Executive Summary1
1 Introduction and Overview11
The Importance of HNP in Socioeconomic Development11
Significant HNP Gains but Large, Persisting Challenges13
The Bank Role in HNP Improvements in the Past Decade14
Opportunities and Challenges: The New International Environment and DAH15
A Well-Organized and Sustainable Health System: Essential to Achieve HNP Results on the Ground18
A Shift in the Driver of the Bank-Country Relationship toward High-Quality Policy Advice and Strategic Focus of Bank Lending on Structural HNP Issues22
How to Best Serve Client Countries in This New Scenario?22
Strategic Objectives: What HNP Results?25
Strategic Directions: How to Support Country Efforts to Achieve Results?26
Implementing the Bank HNP Strategy29
A Window of Opportunity for Redoubled Support for Countries' HNP Results30
2 Opportunities and Challenges in the New International Environment in Health31
A New International Environment31
The New Architecture for Development Assistance for Health35
3 Bank Contribution and Challenges in Implementing the 1997 HNP Strategy37
Bank Contribution to the New DAH Architecture38
Taking Stock of the 1997 HNP Strategy38
Lending Trends since 199739
Need to Rapidly Improve Quality Performance of HNP Portfolio41
Need for Sharper Focus of Analytic and Advisory Activities44
Imbalance in HNP Staff Trends44

4	How Can the Bank Better Serve Client Countries in the New Environment? Bank Comparative Advantages for HNP Results	47
	Bank Comparative Advantages	48
	Knowledge and Policy Advice on Public Policy to Improve Public–Private Synergies for HNP Results	48
	Providing Advice and Financing to Strengthen Health Systems for HNP Results	49
	Intersectoral Approach for Better HNP Results	53
5	New Bank Strategic Objectives: What HNP Results?	57
	Strategic Objective 1: Improve the Level and Distribution of Key HNP Outcomes, Outputs, and System Performance at Country and Global Levels to Improve Living Conditions, Particularly for the Poor and the Vulnerable	58
	Strategic Objective 2: Prevent Poverty Due to Illness (by Improving Financial Protection)	59
	Strategic Objective 3: Improve Financial Sustainability in the HNP Sector and Its Contribution to Sound Macroeconomic and Fiscal Policy and Country Competitiveness	64
	Strategic Objective 4: Improve Governance, Accountability, and Transparency in the Health Sector	66
6	New Bank Strategic Directions: How Should the Bank Support Client–Country Efforts?	69
	Strategic Direction 1: Renew Bank Focus on HNP Results	69
	Strategic Direction 2: Increase the Bank Contribution to Client–Country Efforts to Strengthen Health Systems for HNP Results	75
	Strategic Direction 3: Ensure Synergy between Health System Strengthening and Priority–Disease Interventions, Particularly in LICs	77
	Strategic Direction 4: Strengthen Bank Capacity to Advise Client Countries on an Intersectoral Approach to HNP Results	78
	Strategic Direction 5: Increase Selectivity, Improve Strategic Engagement, and Reach Agreement with Global Partners on Collaborative Division of Labor for the Benefit of Client Countries	79
7	Implications for Priority Health, Nutrition, and Population Programs and Interventions	83
	A Strong Commitment to Population, Sexual and Reproductive Health, and Maternal and Child Policy	83
	Opportunities for Sustaining, and Challenges to Improving, HNP Contributions to Combating HIV/AIDS	90
	Repositioning Nutrition to a Central Place in Development	93
8	Implementing New Bank HNP Strategic Directions	99
	Action Plan for Implementing Strategic Directions	100
	HNP Hub Mission and Organizational Changes	104
	Rebalancing Staff Skill-Mix	107
	Preliminary Estimates of Strategy Implementation Costs	107

Annexes

A	HNP Hub Action Plan and Regional Action Plans	109
	HNP Hub Action Plan	109
	Regional Action Plans	110
	Africa Region	110
	East Asia and Pacific Region	115
	Eastern Europe and Central Asia Region	119
	Latin America and the Caribbean Region	123
	Middle East and North Africa Region	127
	South Asia Region	131
B	Acknowledgments	135
C	The New Global Health Architecture	145
	Emergence of a New Global Health Architecture: Trends Since the Mid-1990s	145
	Taking Stock of HNP Financing in the World	146
	Challenges in the New Global Health Architecture	150
	From Consensus on the Problems to Coordinated Action at Country Level	154
D	The World Bank HNP Results Framework	156
E	Multisectoral Constraints Assessment for Health Outcomes	169
	Rationale I (for Countries and Country Directors)	169
	Rationale II (for the HNP Family)	169
	Objectives of the Multisectoral Constraints Assessment	170
F	What Is a Health System?	173
	A Complex System in Constant Flux	173
	Health System Functions	174
	“Systems” Thinking	177
G	World Bank Partners in Health, Nutrition, and Population	179
	Global Health Partnerships and Initiatives	179
	Process/Programs without Financial Participation	180
	Global Institutional Partners	180
	Bilaterals/Partners	181
	Foundations	181
H	HNP Contributions to Combating HIV/AIDS:	
	Background Paper to the World Bank HNP Strategy	183
	The Relationship between Health System Strengthening and Priority–Disease Approaches	184
	Overcoming Health Systems Constraints	185
	Vision for HNP Contributions to Combating AIDS	190
	The Bank’s Contribution to HIV/AIDS through Health Systems	191
	Notes	195

