# Brief Contents

## An Introduction to Economics

### Part 1

#### Economics: The Science of Scarcity

- Chapter 1 What Economics Is About 1
- Appendix A Working with Diagrams 23
- Appendix B Should You Major in Economics 32
- Chapter 2 Economic Activities: Producing and Trading 39
- Chapter 3 Supply and Demand: Theory 63

## Macroeconomics

### Part 2

#### Macroeconomic Fundamentals

- Chapter 4 Macroeconomic Measurements 95

### Part 3

#### Macroeconomic Stability and Instability

- Chapter 5 Aggregate Demand and Aggregate Supply 119
- Chapter 6 The Self-Regulating Economy 145
- Chapter 7 Economic Instability: A Critique of the Self-Regulating Economy 164

### Part 4

#### Money and Banking, Fiscal Policy, Monetary Policy

- Chapter 8 Money, Banking, and the Federal Reserve 190
- Chapter 9 Money, the Price Level, and Interest Rates 213
- Chapter 10 Monetary Policy and Fiscal Policy 233

### Part 5

#### Expectations and Growth

- Chapter 11 Expectations Theory and the Economy 258
- Chapter 12 Economic Growth 278

## Microeconomics

### Part 6

#### Microeconomic Fundamentals

- Chapter 13 Elasticity 295
- Chapter 14 Consumer Choice: Maximizing Utility and Behavioral Economics 319
- Chapter 15 Production and Costs 338

### Part 7

#### Product Markets

- Chapter 16 Perfect Competition 361
- Chapter 17 Monopoly 385
- Chapter 18 Monopolistic Competition and Oligopoly 405

### Part 8

#### Factor Markets and Related Issues

- Chapter 19 Factor Markets 430
- Chapter 20 Interest, Rent, and Profit 452
- Chapter 21 The Distribution of Income and Poverty 469

### Part 9

#### Market Failure and Public Choice

- Chapter 22 Market Failure: Externalities and Public Goods 490
- Chapter 23 Public Choice 511

## The World Economy

### Part 10

#### International Economics: Theory and Policy

- Chapter 24 International Trade and Finance 527

Self-Test Appendix 559

Glossary 573

Index 581

### FEATURES

#### Economics in Everyday Life:

Blogging 8

#### Economics in Popular Culture:

Why LeBron James Isn't in College 9

### Preface xxxiii

### Student Learning Guide xxxix

## An Introduction to Economics

### Part 1: Economics: The Science of Scarcity

#### What Economics Is About 1

Definitions of Economics 2

Economic Categories 2

*Positive and Normative Economics* 3 *Microeconomics and Macroeconomics* 3

Key Concepts in Economics 4

*Thinking in Terms of Scarcity and its Effects* 4 *Thinking in Terms of Opportunity Cost* 6

*Thinking in Terms of Costs and Benefits* 8 *Thinking in Terms of Efficiency* 10

*Thinking in Terms of Unintended Effects* 12 *Thinking in Terms of Equilibrium* 13

*Thinking in Terms of the Ceteris Paribus Assumption* 14 *Thinking in Terms of the Difference*

*Between Association and Causation* 15 *Thinking in Terms of the Difference Between the Group and Individual* 15

