Transnational Corporations, Economic Development, and Human Rights

On the Importance of FDI Composition and Host Country Assets

NTNU
Norwegian University of
Science and Technology
Thesis for the
degree philosophiae doctor
Faculty of Social Sciences and Technology
Management
Department of Sociology and Political Science

C 258130

 **NTNU**

Table of Content

List of Figures	v
List of Tables.....	vi
Preface and Acknowledgments	viii
Acronyms	ix

1 Introduction	1
1.1 The State of Foreign Direct Investment.....	2
1.2 The Argument	4
1.3 The Research Design.....	5
1.4 The Contributions and their Implications	6
1.5 The Outline.....	7

Part I: Concepts, Theory, and Research Design

2 Main Concepts	11
2.1 Transnational Corporations and Foreign Direct Investment.....	11
2.2 Economic Development and Human Rights.....	13
3 Tracking the Historical Development of the Debate.....	14
3.1 The Initial Thesis – An Engine of Development.....	15
3.2 The Antithesis – A Tool of Exploitation.....	17
3.3 A Retreat to the Initial Thesis – More Market-Less State	19
3.4 The Synthesis – It All Depends	20
4 A Synthesized Theoretical Framework.....	21
4.1 Methodological Justifications	21
4.2 Theoretical Justifications	26
4.2.1 The Point of Departure.....	26
4.2.2 Outlining the Synthesized Model.....	26
4.2.3 TNC Characteristics – The Nature of the "Beast".....	30
4.2.4 TNC Characteristics – The Composition of FDI.....	31
4.2.5 Host Country Characteristics – A Stages Approach.....	34
4.2.6 Host Country Characteristics – The Resource Curse	36
4.2.7 Host Country Characteristics – The Second Link	38
4.2.8 TNC and Host Country Characteristics – Vicious and Virtuous Circles.....	39
5 Research Design.....	40
5.1 Research Questions.....	41
5.2 A Combined Methods Strategy.....	43

Part II: The Analyses

6	The Nature of the Data and the Choice of Estimator	49
6.1	The Nature of the Data	49
6.2	On the Choice of Estimator	51
7	Statistical Analysis: The Economic Growth Analysis.....	55
7.1	Outlining Models and Analyses	55
7.2	The Dependent Variable.....	57
7.3	The Independent Variables and Their Expected Effects.....	57
7.3.1	Foreign Direct Investment.....	58
7.3.2	Domestic Investment.....	60
7.3.3	Market Size	60
7.3.4	Trade	61
7.3.5	Initial Economic Standing.....	61
7.3.6	Human Capital	61
7.3.7	Time	62
7.3.8	Institutional Quality	62
7.3.9	Resource Dependence	62
7.3.10	Civil War	63
7.4	Data Screening	63
7.5	The Analysis	65
7.5.1	The Replication.....	66
7.5.2	The Overall Effects of FDI.....	70
7.5.3	The Compositional Effects of FDI.....	76
7.5.4	The Conditional Effects of FDI.....	82
7.5.5	Sensitivity Analysis.....	90
7.6	Theory versus Evidence: FDI and Economic Growth	91
8	Statistical Analysis: The Human Rights Analysis.....	97
8.1	Outlining Models and Analyses	97
8.2	The Dependent Variable.....	99
8.3	The Independent Variables and Their Expected Effects.....	100
8.3.1	Human Rights Lagged.....	100
8.3.2	Foreign Direct Investment.....	101
8.3.3	Domestic Investment.....	102
8.3.4	Democracy	102
8.3.5	Population Size.....	102
8.3.6	Economic Standing	103
8.3.7	Economic Growth	103
8.3.8	Civil War.....	104
8.3.9	Ethnological Fractionalization	104
8.3.10	Institutional Quality.....	104
8.3.11	Resource Dependence	104
8.3.12	Time	105
8.4	Data Screening	105
8.5	The Analysis	107
8.5.1	The Overall Effects of FDI.....	107
8.5.2	The Compositional Effects of FDI.....	118
8.5.3	The Conditional Effects of FDI.....	129
8.5.4	Sensitivity Analysis.....	133

8.6	Theory versus Evidence: FDI and Human Rights	134
9	The Statistical Analyses From A Bird's Eye View.....	139
9.1	FDI and Economic Growth.....	140
9.2	FDI and Human Rights	142
9.3	FDI, Economic Development and Human Rights.....	143
10	Qualitative Comparative Analysis.....	145
10.1	Fuzzy-Set Methods: Multiple Conjunctural Causation.....	146
10.1.1	Fussy Sets Versus Crisp Sets: Degree of Membership.....	146
10.1.2	The Logic of Fuzzy-Set Methods	147
10.2	Fuzzy-Set Methods: Case Studies and the Nature of Causality.....	151
10.3	Fuzzy-Set Methods: Case Selection.....	151
11	QCA: The Economic Growth Analysis	153
11.1	Fuzzy-Set Methods: The Model.....	153
11.2	Fuzzy-Set Methods: The Calibration	154
11.3	Fuzzy-Set Methods: The Analyses.....	156
11.3.1	The Overall Effects of FDI.....	156
11.3.2	The Compositional Effects of FDI	163
11.3.3	Sensitivity Analysis.....	168
11.4	Case Studies: FDI and Economic Growth	169
11.4.1	Republic of Korea	170
11.4.2	Botswana	172
11.4.3	Indonesia	175
11.4.4	Zambia.....	178
11.5	Fuzzy-Set Methods and Case Studies : Theory versus Evidence.....	182
12	QCA: The Human Rights Analysis.....	187
12.1	Fuzzy-Set Methods: The Model.....	187
12.2	Fuzzy-Set Methods: The Calibration	188
12.3	Fuzzy-Set Methods: The Analyses.....	189
12.3.1	FDI & Physical Integrity Rights.....	189
12.3.2	FDI and Political & Civil Rights	193
12.3.3	Sensitivity Analysis.....	197
12.4	Case Studies: FDI and Human Rights	198
12.4.1	Republic of Korea	199
12.4.2	Botswana	201
12.4.3	Indonesia	203
12.4.4	Zambia.....	205
12.5	Fuzzy-Set Methods and Cases Studies: Theory versus Evidence	208

Part III: Summary and Concluding Comments

13	Summary and Concluding Comments	217
13.1	Theoretical and Methodological Origin.....	217

13.2	Research Design	219
13.3	Research Findings	221
13.3.1	FDI and Economic Growth.....	221
13.3.2	FDI and Human Rights.....	224
13.3.3	FDI, Economic Development, and Human Rights	225
13.3.4	Contributions Made to the Literature and Some Caveats	227
13.4	Policy Implications and Future Research	228
Appendix A Descriptive Information for Variables and Data		230
Appendix B Tests of Estimator Sensitivity in Statistical Analyses		258
Appendix C Calibration of Fuzzy-set Membership Scores		270
Bibliography.....		283
