**The Airbus Programme:  
Powered by the European Integration process or  
Driven by the World Aerospace Market?**

*(Le programme Airbus : Fruit du processus d'intégration européenne ou du marché mondial de l'aéronautique ?)*

Thèse présentée à la Faculté des sciences économiques et sociales de l'Université de Genève

par

***Daniel Martel***

Pour l'obtention du grade de

Docteur ès sciences économiques et sociales

Mention : Science politique

Membres du jury de these :

Directeur de these : Professeur Dr. Jan-Erik Lane  
Département de science politique de l'Université de Genève

Experte externe : Professeure Dr. Dolores O'Reilly  
Doyenne de la School of International Business, University of Ulster, Magee College

Président du jury : Professeur Dr. Pascal Sciarini  
Directeur du Département de science politique de l'Université de Genève

Thèse no 666

**C 260191**

Genève, 13 mai 2008

## Table of Contents

<b>Acknowledgements .....</b>	<b>5</b>
<b>Preliminary Remarks .....</b>	<b>6</b>
<b>Abstract .....</b>	<b>6</b>
<b>Executive Summary .....</b>	<b>7</b>
<b>Preface .....</b>	<b>17</b>
<b>Introduction - Basics Of Airbus And European Integration .....</b>	<b>21</b>
Introductory Remarks .....	21
<b>Competition and Integration as Motivations And Contexts .....</b>	<b>21</b>
Technology And Innovation .....	21
States And Optimization .....	22
<b>Evolution As Outcome Of Competition .....</b>	<b>23</b>
Innovation And Learning .....	23
Optimization And Integration .....	23
<b>The International Air Transport Regime As Outcome Of Innovation Processes .....</b>	<b>24</b>
<b>The European Integration As Outcome Of Optimization Processes .....</b>	<b>24</b>
<b>Focus Of The Research .....</b>	<b>25</b>
<b>Contexts And Interests Of Research .....</b>	<b>27</b>
<b>Chapter 1 - Approach, Theoretical Framework And Strategy .....</b>	<b>29</b>
1.1. Introductory Remarks .....	29
1.2. Idiographic-Nomothetic Approach As Stage-Setting .....	29
1.3. Situative Optimization As Lecture Grid .....	30
1.3.1. Strategic Trade Policy As Optimization Strategy .....	30
1.3.2. Path Dependence As Challenge To Innovation And Evolution .....	31
1.3.3. Technological Leap As Attempted Long-Term Chance .....	31
1.4. States As Site Optimizers .....	32
1.5. Research Design .....	33
1.6. Presentation Of Results .....	34
1.7. Research Strategy .....	34
<b>Chapter 2 - Airframe Construction And European Integration .....</b>	<b>37</b>
2.1. Introductory Remarks .....	37
2.2. Airframe Construction .....	37
2.2.1. Airframe Construction And Evolution Or Voluntary Innovation .....	37
2.2.2. Airframe Construction And Learning By Experience Or Involuntary Innovation .....	38