Economists Build and Test Theories 16

*What Is a Theory?* 16 *Building and Testing a Theory* 17

A Reader Asks 19

Chapter Summary 20

Key Terms and Concepts 21

Questions and Problems 21

#### Appendix A: Working with Diagrams 23

Two-Variable Diagrams 23

Slope of a Line 24

Slope of a Line Is Constant 24

Slope of a Curve 26

The 45° Line 26

Pie Charts 27

Bar Graphs 27

Line Graphs 28

Appendix Summary 30

Questions and Problems 30

#### Appendix B: Should You Major in Economics? 32

Five Myths About Economics and an Economics Major 33

What Awaits You as an Economics Major? 35

What Do Economists Do? 36

Places to Find More Information 37

Concluding Remarks 38

## chapter 2

### FEATURES

#### **Economics in Everyday Life:**

Liberals, Conservatives, and the PPF 46

#### **Economics in Popular Culture:**

Elvis, Comparative Advantage, and Specialization 53

#### **Economics in Popular Culture:**

Jerry Seinfeld, the Doorman, and Adam Smith 54

## chapter 3

### FEATURES

#### **Economics in the World:**

U4E (((H))) ^5

Yours Forever, Big Hug, High Five 67

#### **Economics in Everyday Life:**

Getting to Class on Time 73

#### **Economics in Everyday Life:**

Supply and Demand on a Freeway 89

### **Economic Activities: Producing and Trading 39**

The Production Possibilities Frontier 40

*The Straight-Line PPF: Constant Opportunity Costs 40 The Bowed-Outward (Concave-Downward) PPF: Increasing Opportunity Costs 41 Law of Increasing Opportunity Costs 42 Economic Concepts Within a PPF Framework 43*

Trade or Exchange 47

*The Purpose of Trade 47 Periods Relevant to Trade 47 Trade and the Terms of Trade 48 Costs of Trades 48*

Production, Trade, and Specialization 50

*Producing and Trading 50 Profit and a Lower Cost of Living 52*

Producing, Trading, and Economic Systems 55

Property Rights 58

A Reader Asks 60

Chapter Summary 60

Key Terms and Concepts 61

Questions and Problems 61

Working With Numbers and Graphs 62

### **Supply and Demand: Theory 63**

A Note About Theory 64

Demand 64

*The Law of Demand 64 Four Ways to Represent the Law of Demand 65 Absolute and Relative Price 66 Why Quantity Demanded Goes Down as Price Goes Up 66 Individual Demand Curve and Market Demand Curve 67 A Change in Quality Demanded Versus a Change in Demand 68 What Factors Cause the Demand Curve to Shift 70*

Supply 73

*The Law of Supply 74 Why Most Supply Curves Are Upward-Sloping 74 The Market Supply Curve 75 Changes in Supply Mean Shifts in Supply Curves 75 What Factors Cause the Supply Curve to Shift? 75*

The Market: Putting Supply and Demand Together 79

*Supply and Demand at Work at an Auction 79 The Language of Supply and Demand: A Few Important Terms 80 Moving to Equilibrium: What Happens to Price When There Is a Surplus or Shortage 80 Speed of Moving to Equilibrium 80 Moving to Equilibrium: Maximum and Minimum Prices 82 Equilibrium in Terms of Consumers' and Producers' Surplus 83 What Can Change Equilibrium Price and Quantity? 84*

Price Controls 86

*Price Ceiling: Definition and Effects 86 Do Buyers Prefer Lower Prices to Higher Prices? 89 Price Floor: Definition and Effects 90 Surpluses 90 Fewer Exchanges 90*

A Reader Asks 91

Chapter Summary 91

Key Terms and Concepts 92

Questions and Problems 92

Working With Numbers and Graphs 93

# chapter 4

## FEATURES

### Economics in Popular Culture:

Who Earned More as President:  
John F. Kennedy or George W. Bush? 101

### Economics in the World:

What Explains the Increasing Percentage of  
Women in the Labor Force? 103

### Economics in Everyday Life:

Does the State of the Economy Influence  
How People Vote? 112

# chapter 5

## FEATURES

### Economics in Everyday Life:

Looking at Consumption 125

### Economics in Popular Culture:

Aggregate Demand, the Great Depression,  
and Scrabble 137

## Macroeconomics

### Part 2: Macroeconomic Fundamentals

#### Macroeconomic Measurements 95

Macroeconomic Measurements 96

Measuring Prices 96

*Measuring Prices Using the CPI 96 Inflation and the CPI 98 GDP Implicit Price  
Deflator 99 Converting Dollars From One Year to Another 99*

Measuring Unemployment 100

*Who Are the Unemployed? 100 The Unemployment and Employment Rates 102 Types of  
Unemployment 104 What Is Full Employment? 104 Cyclical Unemployment 105*

Gross Domestic Product 105

*Three Ways to Compute GDP 105 What GDP Omits 107 Is Either GDP or Per Capita GDP  
a Measure of Happiness or Well-Being? 108*

The Expenditure Approach To Computing GDP For A Real-World Economy 109

*Expenditures in a Real-World Economy 109 Computing GDP Using the Expenditure  
Approach 110*

