Contents Volume II

Forty Years of Research on Rent Seeking: An Overview ........................................ 1
Roger D. Congleton, Arye L. Hillman and Kai A. Konrad

Part 1 Regulation and Protection

The social costs of monopoly and regulation .................................................. 45
Richard A. Posner

The social costs of monopoly power ............................................................... 67
Keith Cowling and Dennis C. Mueller

Misleading calculations of the social costs of monopoly power ...................... 89
Stephen C. Littlechild

Declining industries and political-support protectionist motives ...................... 105
Arye L. Hillman

Domestic politics, foreign interests, and international trade policy ................. 113
Arye L. Hillman and Heinrich W. Ursprung

Protection for sale ............................................................................................. 131
Gene M. Grossman and Elhanan Helpman

Part 2 Economic Development and Growth

The political economy of the rent-seeking society ....................................... 151
Anne O. Krueger

Foreign aid and rent seeking ............................................................................ 165
Jakob Svensson

The political economy of coffee, dictatorship, and genocide ......................... 191
Philip Verwimp

Why is rent seeking so costly to growth? ......................................................... 213
Kevin M. Murphy, Andrei Shleifer, and Robert W. Vishny

Political culture and economic decline ........................................................... 219
Arye L. Hillman and Heinrich W. Ursprung
Institutions and the resource curse ........................................... 245
Halvor Mehlum, Karl Moene, and Ragnar Torvik

The king never emigrates ...................................................... 265
Gil S. Epstein, Arye L. Hillman, and Heinrich W. Ursprung

Immigration as a challenge to the Danish welfare state? ............ 281
Peter Nannestad

Part 3 Political and Legal Institutions

Rent-seeking aspects of political advertising ........................... 297
Roger D. Congleton

Rent extraction and rent creation in the economic theory of regulation ......................................................... 313
Fred S. McChesney

Rigging the lobbying process: An application of the all-pay auction .... 331
Michael R. Baye, Dan Kovenock, and Casper G. de Vries

Caps on political lobbying .................................................... 337
Yeón-Koo Che and Ian L. Gale

Inverse campaigning ......................................................... 347
Kai A. Konrad

On the efficient organization of trials ..................................... 361
Gordon Tullock

Legal expenditure as a rent-seeking game ................................ 379
Amy Farmer and Paul Pecorino

Rent-seeking through litigation: Adversarial and inquisitorial systems compared ......................................................... 397
Francesco Parisi

Comparative analysis of litigation systems: An auction-theoretic approach .......... 421
Michael R. Baye, Dan Kovenock, and Casper G. de Vries

Part 4 Institutions and History

Rent seeking, noncompensated transfers, and laws of succession .... 443
James M. Buchanan

A model of institutional formation within a rent seeking environment .... 459
Kevin Sylwester
The 2002 Winter Olympics scandal: Rent-seeking and committees 467
  J. Atsu Amegashie

Mercantilism as a rent-seeking society 475
  Barry Baysinger, Robert B. Ekelund Jr., and Robert D. Tollison

Efficient transactors or rent-seeking monopolists? The rationale for early chartered trading companies 509
  S. R. H. Jones and Simon P. Ville

The open constitution and its enemies: Competition, rent seeking, and the rise of the modern state 527
  Oliver Volckart

Illegal economic activities and purges in a Soviet-type economy: A rent-seeking perspective 545
  Arye L. Hillman and Adi Schnytzer

Rent seeking and taxation in the Ancient Roman Empire 559
  Charles D. DeLorme Jr., Stacey Isom, and David R. Kamerschen

Part 5 The Firm

"Hard" and "soft" budget constraint 569
  J. Kornai

Workers as insurance: Anticipated government assistance and factor demand 585
  Arye L. Hillman, Eliakim Katz, and Jacob Rosenberg

Rent seeking and rent dissipation in state enterprises 593
  Steven T. Buccola and James E. McCandlish

Discouraging rivals: Managerial rent seeking and economic inefficiencies 609
  Aaron S. Edlin and Joseph E. Stiglitz

The dark side of internal capital markets: Divisional rent-seeking and inefficient investment 621
  David S. Scharfstein and Jeremy C. Stein

Allies as rivals: Internal and external rent seeking 649
  Amihai Glazer

Efficiency wages versus insiders and outsiders 657
  Assar Lindbeck and Dennis J. Snower

Monitoring rent-seeking managers: Advantages of diffuse ownership 667
  Roger D. Congleton
Contents

Inside versus outside ownership: A political theory of the firm 679
Holger M. Müller and Karl Wärneryd

Part 6 Societal Relations

Efficient status seeking: Externalities and the evolution of status games 697
Roger D. Congleton

A signaling explanation for charity 713
Amihai Glazer and Kai A. Konrad

Competition for sainthood and the millennial church 723
Mario Ferrero

Publishing as prostitution? – Choosing between one’s own ideas and academic success 749
Bruno S. Frey

Ideological conviction and persuasion in the rent-seeking society 769
Roger D. Congleton

Political economy and political correctness 791
Arye L. Hillman

Acknowledgements 813
Contents Volume I

Forty Years of Research on Rent Seeking: An Overview
Roger D. Congleton, Arye L. Hillman and Kai A. Konrad

