## Part 1: The nature of the enemy

1. The Rand Portcullis and post-autistic economics
   *Edward Fullbrook*  
   Page 13

2. The social and intellectual organization and construction of economics
   *Kyle Siler*  
   Page 27

3. Psychological autism, institutional autism and economics
   *James G Devine*  
   Page 35

4. Why neoclassical economics explains nothing at all
   *Steve Fleetwood*  
   Page 45

5. A science too human? Economics
   *Bernard Guerrien*  
   Page 53

6. Economics: the disappearing science?
   *Alan Shipman*  
   Page 63

## Part 2: The faux Nobel Prize

7. Beautiful mind, non-existent prize
   *Yves Gingras*  
   Page 71

8. An igNobel scandal
   *Alex Millmow*  
   Page 77

9. The Nobel Prize in economics – a barrier to new thinking
   *Peter Süderbaum*  
   Page 81

## Part 3: Realism versus illusion

10. Seven theses for a theory of realist economics
    *Jacques Sapir*  
    Page 87
11. How reality ate itself: orthodoxy, economy and trust  
   *Jamie Morgan*  
   105

12. Towards a realistic epistemology for economics  
   *Claude Mouchot*  
   115

13. Neutrality is overrated  
   *Juan Pablo Pardo-Guerra*  
   123

14. Economic history and the rebirth of respectable characters  
   *Stephen T Ziliak*  
   127

15. Revisiting *The Crisis of Vision in Modern Economic Thought*  
   *Robert Heilbroner and William Milberg*  
   135

16. Modernist and pre-modernist explanation in economics  
   *Kevin Quinn*  
   139

17. Game Theory: A refinement or an alternative to neo-classical economics?  
   *Matthew McCartney*  
   151

18. Towards a post-autistic managerial economics  
   *Sashi Sriramkrishna*  
   163

**Part 4: Pluralism versus monism**

19. Three arguments for pluralism in economics  
   *JE King*  
   171

20. Pleas for pluralism  
   *Esther-Mirjam Sent*  
   177

21. 'Efficiency': whose efficiency?  
   *Richard Wolff*  
   185

**Part 5: Saving the planet from neoclassical economics**

22. The 'illth' of nations and the fecklessness of policy: an ecological economist's perspective  
   *Herman E. Daly*  
   191

23. Ecological economics is post-autistic  
   *Robert Costanza*  
   199

24. Priceless benefits, costly mistakes: what's wrong with cost-benefit analysis?  
   *Frank Ackerman*  
   205

25. Is GDP a good measure of economic progress?  
   *Olivier Vaury*  
   215

26. Living in an affluent society: it is so 'more-ish'  
   *Shaun Hargreaves Heap*  
   221
Part 6: Case histories

27. Kicking away the ladder
   *Ha-Joon Chang*

28. Japan, refutation of neoliberalism
   *Robert Locke*

29. Liberalisation and social structure: the case of labour intensive export growth in South Asia
   *Matthew McCartney*

30. Policy relevance in the Latin American School of Economics
    *Ana Maria Bianchi*

31. Driving a car with no steering wheel and no road map: Neoclassical discourse and the case of India
    *Matthew McCartney*

32. Dynamic versus static efficiency
    *Matthew McCartney*

Part 7: Is anything worth keeping in microeconomics?

33. Is anything worth keeping in standard microeconomics?
    *Bernard Guerrien*

34. In defence of basic economic reasoning
    *Bruce J Caldwell*

35. Doctrine-centred versus problem-centred economics
    *Peter Dorman*

36. Yes, there is something worth keeping in microeconomics
    *Deirdre McCloskey*

37. Response to Guerrien’s essay
    *Jacques Sapir*

38. Theoretical substance should take priority over technique
    *Geoffrey M Hodgson*

39. Two perspectives to Guerrien’s question
    *Steve Keen*

40. Superior analysis requires recognition of complexity
    *Anne Mayhew*

41. What should be retained from standard microeconomics
    *Julie A Nelson*

42. Comment on Guerrien’s essay
    *Geoff Harcourt*

**Part 8: Some big ideas**

47. Two feasible future scenarios: a high-tech utopia and a high-tech dystopia
   Trond Andresen

48. The political economy of destructive power
   Mehrdad Vahabi

49. Capabilities: from Spinoza to Sen and beyond
   Jorge Buzaglo

50. Thermodynamics and economics
    Dietmar Lindenberger and Reiner Kümmel

**Part 9: Putting ethics into economics**

51. Ethics In economic theory
    Charles K Wilber

52. Ethics and economic actors
    Charles K Wilber

53. Social being as a problem for an ethical economics
    Jamie Morgan

54. When social physics becomes a social problem: economics, ethics and the new order
    Juan Pablo Pardo-Guerra

55. The economist's long farewell
    Robert E Lane

**Part 10: Student voices**

56. Politics versus economics: keeping it real
    Daniel Gay

57. Form and content in neoclassical theory
    Asatar Bair
CONTENTS

58. Of textbooks: in search of method
   Nathaniel N Chamberland 457

59. Consumer sovereignty re-examined
   Goutam U Jois 463