Real GDP 111

*Why We Need Real GDP 111 Computing Real GDP 111 The General Equation for Real  
GDP 113 What Does It Mean if Real GDP Is Higher in One Year Than in Another Year? 113  
Real GDP, Economic Growth, and Business Cycles 113*

A Reader Asks 115

Chapter Summary 116

Key Terms and Concepts 117

Questions and Problems 117

Working With Numbers and Graphs 117

### Part 3: Macroeconomic Stability and Instability

#### Aggregate Demand and Aggregate Supply 119

The Two Sides to an Economy 120

Aggregate Demand 120

*Why Does the Aggregate Demand Curve Slope Downward? 120 A Change in the Quantity  
Demanded of Real GDP Versus a Change in Aggregate Demand 121 Changes in Aggregate  
Demand—Shifts in the AD Curve 122 How Spending Components Affect Aggregate  
Demand 122 Factors That Can Change C, I, G, and Therefore Can Change AD 123  
The Interest Rate and the Loanable Funds Market 127 Can a Change in the Money Supply  
Change Aggregate Demand? 130*

Short-Run Aggregate Supply 130

*Short-Run Aggregate Supply Curve: What It Is and Why It Is Upward-Sloping 131 What Puts  
the "Short-Run" In SRAS? 132 Changes in Short-Run Aggregate Supply—Shifts in the SRAS  
Curve 132*

Putting AD and SRAS Together: Short-Run Equilibrium 134

*How Short-Run Equilibrium In the Economy Is Achieved 134 The Unemployment Rate in the  
Short Run 135 Thinking in Terms of Short-Run Equilibrium Changes in the Economy 138*

Long-Run Aggregate Supply 139

*Going From the Short Run to the Long Run 139 Short-Run Equilibrium, Long-Run  
Equilibrium, and Disequilibrium 140*

# chapter 6

## FEATURES

### Economics in Technology:

The Natural Unemployment Rate, Technology, and Policy Errors 158

# chapter 7

## FEATURES

### Economics in Popular Culture:

The Multiplier Goes on Spring Break 175

A Reader Asks 141  
Chapter Summary 142  
Key Terms and Concepts 143  
Questions and Problems 143  
Working With Numbers and Graphs 143

## The Self-Regulating Economy 145

The Classical View 146  
*Classical Economists and Say's Law* 146 *Classical Economists and Interest Rate Flexibility* 147 *Classical Economists on Prices and Wages* 149

Three States of the Economy 149  
*Real GDP and Natural Real GDP: Three Possibilities* 150 *The Labor Market and the Three States of the Economy* 151 *One Nagging Question: How Can the Unemployment Rate Be Less Than the Natural Unemployment Rate?* 153

The Self-Regulating Economy 154  
*What Happens if the Economy Is in a Recessionary Gap?* 154 *What Happens if the Economy Is in an Inflationary Gap?* 155 *The Self-Regulating Economy: A Recap* 156 *Policy Implication of Believing the Economy Is Self-Regulating* 157 *Changes in a Self-Regulating Economy: Short Run and Long Run* 158

A Reader Asks 160  
Chapter Summary 161  
Key Terms and Concepts 161  
Questions and Problems 161  
Working With Numbers and Graphs 162

## Economic Instability: A Critique of the Self-Regulating Economy 164

Questioning the Classical Position 165  
*Keynes's Criticism of Say's Law in a Money Economy* 165 *Keynes on Wage Rates* 166 *New Keynesians and Wage Rates* 167 *Keynes on Prices* 168 *Is It a Question of the Time It Takes for Wages and Prices to Adjust?* 169

The Simple Keynesian Model 170  
*Assumptions* 170 *The Consumption Function* 171 *Consumption and Saving* 172 *The Multiplier* 173 *The Multiplier and Reality* 175

The Simple Keynesian Model in the AD-AS Framework 176  
*Shifts in the Aggregate Demand Curve* 176 *The Keynesian Aggregate Supply Curve* 176 *The Economy in a Recessionary Gap* 178 *Government's Role in the Economy* 178 *The Theme of the Simple Keynesian Model* 179

The Simple Keynesian Model in the TE-TP Framework 180  
*Deriving a Total Expenditures (TE) Curve* 180 *What Will Shift the TE Curve?* 180 *Comparing Total Expenditures (TE) and Total Production (TP)* 180 *Moving From Disequilibrium to Equilibrium* 182 *The Graphical Representation of the Three States of Economy in the TE-TP Framework* 183 *The Economy in a Recessionary Gap and the Role of Government* 184 *The Theme of the Simple Keynesian Model* 185