Part 1 Rents

The welfare costs of tariffs, monopolies, and theft
Gordon Tullock

Rent seeking and profit seeking
James M. Buchanan

Competitive process, competitive waste, and institutions
Roger D. Congleton

Risk-averse rent seekers and the social cost of monopoly power
Arye L. Hillman and Eliakim Katz

Efficient rent seeking
Gordon Tullock

Free entry and efficient rent seeking
Richard S. Higgins, William F. Shughart II, and Robert D. Tollison

A general analysis of rent-seeking games
J. David Pérez-Castrillo and Thierry Verdier

Rent-seeking with asymmetric valuations
Kofi O. Nti

Dissipation of contestable rents by small numbers of contenders
Arye L. Hillman and Dov Samet

Politically contestable rents and transfers
Arye L. Hillman and John G. Riley

The all-pay auction with complete information
Michael R. Baye, Dan Kovenock, and Casper G. de Vries
Contents

Rent seeking with bounded rationality: An analysis of the all-pay auction ........................................... 225
Simon P. Anderson, Jacob K. Goeree, and Charles A. Holt

Conflict and rent-seeking success functions: Ratio vs. difference models of relative success ..................... 251
Jack Hirshleifer

Contest success functions .............................................. 263
Stergios Skaperdas

On the existence and uniqueness of pure Nash equilibrium in rent-seeking games .................................. 271
Ferenc Szidarovszky and Koji Okuguchi

Part 2 Collective Dimensions

Committees and rent-seeking effort .................................. 279
Roger D. Congleton

Risk-averse rent seeking with shared rents .............................................. 293
Ngo Van Long and Neil Vousden

Collective rent dissipation .............................................. 309
Shmuel Nitzan

The equivalence of rent-seeking outcomes for competitive-share and strategic groups ...................... 323
Kyung Hwan Baik, Bouwe R. Dijkstra, Sanghack Lee, and Shi Young Lee

Public goods, rent dissipation, and candidate competition .............................................. 329
Heinrich W. Ursprung

Effort levels in contests. The public-good prize case .............................................. 347
Kyung Hwan Baik

Rent seeking and the provision of public goods .............................................. 353
Mark Gradstein

A general model of rent seeking for public goods .............................................. 361
Khalid Riaz, Jason F. Shogren, and Stanley R. Johnson

Collective action and the group size paradox .............................................. 379
Joan Esteban and Debraj Ray

Part 3 Extensions

Transfer seeking and avoidance: On the full social cost of rent seeking .............................................. 391
Elie Appelbaum and Eliakim Katz
Strategic buyers and the social cost of monopoly .......................... 399
Tore Ellingsen

Sabotage in rent-seeking contests ............................................. 409
Kai A. Konrad

Strategic restraint in contests .................................................. 421
Gil S. Epstein and Shmuel Nitzan

Strategic behavior in contests ................................................... 431
Avinash K. Dixit

Strategic behavior in contests: Comment .................................... 439
Kyung Hwan Baik and Jason F. Shogren

The social cost of rent seeking when victories are potentially
transient and losses final ......................................................... 443
Jörg Stephan and Heinrich W. Ursprung

Uncertain preassigned non-contestable and contestable rents ............. 455
Nava Kahana and Shmuel Nitzan

Evolutionary equilibrium in Tullock contests:
Spite and overdissipation ......................................................... 473
Burkhard Hehenkamp, Wolfgang Leininger, and Alex Possajennikov

Information in conflicts .......................................................... 487
Karl Wärneryd

Rent seeking with private values ............................................ 503
David A. Malueg and Andrew J. Yates

Part 4 Structure of Contests

Hierarchical structure and the social costs of bribes and transfers ........ 523
Arye L. Hillman and Eliakim Katz

Group competition for rents ..................................................... 537
Eliakim Katz and Julia Tokatlidu

Bidding in hierarchies ............................................................ 547
Kai A. Konrad

Seeking rents by setting rents: The political economy
of rent seeking ................................................................. 555
Elie Appelbaum and Eliakim Katz

Orchestrating rent seeking contests ......................................... 571
Mark Gradstein and Kai A. Konrad
Maximum efforts in contests with asymmetric valuations .......................... 581  
Kofi O. Nti

Optimal contests ................................................................. 589  
Amihai Glazer and Refael Hassin

Competition over more than one prize ............................................. 601  
Derek J. Clark and Christian Riis

The optimal allocation of prizes in contests ...................................... 615  
Benny Moldovanu and Aner Sela

Incentive effects of second prizes .................................................. 633  
Stefan Szymanski and Tommaso M. Valletti

Part 5 Experiments

Reexamining efficient rent-seeking in laboratory markets ....................... 651  
Jason F. Shogren and Kyung Hwan Baik

An experimental examination of rational rent-seeking ............................ 663  
Jan Potters, Casper G. de Vries, and Frans van Winden

Efficient rent-seeking in experiment .............................................. 681  
Carsten Vogt, Joachim Weimann, and Chun-Lei Yang

Acknowledgements ........................................................................ 693
