Prologue ................................................................. xiii
Foreword ............................................................... xvii
Acknowledgments .................................................. xxvi
About the Author ..................................................... xxvii

1 Organizational Assessment and the Public Sector .................... 1
The Demand for Effectiveness and Efficiency .......................... 3
Organizational Assessment ........................................... 6
What Is Organizational Assessment? ................................... 7
Assessment and Organizational Development ......................... 10
How Does Assessment Work? .......................................... 11
Stage 1: Understanding the Current State of the Organization ........ 13
Information Collection and Exchange ................................ 14
Stage 2: Visioning and Gap Analysis .................................. 14
Stage 3: Improvement Planning and Prioritization ...................... 14
Stage 4: Outcomes and Feedback ...................................... 15
Challenges in Public Sector Assessment and Improvement .......... 16
Dealing with Public Perceptions of Bureaucracy ................. 16
Understanding the Complex Nature of Government Service .......... 16
Lack of Control over the Inputs ..................................... 17
Balancing Competing Perspectives ................................... 18
Consequences for Poor Performance .................................. 19
A Culture of Risk Aversion ......................................... 19
The Public Nature of Work, Successes, and Failures .................. 19
Reconciling the Priorities of Elected Officials and Career Staff ....... 19
Opportunities in Public Sector Assessment .......................... 21
Focusing Attention on the Organization, Not the Discipline .... 21
Creating a Basis for Improvement .................................... 22
Providing Ways to Measure Success: Defining Success Factors and Measuring Results .............................................. 22
Creating Awareness about Effective Practices in Other Sectors .... 23
The Role of Constituents and Beneficiaries in the Assessment Process
Summary
Notes

2 Assessment as a Communication Process
Communication Processes in Self-Assessment
Communication Process 1: Creation of a Common Language
Providing a Common Language to Talk about the Organization
The Vocabulary of Assessment and Continuous Improvement
Communication Process 2: Information Collection and Exchange
The Importance of People in the Information Collection Process
Communication Process 3: Negotiation and Consensus-Building
Communication Process 4: Communicating Assessment Outcomes
Communication as a Subject of Assessment
Summary
Notes

3 Applying Assessment Practices in the Public Sector
Current State of Assessment in Government and How It Has Developed over Time
Internal and External Audit Functions
Performance Measurement
The Government Performance and Results Act
Performance Assessment Rating Tool
Balanced Scorecard
Structured Self-Assessment Models
Baldrige National Quality Award and Criteria for Performance Excellence
Adapting the Baldrige Award Program
Baldrige-Based State Award Programs
Baldrige-Based Federal Award Programs
The President’s Quality Award
Adapting Existing Assessment Processes for the Public Sector
Assessment
Customers and Constituents: A Lesson in Semantics
Examining Results and Outcomes
State Quality Awards ................................................................. 69
Summary ................................................................................ 71
Notes ..................................................................................... 71

4 The Public Sector Assessment and Improvement Model ............ 73
Structure.................................................................................. 74
  Organizational Profile............................................................ 76
  Organizational Purpose......................................................... 76
  Structure ............................................................................... 77
  Demographics ....................................................................... 77
The Human Factor Group: Interpersonal and Communication
Competence............................................................................. 77
  Category 1: Leadership........................................................... 77
    Leadership Elements......................................................... 79
      Leadership Structure and Practices................................. 79
      Ethical Leadership.......................................................... 80
  Category 2: Constituents......................................................... 80
    Constituent Elements........................................................ 82
      Identifying Constituents.................................................. 82
      Assessing Constituent Needs, Expectations, and
      Satisfaction ...................................................................... 82
      Building Constituent Relationships............................... 83
  Category 3: Workforce............................................................ 84
    Workforce Focus Elements............................................... 85
      Workforce Planning....................................................... 85
      Performance Assessment and Recognition...................... 86
      Learning and Professional Development........................ 86
      Workplace Climate....................................................... 87
The Operational Factors: Enabling the Work of the Organization.... 87
  Category 4: Strategic Planning............................................... 87
    Strategic Planning Elements............................................. 88
      Strategic Plan Development.......................................... 88
      Implementing the Strategic Plan..................................... 89
  Category 5: Measurement and Analysis.................................... 90
    Dashboards.......................................................................... 91
      Measurement and Analysis Elements............................. 92
        Information.................................................................. 92
        Performance Measurement......................................... 93
        Benchmarking.............................................................. 93
  Category 6: Programs and Processes......................................... 93
    Programs and Processes.................................................... 95
      Core Programs, Services, and Processes......................... 95
      Administrative Support Processes.................................. 96
Category 7: Results