2.3. Continental Integration Towards The Europe Of Aerospace.....	39
2.3.1. European Integration As An Inspiration And A Programme.....	39
2.3.2. Towards A Europe Of Science And Technology And Aerospace .....	41
2.3.3. From Continental Cooperation To European Unification .....	45
<b>Chapter 3 - From Competition To Integration (1964 - 2006).....</b>	<b>49</b>
3.1. Introductory Remarks.....	49
3.2. From Origins To Stage Setting .....	49
3.2.1. European Fragmentation.....	49
3.2.2. U.S. Integration.....	49
3.2.3. Foundations Of U.S. Supremacy .....	50
3.2.4. The U.S. Lead The World.....	51
3.2.5. The European Incapacities To Respond.....	52
3.2.6. Four Exceptions: BAC 1-11, F28, Transall And Concorde.....	54
3.3. The Era Of The Nationalist Visionaries (1964 - 1967).....	56
3.3.1. Overcoming The Fragmentation Of European Airframe Industry.....	56
3.3.2. Promises of Cooperation .....	57
3.4. The Era Of The Market-Inspired Engineers (1968 - 1970).....	59
3.4.1. Choosing the Right Approach.....	59
3.4.2. Setting The Stage.....	60
3.5. The Era Of The Daunting Entrepreneurs (1971 - 1978).....	62
3.5.1. The European A300.....	62
3.5.2. Airbus Enters The World Aerospace Market.....	63
3.5.3. From General Confrontation To Limited Consensus.....	66
3.5.4. A Farsighted Decision: Diversification .....	67
3.5.5. The Strategic Breakthrough.....	69
3.6. The Era Of The Offensive Strategists (1979 - 1987).....	70
3.6.1. The Beginning Of Transatlantic Confrontation.....	70
3.6.2. The A320 Narrowbody.....	72
3.6.3. The Symbiotic A330/A340 Widebodies.....	74
3.6.4. The Beginning Of The Airbus Success Story.....	76
3.7. The Era Of The Audacious Innovators (1988 - 1992) .....	78
3.7.1. Setting The Stage For The Coming Competitions .....	78
3.7.2. Prelude To The Next Transatlantic Round.....	80
3.7.3. The 1992 'Airbus Accord'.....	83
3.8. The Era Of The Skilful Leaders (1993 - 1997) .....	85
3.8.1. New And Intensified Competition.....	85
3.8.2. The End Of A World.....	88
3.8.3. A New Beginning Under The Airbus-Boeing Duopoly.....	90
3.9. The Era Of The Ambitious Managers (1998 - 2003).....	92
3.9.1. Closing The Gaps.....	92
3.9.2. Towards The Reorganization.....	93
3.9.3. The Giant Ramps Up.....	94
3.9.4. Boeing: The Rebirth?.....	96
3.10. The Era Of The Short-Term Thinkers (2004 - 2006).....	96
3.10.1. The Tide Turns .....	96
3.11. The Comeback Of The Pioneers? (Since 2006) .....	100
3.11.1. Airbus Overtaken By Its Rival .....	100
3.11.2. A New Airbus S.A.S.....	100

<b>Chapter 4 - Airbus In The European Context .....</b>	<b>103</b>
4.1. Introductory Remarks.....	103
4.2. Situative Optimization .....	103
4.2.1. Introductory Remarks .....	103
4.2.2. The Actors And Their Strategies.....	103
4.2.3. The Airbus Programme And European Integration.....	140
4.3. The Influence Of European Integration On Airbus Programme .....	156
4.4. Association Airbus Programme and European Integration .....	172
4.5. Airbus – An Integration Driven By The World Aerospace Market .....	176
<b>Chapter 5 - The Known Or A New Airbus (2006 - 2007) ?.....</b>	<b>181</b>
5.1. Introductory Remarks.....	181
5.2. Continuation Or Disruption?.....	181
5.2.1. Setting The Stage For The Next Competitions .....	181
5.2.2. Coming... Coming... Come .....	182
5.2.3. At Last The Turnaround?.....	183
5.3. The Basics Remained.....	185
5.3.1. Actors And Strategies.....	185
5.3.2. EADS, Airbus And European Integration.....	187
5.3.3. Association EADS/Airbus And European Integration.....	189
5.3.4. World Market Remains Main Driver Of EADS/Airbus .....	190
5.3.5. Whatever The European Constellation - Always The National Interests First.....	191
<b>Chapter 6 - Further Discussion .....</b>	<b>193</b>
6.1. Introductory Remarks.....	193
6.2 The People Behind Airbus .....	193
6.2.1. Introductory Remarks .....	193
6.2.2. The Airbus Programme As An Epistemic Community.....	193
6.3. The Airbus Programme: From Past Results To Future Prospects.....	205
6.3.1. Introductory Remarks .....	205
6.3.2. The Airbus Programme in a SWOT-Perspective .....	205
6.3.3. An Airbus Programme For Tomorrow.....	207
<b>Conclusions .....</b>	<b>213</b>
Introductory Remarks .....	213
The Airbus Programme As An Innovation and Optimization Process.....	213
The Idiographic-Nomothetic Approach As An Invitation.....	218
Final Remarks.....	219
<b>Annexes .....</b>	<b>221</b>
Annex 1 - Airbus Market Penetration .....	223
Annex 2 – Chronology Of Airbus And Boeing Sales.....	227
Annex 3 - Airbus Aircraft And Competitors .....	229
Annex 4 - Specifications Of Airbus Aircraft.....	233
<b>Bibliography .....</b>	<b>243</b>