A Reader Asks 186  
Chapter Summary 186  
Key Terms and Concepts 187  
Questions and Problems 187  
Working With Numbers and Graphs 188

# chapter 8

## FEATURES

### Economics in Everyday Life:

English and Money 193

### Economics in the World:

Is Money the Best Gift? 194

### Economics in Popular Culture:

Economics on the Yellow Brick Road 196

# chapter 9

## FEATURES

### Economics in the World:

Money and Inflation 217

### Economics in Popular Culture:

The California Gold Rush, or an Apple for \$72 219

# chapter 10

## FEATURES

### Economics in Everyday Life:

JFK and the 1964 Tax Cut 246

### Economics in Everyday Life:

How Far Does Monetary Policy Reach? Or, Monetary Policy and Blue Eyes 248

### Economics in Everyday Life:

Asset-Price Inflation 253

## Part 4: Money and Banking, Fiscal Policy, Monetary Policy

### Money, Banking, and the Federal Reserve 190

Money: What Is It And How Did It Come To Be? 191

*Money: A Definition* 191 *Three Functions of Money* 191 *From a Barter to a Money Economy: The Origins of Money* 192

Defining the Money Supply 194

*M1* 194 *M2* 195 *Where Do Credit Cards Fit In?* 195

The Money Creation Process 197

*The Federal Reserve System* 197 *The Bank's Reserves and More* 197 *The Banking System and the Money Expansion Process* 198 *Why Maximum? Answer: No Cash Leakages and Zero Excess Reserves* 201 *Who Created What?* 201 *It Works In Reverse: The "Money Destruction" Process* 202

The Federal Reserve System 204

*Open Market Operations* 204 *The Required Reserve Ratio* 206 *The Discount Rate* 207

A Reader Asks 209

Chapter Summary 209

Key Terms and Concepts 210

Questions and Problems 210

Working With Numbers and Graphs 211

### Money, the Price Level, and Interest Rates 213

Money and the Price Level 214

*The Equation of Exchange* 214 *From the Equation of Exchange to the Simple Quantity Theory of Money* 215 *The Simple Quantity Theory of Money in an AD-AS Framework* 216 *Dropping the Assumptions That V and Q Are Constant* 219

Monetarism 220

*Monetarist Views* 220 *Monetarism and AD-AS* 221 *The Monetarist View of the Economy* 223

Money and Interest Rates 224

*What Economic Variables Are Affected by a Change in the Money Supply?* 224 *The Money Supply, the Loanable Funds Market, and Interest Rates* 225 *So, What Happens to the Interest Rate as the Money Supply Changes?* 228 *The Nominal and Real Interest Rates* 229

A Reader Asks 230

Chapter Summary 231

Key Terms and Concepts 232

Questions and Problems 232

Working With Numbers and Graphs 232

### Monetary Policy and Fiscal Policy 233

Government Policies and the Economy 234

Fiscal Policy 234

*Some Relevant Fiscal Policy Terms* 234 *Two Important Notes* 234

Demand-Side Fiscal Policy 234

*Shifting the Aggregate Demand Curve* 235 *Fiscal Policy: A Keynesian Perspective* 235 *Crowding Out: Questioning Expansionary Fiscal Policy* 236 *The New Classical View of Fiscal Policy* 238 *Lags and Fiscal Policy* 240 *Crowding Out, Lags, and the Effectiveness of Fiscal Policy* 242

# chapter 11

## FEATURES

### Economics in Technology:

Turning the Unanticipated into the Anticipated 267

### Economics in Everyday Life:

Rational Expectations in the College Classroom 271

### Economics in Popular Culture:

The Boy Who Cried Wolf (And the Townspeople With Rational Expectations) 273

# chapter 12

## FEATURES

### Economics in Technology:

How Economizing on Time Can Promote Economic Growth 285

### Economics in Everyday Life:

Religious Beliefs and Economic Growth 288

### Economics in Everyday Life:

Professors, Students, and Ideas 291

Supply-Side Fiscal Policy 242

*Marginal Tax Rates and Aggregate Supply* 242 *The Laffer Curve: Tax Rates and Tax Revenues* 243