Results

Performance Measures and Results

Assessment: Applying the Information Learned

Stage 1

Stage 2

Stage 3

Stage 4

Notes

5 Implementing a Self-Assessment Program

Step 1: Preparing for an Assessment

Determining Readiness for Assessment

Leadership Support

Workforce Climate

Timing and Agency Priorities

Planning the Implementation

Identify the Scope of the Assessment

Select a Model

Choosing an Implementation Method

Balancing the Available Time Frame with the Available Resources

Comparison of Methods

Decide Whether and How to Use Facilitators

Identify and Train the Participants

Communicate the Plans for the Assessment

Keys to Success

Get People to Believe in the Concept and Process, Not the Label or Name

Create Realistic Expectations

Find a Champion

Pay Attention to Participant Demographics

Use This as an Opportunity for Political and Career Staff to Learn from Each Other

Step 2: Conducting the Assessment Process

Compiling an Organizational Profile

Structure

Staffing

Select Appropriate Benchmarking Partners

Communicate Progress

Keys to Success

Capture Organizational Stories
Create an Environment Where There Is a Willingness to Challenge Information .................................................. 122
Do Not Lose Sight of the Positive .................................................. 122
Use Participants as Ambassadors for What You Are Doing ............ 122

Step 3: Following Through on Outcomes ...................................... 122
Identify Steps for Further Action .................................................. 123
Follow-Up Interviews ................................................................. 123
Plan to Repeat the Process ......................................................... 123

Keys to Success ........................................................................ 123
Make Use of Process Experts ...................................................... 123
Share and Educate .................................................................... 124

Summary ................................................................................... 124

Notes .......................................................................................... 125

6 Assessment, Improvement, and the Process of Organizational Change ................................................................ 127
Change Efforts in the Public Sector ............................................. 129
Identifying Barriers to Change ..................................................... 130
Individual Resistance to Change ................................................ 130
Seeing Agencies as Systems ....................................................... 130
External Drivers of Change in Government ................................. 131
Change in Administration ......................................................... 131
New Mandates ......................................................................... 132
External or Constituent Advocacy .............................................. 132
Crises and Emergencies ............................................................. 132
The Process of Organizational Change ........................................ 133
Understanding the Scope of Change ........................................... 135
Organizational Learning and Personal Learning: Creating an Internal Case for Change .......................................... 139
The Role of Organizational and Personal Learning in
Communicating the Need for Change ......................................... 142
Creating an External Case for Change: Constituent Involvement ... 143
Using Assessment Outcomes to Implement Improvement ............ 145

Summary ................................................................................... 146
Notes .......................................................................................... 147

7 Case Studies and Best Practices in Assessing Public Sector Organizations ......................................................... 149
Case Studies ............................................................................... 150
Federal Government: U.S. Army Armament Research, Development and Engineering Center ....................................... 150
State Government: The New Jersey Department of Environmental Protection ......................................................... 156
Contents

Challenges Faced ................................................. 160
Lessons Learned .............................................. 161
Local Government: Coral Springs, Florida 2007 Baldrige National Quality Award (nonprofit category) ............... 163
Challenges .................................................... 167
Lessons Learned .............................................. 168
Summary ....................................................... 170
Notes .......................................................... 172

8 The Future of Assessment ........................................ 173
The Need to Identify and Disseminate Best Practices in Government Assessment ........................................ 174
The Need for Continued Adaptation of Assessment Models ........................................ 176
Identifying Tools That Facilitate Assessment Processes ........................................ 177
Finding New Ways to Encourage Governments to Participate and to Engage Their Staff ........................................ 177
Increased Recognition of the Role of Constituents in Assessment ........................................ 178
Linking Assessment Processes to Strategic Planning and Budgeting ........................................ 178
Finding Ways to Sustain a Culture of Assessment That Do Not Rely on a Single Champion ........................................ 179
Conclusion ....................................................... 179

Appendix A: The Public Sector Assessment and Improvement Model ................................. 181
Organizational Profile ........................................ 181
Organizational Purpose ........................................ 181
Structure ....................................................... 182
Demographics ................................................ 182
Human Factors ................................................ 182
Category 1: Leadership ........................................ 182
  Leadership Structure and Practices ...................... 182
  Ethical Leadership ......................................... 183
Category 2: Constituents ....................................... 183
  Identifying Constituents .................................. 183
  Assessing Constituent Needs, Expectations, and Satisfaction ........................................ 183
  Building Constituent Relationships ..................... 184
Category 3: Workforce Focus ................................. 184
  Workforce Planning ....................................... 184
  Performance Assessment and Recognition .......... 185
  Learning and Professional Development ............. 185
  Workplace Climate ....................................... 185
Operational Factors ........................................... 186
Category 4: Strategic Planning .............................. 186
