and Fixed Exchange Rate Regime</i>	53
2.9.2 <i>Policy Implications for the Central and East European Accession Countries</i>	54
2.10 CONCLUSION	56
APPENDIX.....	58
3. FINANCIAL LIBERALIZATION, CHARTER VALUE, AND BANK'S RISK TAKING	67
3.1 INTRODUCTION.....	67
3.2 LITERATURE REVIEW.....	69
3.2.1 <i>Theoretical Work</i>	69
3.2.2 <i>Empirical Work</i>	71
3.3 SUMMARY OF FINANCIAL LIBERALIZATION IN INDONESIA, KOREA, MALAYSIA, AND THAILAND	74

3.3.1 Interest Rate Liberalization.....	74
3.3.2 Entry of New Banks and Competition	77
3.3.3 Prudential Regulations and Banking Supervision.....	78
3.3.4 Capital Account Openness	79
3.4 DATA SOURCES AND MEASURES OF FINANCIAL RATIOS	80
3.4.1 Data Sources.....	80
3.4.2 Measuring the Financial Ratios	81
3.5 POOLED TIME-SERIES CROSS-SECTION REGRESSIONS	82
3.6 MULTIPLE DISCRIMINANT ANALYSIS	89
3.7 CONCLUSION	95
APPENDIX: BUILDING AN INDEX FOR FINANCIAL LIBERALIZATION	96

4. USING AN INDEX OF MONEY MARKET PRESSURE TO IDENTIFY BANKING CRISES AND THE DETERMINANTS OF BANKING CRISES..... 103

4.1 INTRODUCTION	103
4.2 IDENTIFYING BANKING CRISES.....	105
4.2.1 The Existing Method of Identifying Banking Crises.....	105
4.2.2 What Can We Learn from the Index of Speculative Pressure?	112
4.2.3 Theoretical Consideration on the Index of Money Market Pressure.....	113
4.2.4 Government Assistance to the Banking System.....	117
4.2.5 Real Interest Rate	118
4.2.6 Cautions in Applying the Index of Money Market Pressure.....	119
4.3 COMPARISON WITH OTHER STUDIES	121
4.3.1 First Example	121
4.3.2 Second Example	129
4.4 DETERMINANTS OF BANKING CRISES	134
4.4.1 Sample and Data Sources.....	134
4.4.2 Explanatory Variables	138
4.4.3 Empirical Results	146
4.4.4 Significance of Explanatory Variables	147
4.5 SIGNALS APPROACH.....	149
4.6 CONCLUSION	153
APPENDIX.....	155

5. TWIN CRISES: AN EXAMINATION OF EMPIRICAL LINKS.....	157
5.1 INTRODUCTION.....	157
5.2 TWIN CRISES.....	158
5.3 DEFINING CURRENCY AND BANKING CRISES.....	163
5.3.1 <i>Defining Currency Crisis</i>	163
5.3.2 <i>Defining Banking Crisis</i>	164
5.3.3 <i>Defining Twin Crises</i>	164
5.4 EMPIRICAL RESULTS.....	165
5.4.1 <i>Data Sources and Window Width</i>	165
5.4.2 <i>Occurrences of Currency and Banking Crises</i>	166
5.4.3 <i>Banking Crisis as Indicator for Currency Crisis</i>	167
5.4.4 <i>Currency Crisis as Indicator for Banking Crisis</i>	169
5.4.5 <i>Bivariate Probit Model</i>	170
5.4.6 <i>Multivariate Probit Model</i>	171
5.4.7 <i>Simultaneous Equation Probit Model</i>	172
5.5 TEST OF ROBUSTNESS.....	173
5.6 CONCLUSION.....	174
APPENDIX.....	175