Monetary Policy 245

Monetary Policy and the Problem of Inflationary and Recessionary Gaps 245

Monetary Policy and the Activist-Nonactivist Debate 247

*The Case for Activist (or Discretionary) Monetary Policy* 249 *The Case for Nonactivist (or Rules-Based) Monetary Policy* 249

Nonactivist Monetary Proposals 251

*A Constant-Money-Growth-Rate Rule* 251 *A Predetermined-Money-Growth-Rate Rule* 252  
*The Fed and the Taylor Rule* 252

A Reader Asks 254

Chapter Summary 255

Key Terms and Concepts 256

Questions and Problems 256

Working With Numbers and Graphs 256

## Part 5: Expectations and Growth

### Expectations Theory and the Economy 258

Phillips Curve Analysis 259

*The Phillips Curve* 259 *Samuelson and Solow: The Phillips Curve Is Americanized* 260

The Controversy Begins: Are There Really Two Phillips Curves? 260

*Things Aren't Always as We Thought* 260 *Friedman and the Natural Rate Theory* 260  
*How Do People Form Their Expectations?* 263

Rational Expectations and New Classical Theory 265

*Rational Expectations* 265 *Do People Anticipate Policy?* 265 *New Classical Theory: The Effects of Unanticipated and Anticipated Policy* 266 *Policy Ineffectiveness Proposition (PIP)* 268 *Rational Expectations and Incorrectly Anticipated Policy* 268  
*How To Fall Into a Recession Without Really Trying* 269

New Keynesians and Rational Expectations 271

Looking At Things From The Supply Side: Real Business Cycle Theorists 272

A Reader Asks 274

Chapter Summary 275

Key Terms and Concepts 276

Questions and Problems 276

Working With Numbers and Graphs 276

### Economic Growth 278

A Few Basics About Economic Growth 279

*Do Economic Growth Rates Matter?* 279 *Growth Rates In Selected Countries* 279  
*Two Types of Economic Growth* 280 *Economic Growth and the Price Level* 282

What Causes Economic Growth? 282

*Natural Resources* 283 *Labour* 283 *Capital* 283 *Technological Advances* 284 *Free Trade as Technology* 284 *Property Rights Structure* 285 *Economic Freedom* 285 *Policies to Promote Economic Growth* 286 *Economic Growth and Special Interest Groups* 287

New Growth Theory 289

*What Was Wrong With the Old Theory? Or, What's New With New Growth Theory?* 289  
*Discovery, Ideas, and Institutions* 290 *Expanding Our Horizons* 290

# chapter 13

## FEATURES

### Economics in Everyday Life:

Drug Busts and Crime 302

### Economics in Everyday Life:

Will High Taxes on Cigarettes Reduce Smoking? 304

### Economics in Popular Culture:

Why Do Companies Hire Celebrities? 309

# chapter 14

## FEATURES

### Economics in the World:

Cuban Cigars 323

### Economics in Everyday Life:

How You Pay for Good Weather 328

A Reader Asks 292  
Chapter Summary 292  
Key Terms and Concepts 293  
Questions and Problems 293  
Working With Numbers and Graphs 294

## Microeconomics

### Part 6: Microeconomic Fundamentals

#### Elasticity 295

Elasticity: Part 1 296

*Price Elasticity of Demand 296 Elasticity Is Not Slope 297 From Perfectly Elastic to Perfectly Inelastic Demand 298 Price Elasticity of Demand and Total Revenue (Total Expenditure) 300*

Elasticity: Part 2 303

*Price Elasticity of Demand Along a Straight-Line Demand Curve 303 Determinants of Price Elasticity of Demand 305*

Other Elasticity Concepts 308

*Cross Elasticity of Demand 308 Income Elasticity of Demand 310 Price Elasticity of Supply 311 Price Elasticity of Supply and Time 312 The Relationship Between Taxes and Elasticity 313*

A Reader Asks 316

Chapter Summary 316

Key Terms and Concepts 317

Questions and Problems 317

Working With Numbers and Graphs 318

#### Consumer Choice: Maximizing Utility and Behavioral Economics 319

Utility Theory 320

*Utility, Total and Marginal 320 Law of Diminishing Marginal Utility 320 The Millionaire and the Pauper: What Law Says and Doesn't Say 323 The Solution to the Diamond-Water Paradox 324 Is Gambling Worth the Effort? 324*

