Part 2: The DTR Optimizer 58
## Applications

### 5 Birth of the DTR 401(k) Plan

*W. David Hand*

- Background 67
- QDIA Options 69
- Goals and Objectives 70
- Potential Conflicts 72
- QDIA Evaluation 72
- Constructing a Participant-Driven Benefit Plan 73
- Recommendations for Regulators 79
- Recommendations for Plan Sponsors 80
- Recommendations for Consultants 81
- Performance Measurement 81
- Summary and Conclusions 81

### 6 A Reality Check from an Institutional Investor

*Neil E. Riddles*

- Institutional Portfolio Manager’s Role is Limited 84
- Multiple Benchmarks 84
- Misfit Risk 85
- Risk Statistics 86
- Downside Risk 87
- Identifying Bad Events is the First Step 88
- A Picture is Worth a Thousand Words (or Statistics) 90
- How to Adjust for the Time Frame 91
- How Do Institutional Investors View Downside Risk? 91
- Why Stop There? 92
- In Summary 92

### 7 Integrating the DTR™ Framework into a Complex Corporate Structure

*James A. Pupillo*

- Introduction 94
- The Integration Process 94
- The Benefits 100
