## CHAPTER 1

### **Overview** **1**

by Juzhong Zhuang and Pradumna B. Rana

1.1 Introduction	1
1.2 Key Findings	2
1.3 Policy Implications	6
References	7

---

## CHAPTER 2

### **Theories of Currency and Banking Crises: A Literature Review** **9**

by Stijn Claessens

2.1 Introduction	9
2.2 Theory of Currency Crises	10
2.3 Theory of Banking Crises	14
2.4 How to Prevent and Limit Financial Crises	17
References	18

---

## CHAPTER 3

### **Predicting Financial Crises: An Overview** **21**

by Morris Goldstein

3.1 Introduction	21
3.2 Broad Guidelines for an Early Warning Exercise	24
3.3 Key Methodological Issues	26

3.4 Representative Findings from the Literature	30
3.5 Extensions of and Problems with Early Warning Modeling	33
3.6 Conclusions	35
References	36

## CHAPTER 4

## **Nonparametric EWS Models of Currency and Banking Crises for East Asia** **39**

by Juzhong Zhuang

4.1 Introduction	39
4.2 Methodology	40
Dating Historical Crisis Episodes	40
Box 1: Dating Financial Crises	42
Selecting Leading Indicators	44
Box 2: IMF Financial Soundness Indicators	46
Setting Thresholds for Leading Indicators	50
Signals, Noises, and Crisis Probabilities	52
Constructing Composite Indexes	53
Predicting Crises	54
4.3 A Currency Crisis EWS Model	55
Crisis Episodes	56
Selected Leading Indicators	59
Composite Indexes and Crisis Probabilities	66
Predicting Currency Crises in Sample	70
4.4 A Banking Crisis EWS Model	72
Crisis Episodes	72
Selected Leading Indicators	74
Composite Indexes and Crisis Probabilities	79
Predicting Banking Crises in Sample	83
4.5 Predicting the 1997 Asian Financial Crisis—	
Out-of-Sample Evaluations	83
The Currency Crisis EWS Model	86
The Banking Crisis EWS Model	96
4.6 Summary and Conclusions	108
The Currency Crisis EWS Model	108
The Banking Crisis EWS Model	109
Areas for Further Work	110
References	113
Appendix 4.1: Currency Crisis Episodes and Predicted Crisis Probabilities—Alternative Models	116
Appendix 4.2: Data Sources	120

## **A Parametric EWS Model of Currency Crises for East Asia** **123**

by Younghoon Koo, Chang Seok Oh, Hyunsoo Joo, Seungjae Lee,  
and Jose Antonio Tan III

5.1 Introduction	123
5.2 A Parametric EWS Model	125
Discrete Choice Models Using Panel Data	125
Constructing the Dependent Variable	126
Selection of Explanatory Variables	127
Performance Evaluation	127
5.3 Estimation Results	129
5.4 Assessing In-Sample Predictive Performance	130
5.5 Comparison with the DCSD and DCSD-Type Models	133
Comparison with the DCSD Model	134
Comparison with the DCSD-Type Model	134
5.6 Predicting the 1997 Asian Financial Crisis	139
5.7 Summary and Conclusions	141
References	142
Appendix 5.1: Currency Crisis Episodes and Predicted Crisis Probabilities	144
