## 5. Designing Services

### 5.1 The Service Economy

The Service Economy
Characteristics of Services

### 5.2 The Service Design Process

The Service Design Process
The Service-Process Matrix

### 5.3 Tools for Service Design

Service Blueprinting
Front-Office and Back-Office Activities
Servicescapes

### 5.4 Quantitative Techniques

The Health Benefits of Good Design

### 5.5 Waiting Line Analysis for Service Improvement

Elements of Waiting Line Analysis
Elements of a Waiting Line
The Calling Population
The Arrival Rate
Service Times
Arrival Rate Less Than Service Rate
Queue Discipline and Length
Basic Waiting Line Structures

### 5.6 Operating Characteristics

Traditional Cost Relationships in Waiting Line Analysis

### 5.7 The Psychology of Waiting

Improving Waiting Time in England's National Health Service

### 5.8 Waiting Line Models

The Psychology of Waiting at Bank of America

### 6. Process Design and Technology Decisions

#### 6.1 Process Planning

Outsourcing
Process Selection
Zara's Lightning Fast Processes
Process Selection with Break-even Analysis

#### 6.2 Process Plans

Process Plans

#### 6.3 Process Analysis

Process Flowcharts
Making Fast Food Faster

#### 6.4 Process Innovation

Steps in Process Innovation
Progressive Innovates Processes

#### 6.5 Technology Decisions

Financial Justification of Technology
Too Much of a Good Thing Turns Bad for JetBlue
A Technology Primer

### 7. Capacity and Facilities Planning

#### 7.1 Capacity Planning

Facilities

#### 7.2 Facilities

Objectives of Facility Layout
Bank of America's Towering Achievement in Green Design

#### 7.3 Basic Layouts

Process Layouts
Product Layouts
Fixed-Position Layouts
### Designing Process Layouts
- Block Diagramming
- Relationship Diagramming
- Computerized Layout Solutions

### Designing Service Layouts
- Line Balancing
- Computerized Line Balancing

### Designing Product Layouts
- Hybrid Layouts
  - Cellular Layouts
    - Advantages of Cellular Layouts
    - Cellular Prowess at Buck Knives, Parker-Hannifin, and Rowe Furniture
    - Disadvantages of Cellular Layouts
  - Flexible Manufacturing Systems
  - Mixed-Model Assembly Lines

### Summary
- Summary of Key Formulas
- Summary of Key Terms
- Solved Problems
- Questions
- Problems
- Case Problem 7.1—Workout Plus
- Case Problem 7.2—Photo Op—Please Line Up
- Case Problem 7.3—The Grab 'n Go Cafe