Bibliography	201
Index	211
Boxes	
ES.1 Healthy Development—The World Bank Strategy for Health, Nutrition, & Population Results	7
ES.2 Key Next Steps for Implementation	10
1.1 Could Elizabeth Have Been Saved? Why Health Systems Matter	19
5.1 What Are Governance and Corruption in the Health Sector?	68
6.1 Promising New Mechanism Linked to Results: Loan Buy-Downs for Polio Eradication Results in Pakistan	72
6.2 Argentina <i>Plan Nacer</i> —Health System Strengthening Built into Results-Based Lending for MCH	74
7.1 The World Bank Commitment to Reproductive Rights and Reproductive Health	85
A.1 HNP and the MIC Agenda	122
Figures	
1.1 Development Assistance for Health by Source, 2000 and 2005	16
1.2 Total Global and World Bank Commitments for HIV/AIDS, 2000, 2002, and 2004	23
2.1 Treatment of Diarrhea	34
2.2 Who Uses Public or Private Health Facilities for Acute Respiratory Infections?	34
3.1 All HNP Total Commitments, Disbursements, and New Lending, FY1997–FY2006	40
3.2 Trends in IDA/IBRD Total New Lending for HNP, All Sector Boards Managed, FY1997–FY2006	41
3.3 Project Outcomes, by Sector Board, FY2001–FY2006	42
3.4 Trends in Portfolio Riskiness, HNP Sector Board versus Bank Overall, FY1997–FY2006	43
3.5 Trends in HNP Mapped Staff, FY1997–FY2006	44
3.6 Health Staff Composition, by Specialty, FY1997	45
3.7 Health Staff Composition, by Specialty, FY2006	45
3.8 New HNP Hires, Average Age	46
3.9 Staff Trends for HNP Hub, by Category, FY1999–FY2006	46
4.1 Health System Functions and Other Determinants of Good System Performance	50
4.2 Multisectoral Determinants of Global Burden of Disease	54
5.1 Trends in Infant Mortality, by World Bank Region, 1980, 1990, 2004	59
5.2 Most Frequent Shocks Causing Household Financial Stress, Peru	60
5.3 People Fall into Poverty due to Health Expenses	61
5.4 External Expenditures on Health, Selected Countries, 1999–2003	65
5.5 External Expenditures on Health, Selected Countries, 1999–2003	66
5.6 Creating Accountability in Health	67
7.1 Fertility Trends, by Geographic Region, 1950–2005	86
7.2 Fertility Trends, Selected High-Fertility Countries, 1950–2005	88
7.3 Population Activities Expenditures as Share of Total Population Assistance, 1995–2004	89
A.1 Results Framework: An Innovations Agenda	133

C.1	Development Assistance for Health, by Source, 2000–2005	147
C.2	Net ODA as a Percent of GNI in DAC Donor Countries, 1990–2005, and Projected, 2006–2010	148
C.3	Volatility in Aid for Health, Selected Countries, 1999–2003	152

Tables

4.1	IBRD Net Staff By Sector Mapping, June 30, 2006	55
5.1	Time Series Trends in Health Expenditures, Low-Income Countries, FY1999–FY2003	61
5.2	Time Series Trends in External Expenditures for Health as Percent of Total Health Expenditures, FY1997–FY2003	62
5.3	Time Series Trends in External Expenditures for Health as Percent of Fiscal Health Expenditures, FY1997–FY2003	62
7.1	Some Characteristics of Countries According to Fertility Levels	87
7.2	<i>Nutrition Provision Rated a Top Investment by Copenhagen Consensus</i>	94
7.3	Progress toward Nonincome Poverty Target	95
8.1	Five-Year Action Plan—Renewing Focus on Results	101
8.2	Five-Year Action Plan—Strengthening Health Systems and Ensuring Synergy between Health System Strengthening and Priority–Disease Interventions	102
8.3	Five-Year Action Plan—Strengthening Bank Intersectoral Advisory Capacity	104
8.4	Five-Year Action Plan—Increasing Selectivity, Strategic Engagement, and Collaborative Division of Labor	105
A.1	Health Indicators in the Africa Region	111
A.2	Health Indicators in East Asia and Pacific Region	116
A.3	Health Indicators in the Eastern Europe and Central Asia Region	119
A.4	Health Indicators in the Latin America and the Caribbean Region	123
A.5	Health Indicators in the Middle East and North Africa Region	128
A.6	Health Indicators in the South Asia Region	131
C.1	Composition of Health Expenditures in World Bank Regions and Income Categories, 2004	148
H.1	Incentives Environment and Constraints for Health Systems in Low- and Middle-Income Countries	186
H.2	Levers of Influence for the World Bank in HIV/AIDS and Health Systems at Country Level	193
