## 1 Introduction: Key Theoretical Divides and Directions

*Justin Robertson*

- The foreign–domestic faultline in studying crisis outcomes  
  2
- Mixed patterns below the surface  
  4
- Major theoretical divides and directions  
  6
- A typology of analytic frameworks  
  19
- Conclusion  
  27

## Part I International Actors and Issue Areas

### 2 Financial Crises and US Treasury Policy: The Institutional and Ideational Basis of American Capability

*Andrew Baker*

- The strong American power thesis  
  32
- The gaps and limitations of the strong American power thesis  
  34
- The institutional mandate and position of the US Treasury Department  
  35
- Ideology, knowledge and beliefs  
  40
- Treasury–private sector relations  
  44
- Resource scarcity  
  48
- Conclusions  
  49

### 3 Crises as Catalysts for Foreign Bank Activity in Emerging Markets

*Robert Cull and María Soledad Martínez Pería*

- Introduction  
  52
- Trends in foreign bank participation  
  53
- Survey of the causes and implications of foreign bank participation  
  58
- Foreign bank participation and crises  
  65
- Conclusions  
  79
4 Adaptable Agendas: Private Creditors and the Politics of Debt in Emerging Markets
Giselle Datz

Restructuring sovereign debt: old process, new tools? 83
Adaptable agendas 88
Private interest and public success: the Argentine debt restructuring, 2001–2006 91
Conclusion 98

5 The Political Economy of International Financial Reform Since the Asian Crisis: The Case of Corporate Governance
Andrew Rosser

Introduction 102
Understanding the NIFA 103
The case of corporate governance 107
Conclusion 121

Part II Country Studies

6 Argentina: State Capacity and Leverage in External Negotiations
Maria Pia Riggirozzi

International and domestic factors affecting crisis and crisis resolution 126
From strong neoliberal governance to state failure 128
Restoring state capacity 133
Augmenting state bargaining power with international actors 137
A final note on state power, interests and governance 141

7 Brazil: Mixed Impact of Financial Crises on Manufacturing and Financial Sectors
Mahrukh Doctor and Luiz Fernando de Paula

Economic context and financial crises in Brazil 145
Foreign penetration in the banking sector 153
FDI in the manufacturing sector 159
Conclusion 165
8 Central Europe: Predatory Finance and the Financialization of the New European Periphery 168
Or Raviv
Banking in the Austro-Hungarian empire 170
The politics of neoliberalism in Europe 173
Banking strategies in the European Union 176
Conclusions 185

9 Indonesia and Malaysia: The Persistence of a Domestic Politico-Business Class 187
Ben Thirkell-White
The crisis in context 188
Domestic opposition and the political economy of post-crisis reform 197
Conclusions 208

10 Russia: Limiting the Impact of Crisis in a Post-Communist Transitional Economy 212
Neil Robinson
Introduction 212
Soviet legacies, the national economy and Russia's relative economic isolation 214
Russia's transnationalized economy and the state: shifting balances of power before and after 1998 218
Crisis and the future 224
Conclusion 228

11 Turkey: Risk-Conscious Foreign Firms and a Maturing Domestic Banking Sector 230
Korsan Cevdet
Qualifying concepts 231
The Turkish case 233
Financial crises leading to economic collapse 235
Post-crisis developments 239
Interlocking EU and IMF reforms 241
How has the TBS fared? 242
Future risks and challenges 247
Conclusion 250
12 Conclusion: Contesting the Return to State-Led Economies 252

Justin Robertson

No closing to foreign investment 253
Incremental foreign business penetration 255
Argentina and Russia as exceptions? 258
Looking to the future 259
