<i>List of Abbreviations</i>	xiv
Chapter 1: Introduction	1
1.1 Purpose	1
1.2 An overview	6
Part I: The Nature and Extent of Soft Innovation	13
Chapter 2: Defining Soft Innovation	15
2.1 Introduction	15
2.2 Product, process, and organizational innovations	15
2.3 Soft innovation: the definition	19
2.4 The two faces of soft innovation	23
2.5 Soft innovation and product differentiation	28
2.6 Judging the relative significance of soft innovations	30
2.7 Science	35
2.8 Research and development	36
2.9 Patenting	39
2.10 Conclusions	40
Appendix A2.1: The Market-based Approach to Valuing the Significance of Soft Innovation	42
A2.1.1 Introduction	42
A2.1.2 Soft innovation and the demand curve	45
A2.1.3 Soft innovation and the supply curve	46
A2.1.4 The significance of soft innovation	46

Contents

Appendix A2.2: The Creative Industries	47
A2.2.1 The creative industries, an introduction	47
A2.2.2 The number of creative businesses	51
A2.2.3 Output and exports in the creative industries, United Kingdom	52
A2.2.4 The location of the creative industries in the United Kingdom	53
A2.2.5 Creative employment in the United Kingdom	53
A2.2.6 International comparisons	54
A2.2.7 An overview	57
Chapter 3: Aggregate Measures of Soft Innovation	58
3.1 Introduction	58
3.2 Innovation surveys	61
3.3 Output of soft innovation and employment of soft innovators in the creative industries	63
3.4 Employment of innovators outside the creative industries	65
3.5 Design	66
3.6 Copyrights and trademarks	71
3.7 The PIMS database	78
3.8 Conclusions	79
Chapter 4: Soft Innovation in the Creative Industries: Books, Recorded Music, and Video Games	82
4.1 Introduction	82
4.2 Product variant launches as a measure of the rate of soft innovation	83
4.3 Book publishing	84
4.4 Recorded music	94
4.5 Video games	102
4.6 Soft innovation in the creative industries: conclusions	110
Chapter 5: Soft Innovation Outside the Creative Industries: Food, Pharmaceuticals, and Financial Services	113
5.1 Introduction	113
5.2 The food industry	114
5.3 Pharmaceuticals	121
5.4 Financial services	128
5.5 Soft innovation outside the creative sector: an overview	133

Part II: The Economic Analysis of Soft Innovation	135
Chapter 6: The Economic Analysis of TPP Innovation as a Foundation for the Analysis of Soft Innovation	137
6.1 Introduction	137
6.2 Some models of TPP innovation	138
6.3 Soft innovations: a special case?	148
6.4 Conclusion	157
Chapter 7: The Supply of Soft Innovations	159
7.1 Introduction	159
7.2 Horizontal product differentiation	161
7.3 Vertical product differentiation	183
7.4 Conclusions	190
Chapter 8: The Diffusion of Soft Innovations	192
8.1 Introduction	192
8.2 The epidemic approach	195
8.3 The diffusion of soft innovations in horizontally differentiated markets	197
8.4 The diffusion of soft innovations in vertically differentiated markets	207
8.5 An overview	210
8.6 Normative issues	212
8.7 Conclusion	216
Chapter 9: Soft Innovation and Uncertainty: Variant Proliferation, Insurance Markets, and Finance	219
9.1 Introduction	219
9.2 Uncertainty and variant proliferation	222
9.3 Uncertainty and market failure	235
9.4 Conclusions	239
Chapter 10: Soft Innovation, Intellectual Property Rights, Competition, and Welfare	241
10.1 Introduction	241
10.2 The patent system	246
10.3 Copyrights	255
10.4 Design rights	260
10.5 Trademarks	262
10.6 Conclusions	267

Contents

PART III: Impacts and Implications	271
Chapter 11: The Impact of Soft Innovation upon Firm Performance	273
11.1 Objectives	273
11.2 Standard approaches to modelling the impact of innovation on firm performance: productivity	274
11.3 Standard approaches to modelling the impact of innovation on firm performance: profitability	276
11.4 Soft innovation and firm performance: the evidence from copyrights, trademarks, design, and the PIMS database	279
11.5 The impact of soft innovation: a critical overview	284
11.6 The impact of soft innovation on firm performance: some examples	287
11.7 Conclusions	292
Appendix 11.1: Productivity, R&D, and patents: an empirical overview	294
Appendix 11.2: Profitability, R&D, patents, and diffusion: the empirical evidence	297
Chapter 12: Soft Innovation and Government Policy	301
12.1 Introduction	301
12.2 Market failures	303
12.3 International comparisons	309
12.4 Policy instruments	315
12.5 Arts and science	322
12.6 Conclusions	326
Chapter 13: Conclusions and Future Prospects	328
13.1 Introduction	328
13.2 The extent of soft innovation	330
13.3 The determinants of the rate and direction of innovation	331
13.4 The impacts of soft innovation	333
13.5 Government policy	333
13.6 Future research	334
