CONTENTS

Contributors to the Volume .............................................. 9
Acknowledgements .......................................................... 13
Professor K.L. Krishna: A Tribute ........................................ 15
Introduction ......................................................................... 17

1. Shifts in Industrial Policy Paradigm
   C. RANGARajan ............................................................ 23

Part 1
Indian Industrialisation: Technical Efficiency
and Total Factor Productivity

2. Productivity Growth in Indian Manufacturing
   in the 1980s and 1990s
   BISHWANATH GOLDAR .................................................. 31

3. Technical Efficiency of State Owned Enterprises
   in China (1980-1989): An Assessment of
   the Economic Reforms
   SUBHASH C. RAY • ZHANG PING ...................................... 55

4. Determinants of Firm-level Technological Change
   in the Indian Small-scale Industries:
   A Case Study of Garment Industry
   T.A. BHAVANI ............................................................... 81

5. Productivity Growth in Indian Engineering Industries
   During Pre-Reform and Post-Reform Period:
   An Analysis at Company Level
   ANITA KUMARI ............................................................ 107
6. Domestic Capacity Utilisation and Import of Capital Goods: Substitutes or Complementary? Evidence From Indian Capital Goods Sector
ABDUL AZEEZ E ......................................................... 141

Part 2
Urbanisation, Employment and Infrastructural Issues for Indian Industries

7. Industrialisation, Urbanisation and Poverty
EDWIN S. MILLS .......................................................... 159

8. Industry-Urban Nexus, Employment and Poverty: A Quantitative Assessment
ARUP MITRA • PRASAD SANKAR BHATTACHARYA .......... 185

9. Employment Growth in Factory Manufacturing Sector During Pre- and Post-Reform Periods
SURESH D. TENDULKAR ................................................ 207

10. Institutional Environment and Development of Information and Communication Technology in India
K. LAL ................................................................. 225

11. Infrastructure Projects: Estimation and Mitigation of Contingent Fiscal Liabilities
SANJEEVAN KAPSHE ................................................. 253

Part 3
Trade and Indian Industrialisation

12. Trade Liberalisation and Industrial Performance: A Disaggregated View of Indian Manufacturing in the 1990s
ISHER JUDGE AHLUWALIA ........................................... 271
13. Do Trade Restrictions Distort Domestic Relative-Price Ratio?
HIRANYA MUKHOPADHYAY ................................. 305

DEB KUSUM DAS, ............................................. 321

15. Persistence in India's Manufactured Export Performance
SAIKAT SINHA ROY ............................................. 349

Part 4
MNC and Technology Transfer in Indian Industries

16. Foreign Direct Investment, Technology Transfer and Growth
V.N. BALASUBRAMANYAM • DAVID SAPSFORD, .............. 373

17. Liberalisation, Outward Orientation and In-house R&D Activity of Multinational and Local Firms: A Quantitative Exploration for Indian Manufacturing
NAGESH KUMAR • ARADHNA AGARWAL, ................. 409

18. Technology Acquisition and Export Competitiveness: Evidence from Indian Automobile Industry
K. NARAYANAN ................................................. 439

19. R&D, Import of Technology and Trade Intensities: A Simultaneous Equation Micro-level Examination
NEELAM SINGH .................................................. 471

20. Inter-source FDI Differences in Technology Transfer Behaviour: A Comparison of US and Japanese FDI in Indian Manufacturing
K.U. UMAKRISHNAN ............................................. 493
Part 5

Indian Industry and Environment

21. Policy Options for Prevention and Control of Industrial Pollution in India
   U. SANKAR, ................................................................. 531

22. Measuring Productivity of Natural Capital
   M.N. MURTY • SURENDER KUMAR, .......................... 563

23. Economies of Scale in Water Pollution Abatement: A Case of Small-Scale Factories in an Industrial Estate in India
   SMITA MISRA, ................................................................. 533

24. Prospects of Market for Water Pollution in India: A Study Based on Selected Dirty Industries
   SARMILA BANERJEE • SIMANTI BANERJEE, ................. 617
