Glossary	17
Preface	19
Part I. Introduction	
Introduction and outline	23
1. Subject matter	23
2. Public policies	24
3. Scientific approaches	26
4. Approach and outline of the book	27
Rèferences	28
1. European integration and its relevance for agriculture, food and rural areas	29
Abstract	29
1.1 Agriculture: a frontrunner or obstacle in the processes of European integration?	29
1.2 Historical development of EU policies for agriculture, food and rural areas	30
1.3 Other related European policies	36
1.4 New emphases and priorities	38
1.5 International dimension	40
References	40
Part II. Institutional framework	
2. EU institutions and decision-making processes	43
Abstract	43
2.1 Introduction	43
2.2 The Council of the European Union	46
2.3 The European Commission	51
2.4 The European Parliament	54
2.5 The Court of Justice and the Court of Auditors	59
2.6 Decision-making, implementation and scrutiny	60
2.7 Lobbying	68
2.8 Summary of the new elements from the Lisbon Treaty	69
References	72

3. The EU budget	73
Abstract	73
3.1 Introduction	73
3.2 Financial frameworks	74
3.3 Growing financial discipline	79
3.4 'Budget imbalances' and budgetary reforms	82
3.5 Conclusions	86
References	86
4. The WTO context	89
Abstract	89
4.1 Introduction	89
4.2 WTO: a historical perspective (1948-1994)	90
4.3 WTO rules for agriculture, food and environment	91
4.4 The WTO as an organisation	98
4.5 Doha Development Agenda (1999-present)	99
4.6 Conclusions	101
References	101
4A. Genetically modified organisms (GMOs) and EU agriculture and food policy	103
Abstract	103
4A.1 Introduction	103
4A.2 The GMO industry	104
4A.3 GMOs and the EU	104
4A.4 Conclusions	106
References	107
4B. European standards in trade and development	109
Abstract	109
4B.1 EU public and private standards	109
4B.2 Food standards as barriers and catalysts for developing country exports	110
4B.3 EU public and private standards and development	111
References	114

5. Developing countries and EU agricultural and food policy: opportunities and threats	117
Abstract	117
5.1 Introduction	117
5.2 Developing countries and EU agricultural trade flows	118
5.3 EU response to criticisms of the CAP	121
5.4 Welfare effects of agricultural trade liberalisation	125
5.5 Increased market access: diverging welfare effects for developing countries	128
5.6 Recent developments	130
5.7 Conclusions	132
References	133
6. Public and private roles in agri-food and rural policy-making	135
Abstract	135
6.1 Introduction	135
6.2 Framework of analysis	136
6.3 Public and private standards in the agri-food sector	140
6.4 Public and private roles in rural policy	142
6.5 Conclusions	144
References	144
Part III. Agriculture	
7. Agriculture and the food chain	149
Abstract	149
7.1 Introduction	149
7.2 The food chain from an agricultural perspective	150
7.3 Value added in agriculture	151
7.4 Sharing the pie	153
7.5 The changing position of agriculture and food	154
7.6 An analytical framework	156
7.7 The role of policies	161
References	163
Appendix	164

8. Market, price and quota policy: half a century of CAP experience	165
Abstract	165
8.1 Introduction	165
8.2 Agricultural market and price policy	166
8.3 Principles	169
8.4 Classic market regulations	170
8.5 Reform of the market organisations	172
8.6 The single common market organisation	179
8.7 Market and price policy in future years	180
References	182
8A. Private market and price stabilisation methods	183
Abstract	183
8A.1 Policy reform, globalisation and price risk management challenges	183
8A.2 Income stabilisation methods: the role of futures and forward contracts	185
8A.3 Forward contracts	187
8A.4 Private markets and market policy	188
References	189
9. Direct income support and cross-compliance	191
Abstract	191
9.1 Introduction	191
9.2 Direct income support, decoupling and cross-compliance	192
9.3 The Single Payment Scheme	195
9.4 Cross-compliance in more detail	198
9.5 The way ahead	202
References	204
9A. The bond scheme	207
Abstract	207
9A.1 Introduction	207
9A.2 Characteristics of a bond scheme	208
9A.3 Advantages and disadvantages	209
9A.4 Contrasts with the Single Payment Scheme	210
9A.5 A future bond scheme?	211
References	211