Consumer Equilibrium and Demand 325

*Equating Marginal Utilities per Dollar 325 Consumer Equilibrium and the Law of Demand 326 Income and Substitution Effects 327 Should the Government Provide the Necessities of Life for Free? 329*

Behavioral Economics 331

*Are People Willing to Reduce Others' Incomes? 331 Is \$1 Always \$1? 332 Coffee Mugs and the Endowment Effect 333 Does the Endowment Effect Hold Only for New Traders? 334*

A Reader Asks 335

Chapter Summary 335

Key Terms and Concepts 336

Questions and Problems 336

Working With Numbers and Graphs 337

# chapter 15

## FEATURES

### Economics in Everyday Life:

High School Students and Staying Out Late, and More 347

### Economics in the World:

What Matters to Global Competitiveness? 353

# chapter 16

## FEATURES

### Economics in Popular Culture:

What Do Audrey Hepburn, Lucille Ball, and Bugs Bunny Have in Common? 374

### Economics in Everyday Life:

Do Churches Compete? 375

## Production and Costs 338

The Firm's Objective: Maximizing Profit 339

*Accounting Profit Versus Economic Profit 339 Zero Economic Profit Is Not so Bad as It Sounds 340*

Production 341

*Production in the Short Run 342 Marginal Physical Product and Marginal Cost 343 Average Productivity 346*

Costs of Production: Total, Average, Marginal 346

*The AVC and ATC Curves in Relation to the MC Curve 349 Tying Short-Run Production to Costs 351 One More Cost Concept: Sunk Cost 351*

Production and Costs in the Long Run 355

*Long-Run Average Total Cost Curve 355 Economics of Scale, Diseconomies of Scale, and Constant Returns to Scale 356 Why Economies of Scale? 357 Why Diseconomies of Scale? 357*

Shifts in Cost Curves 357

*Taxes 357 Input Prices 357 Technology 358*

A Reader Asks 358

Chapter Summary 358

Key Terms and Concepts 359

Questions and Problems 359

Working With Numbers and Graphs 360

## Part 7: Product Markets

### Perfect Competition 361

Market Structures 362

The Theory of Perfect Competition 362

*A Perfectly Competitive Firm Is a Price Taker 362 The Demand Curve for a Perfectly Competitive Firm is Horizontal 363 The Marginal Revenue Curve of a Perfectly Competitive Firm Is the Same as Its Demand Curve 364 Theory and Real-World Markets 365*

Perfect Competition in the Short Run 366

*What Level of Output Does the Profit-Maximizing Firm Produce? 366 The Perfectly Competitive Firm and Resource Allocative Efficiency 367 To Produce or Not to Produce: That Is the Question 368 The Perfectly Competitive Firm's Short-Run Supply Curve 371 From Firm to Market (Industry) Supply Curve 371 Why Is the Market Supply Curve Upward-Sloping? 371*

Perfect Competition in the Long Run 373

*The Conditions of Long-Run Competitive Equilibrium 373 The Perfectly Competitive Firm and Productive Efficiency 375 Industry Adjustment to an Increase in Demand 375 What Happens as Firms Enter an Industry in Search of Profits? 378 Industry Adjustment to a Decrease in Demand 379 Differences in Cost, Differences in Profits: Now You See It, Now You Don't 380 Profit and Discrimination 381*

A Reader Asks 382

Chapter Summary 382

Key Terms and Concepts 383

Questions and Problems 383

Working With Numbers and Graphs 384

# chapter 17

## FEATURES

### Economics in Everyday Life:

Monopoly and the Boston Tea Party 388

### Economics in Everyday Life:

Amazon and Price Discrimination 400

### Economics in Everyday Life:

Why Do District Attorneys Plea Bargain? 402

# chapter 18

## FEATURES

### Economics in Everyday Life:

How Is a New Year's Resolution Like a Cartel Agreement? 414

### Economics in Everyday Life:

An Economic Theory of the Mafia 421

### Economics in Technology:

The Industry Standard Path to Monopoly 422

The Theory of Monopoly 386

*Barriers to Entry: A Key to Understanding Monopoly 386 What Is the Difference Between a Government Monopoly and a Market Monopoly? 387*

