PREFACE vii

PART I. INTRODUCTION TO ADVERTISING AND PUBLIC RELATIONS RESEARCH 1

1. Needs for Research in Advertising and Public Relations 3
2. Research Plans 8
3. Some Research Definitions 15
4. Planning and Designing Research 21

PART II. SECONDARY RESEARCH IN ADVERTISING AND PUBLIC RELATIONS 27

5. Introduction to Secondary Research 29
6. Syndicated Research 35
7. Online Resources 43
8. Other Useful Resources 50

PART III. PRIMARY RESEARCH IN ADVERTISING AND PUBLIC RELATIONS: QUALITATIVE RESEARCH 57

9. Uses of Qualitative Research 59
10. How Qualitative Research Can Enhance Quantitative Research 69
11. Handling Qualitative Data 74

PART IV. PRIMARY RESEARCH IN ADVERTISING AND PUBLIC RELATIONS: QUANTITATIVE RESEARCH 81

12. Empirical Research: Survey Research 83
13. Sampling 100
14. Measuring Instruments 118
15. Question Wording 137
16. Interviewer Training 149
17. Obtaining Accurate Responses 156
18. Data Tabulation 163
CONTENTS

19. Applications of Quantitative Research 173
20. Experimental Research 181
21. Experimental Approaches 192
22. Quasi-Experimental Research 204
23. Experimental Applications in Advertising and Public Relations 211

PART V. PRIMARY RESEARCH IN ADVERTISING AND PUBLIC RELATIONS: OTHER RESEARCH METHODS 221

24. Historical and Legal Research and Critical Analysis 223

PART VI. ADVERTISING AND PUBLIC RELATIONS RESEARCH DATA ANALYSIS 231

25. Handling Data 233
26. Scaling Techniques 240
27. Mapping Techniques 251
28. Statistics 257
29. Statistical Analytic Tools 267

PART VII. PRACTICAL ASPECTS OF ADVERTISING AND PUBLIC RELATIONS RESEARCH 285

30. Who Should Conduct the Research? 287
31. Applying Research to Advertising and Public Relations Situations 295
32. The Research Report 301
33. Research Ethics 306