10. Agricultural multifunctionality, trade liberalisation and Europe's new land debate	213
Abstract	213
10.1 Introduction	213
10.2 Multifunctionality as an attribute of contemporary agriculture	214
10.3 Multifunctionality in the CAP	215
10.4 Contesting multifunctionality in the WTO	217
10.5 Europe's new land debate	219
10.6 Conclusions	221
References	221
11. Animal health policy	223
Abstract	223
11.1 Introduction	223
11.2 The EU framework for animal health	224
11.3 EU animal health strategy: a fresh approach	228
11.4 Conclusions	232
References	233
12. Plant health policy	235
Abstract	235
12.1 Introduction	235
12.2 Plant pests, their consequences and need for regulation	236
12.3 The international framework on plant health policy	237
12.4 Plant health policy within the European Union	239
12.5 Future developments and challenges	241
References	242
13. Animal welfare policy in the European Union	243
Abstract	243
13.1 Introduction	243
13.2 Development of EU animal welfare legislation	244
13.3 Policy issues	246
13.4 Policy options	248
References	251

Part IV. Food

14. Consumers and EU agricultural and food policies	255
Abstract	255
14.1 Introduction	255
14.2 Changing consumers, changing concerns	256
14.3 Changing policy priorities	258
14.4 The political economy of the common agricultural policy	260
14.5 Consumers and the political economy of food standards	261
14.6 Conclusions	264
References	265
15. The General Food Law and EU food legislation	267
Abstract	267
15.1 Introduction	267
15.2 In search of a European power to regulate food	268
15.3 Development of EU food law	271
15.4 Analysis of EU food law	274
15.5 Debate and conclusions	279
References	281
16. Food quality, food safety and certification	285
Abstract	285
16.1 Introduction	285
16.2 Food quality and food safety	285
16.3 Certification and certification schemes	287
16.4 Food safety standards	289
16.5 Organisation and legislation	291
16.6 Implications for producers, chains and consumers	293
16.7 Conclusions	294
References	294
17. The New Food Economy	297
Abstract	297
17.1 Introduction	297
17.2 The New Food Economy and ICT	298
17.3 ICT-related technologies and the food sector	302
17.4 Developments in European society	303
17.5 Implications for industry	304
17.6 Implications for policy	305
17.7 Conclusions	305
References	306

Part V. Rural areas

18. Economic dynamics in rural regions	309
Abstract	309
18.1 Introduction	309
18.2 Socio-economic patterns in rural regions: a mosaic	310
18.3 Socio-economic dynamics in rural regions	312
18.4 Future challenges of European regions	317
18.5 Conclusions and recommendations	320
References	322
19. The demand side of rural amenity: definition and valuation methods	325
Abstract	325
19.1 Introduction	325
19.2 Defining rural amenity	326
19.3 Demand for public goods and amenity	327
19.4 Valuation methods	328
19.5 Recent progress	332
19.6 Research challenges	333
19.7 Conclusion	334
References	335
20. Rural areas and the environment	337
Abstract	337
20.1 Introduction	337
20.2 Theoretical background	338
20.3 Environment action programmes	341
20.4 Water and air pollution	343
20.5 Soil degradation	347
20.6 Concluding remarks	348
References	349
21. Nature preservation and production	351
Abstract	351
21.1 Introduction	351
21.2 The Birds and Habitats Directives	352
21.3 Agri-environmental measures	356
21.4 Conclusions	360
References	361

21A. Collective approaches to agri-environmental management	363
Abstract	363
21A.1 Introduction	363
21A.2 Do we need collective arrangements for agri-environmental management?	364
21A.3 Environmental co-operatives as 'clubs'	366
21A.4 The policy relevance of collective approaches	366
References	368
21B. Green services	369
Abstract	369
21B.1 Concepts	369
21B.2 Policy approaches	371
21B.3 Conclusions	373
References	374
22. Balancing between structural and rural policy	377
Abstract	377
22.1 Introduction	377
22.2 Early policy-making for European rural areas	378
22.3 EU general structural policy	380
22.4 EU rural development policy under the CAP since 1988	382
22.5 Now and the future: balancing between structural/regional, environmental and agricultural policy	386
22.6 Conclusions	389
References	391
Part VI. Future	
23. Agriculture: a binding factor for Europe?	395
Abstract	395
23.1 Introduction	395
23.2 A brief look at the past	396
23.3 New challenges	397
23.4 Values of the countryside	398
23.5 A binding policy for the rural areas	399
23.6 Four main functions for the rural areas	400
23.7 Some final remarks	401
References	402

24. Future developments and policies	403
Abstract	403
24.1 Introduction	403
24.2 Why is agricultural policy under debate?	404
24.3 European agriculture after 2020	407
24.4 What to do between now and 2020?	415
24.5 Agricultural, rural and land management policy	418
24.6 Experiences with structural adjustment	420
24.7 Concluding remarks	421
References	423
Acknowledgments	427
Authors	431