Monopoly Pricing and Output Decisions 388

*The Monopolist's Demand and Marginal Revenue 388 The Monopolist's Demand and Marginal Revenue Curves Are Not the Same: Why Not? 390 Price and Output for a Profit-Maximizing Monopolist 390 If a Firm Maximizes Revenue, Does It Automatically Maximize Profit Too? 391*

Perfect Competition and Monopoly 393

*Price, Marginal Revenue, and Marginal Cost 393 Monopoly, Perfect Competition, and Consumers' Surplus 393 Monopoly or Nothing 394*

The Case Against Monopoly 395

*The Deadweight Loss of Monopoly 395 Rent Seeking 396 X-Inefficiency 397*

Price Discrimination 398

*Types of Price Discrimination 398 Why a Monopolist Wants to Price Discriminate 398 Conditions of Price Discrimination 399 Moving to P5MC Through Price Discrimination 399 You Can Have the Comics, Just Give Me the Coupons 401*

A Reader Asks 403

Chapter Summary 403

Key Terms and Concepts 404

Questions and Problems 404

Working With Numbers and Graphs 404

## Monopolistic Competition and Oligopoly 405

The Theory of Monopolistic Competition 406

*The Monopolistic Competitor's Demand Curve 406 The Relationship Between Price and Marginal Revenue for a Monopolistic Competitor 406 Output, Price, and Marginal Cost for the Monopolistic Competitor 406 Will There Be Profits in the Long Run? 407 Excess Capacity: What Is It, and Is It "Good" or "Bad"? 408 The Monopolist Competitor and Two Types of Efficiency 409 Advertising and Designer Labels 409*

Oligopoly: Assumptions and Real-World Behavior 410

Price and Output Under Three Oligopoly Theories 411

*The Cartel Theory 411 The Kinked Demand Curve Theory 413 The Price Leadership Theory 415*

Game Theory, Oligopoly, and Contestable Markets 417

*Prisoner's Dilemma 417 Oligopoly Firms, Cartels, and Prisoner's Dilemma 419 Are Markets Contestable? 420*

A Review of Market Structures 423

Applications of Game Theory 424

*Grades and Partying 424 The Arms Race 425 Speed Limit Laws 426*

A Reader Asks 427

Questions and Problems 428

Working With Numbers and Graphs 429

# chapter 19

## FEATURES

### Economics in the World:

Why Jobs Don't Always Move to the Low-Wage Country 440

### Economics in Technology:

How May Crime, Outsourcing, and Multitasking Be Related? 441

### Economics in Everyday Life:

What Is the Wage Rate for a Street-Level Pusher in a Drug Gang? 446

# chapter 20

## FEATURES

### Economics in Popular Culture:

Lotteries, Art, and Old Age 459

### Economics in Everyday Life:

Is the Car Worth Buying? 460

### Economics in Everyday Life:

What Does Present Value Have to Do With a Divorce? 461

## Part 8: Factor Markets and Related Issues

### Factor Markets 430

#### Factor Markets 431

*The Demand for a Factor* 431 *Marginal Revenue Product: Two Ways to Calculate It* 431  
*The MRP Curve Is the Firm's Factor Demand Curve* 432 *Value Marginal Product* 433  
*An Important Question: Is  $MRP = VMP$ ?* 433 *Marginal Factor Cost* 433 *How Many Units of a Factor Should a Firm Buy?* 435 *When There Is More Than One Factor, How Much of Each Factor Should the Firm Buy?* 436

#### The Labor Market 437

*Shifts In a Firm's MRP, or Factor Demand, Curve* 437 *Market Demand for Labor* 438 *Market Supply of Labor* 442 *An Individual's Supply of Labor* 442 *Shifts In the Labor Supply Curve* 443 *Putting Supply and Demand Together* 443 *Why Do Wage Rates Differ?* 444 *Why Demand and Supply Differ In Different Labor Markets* 445 *Why Did You Choose the Major That You Chose?* 446

#### Labor Markets and Information 447

*Screening Potential Employees* 447 *Promoting From Within* 448 *Is It Discrimination or Is It an Information Problem?* 448
