SUSAN M. WEINSCHENK, PH.D.

NEURO WEB DESIGN

what makes them click?
CHAPTER 1: Designing Web Sites for Persuasion and the Unconscious Mind
You're So Smart You Have Three Brains
What Really Makes Us Different From Animals?
What Happens When We Feel an Emotion Anyway?
There's a Lot Going on Up There that We Don't Even Know About
Hey, I'm in Conscious Control of How I Act, Right?
Have You had a Brilliant Unconscious Thought Lately?
Your Unconscious Is Smarter and Faster Than Your Conscious Mind
But We Know What We Like and What We Don't, Right?
So Then, What Makes Us Click?

CHAPTER 2: Wanting to Belong: The Power of Social Validation
The (Not Quite True) Tragedy of Kitty Genovese
The Bystander Effect for Getting Help Online
Why Would You Listen to Total Strangers?

CHAPTER 3: Feeling Indebted: How to Build in Reciprocity and Concession
A Sense of Obligation
How Big Should It Be?
CHAPTER 9: Afraid to Lose—How Fear of Loss Trumps Our Anticipation of Victory 98

Is It a Snake? ............................................. 101
Fearing a Blue Square .................................. 102
Your Unconscious Is Smarter Than You Think .......... 103
What Are We Afraid Of? ................................ 106
Losing What You Almost Have .......................... 106
Subtract, Don’t Add ...................................... 107
Is it 90 Percent Good or 10 Percent Bad? ............. 108
Fear of Losing Privacy ................................... 108
Fear of Losing Security ................................... 109

CHAPTER 10: Using Pictures and Stories—the Best Way to Talk to Our Unconscious Minds 110

What Is a Story? ........................................... 112
Everyone Is a Storyteller ................................ 112
Your Brain Naturally Chunks ............................ 113
I Feel Your Pain .......................................... 114
A Picture Is Worth ........................................ 115
It All Turns into Pictures ................................ 115
Putting It All Together .................................. 116

CHAPTER 11: We’re Social Animals—Finding the Next Big Thing by Making It Social 120

Caught by Our Own Shortsightedness .................... 122
From the Printing Press to Facebook ................... 122
The Real Reason the Internet Was Started ............. 123
