MANAGING QUALITY
INTEGRATING THE SUPPLY CHAIN

GLOBAL EDITION

S. Thomas Foster
Brigham Young University
PART I UNDERSTANDING QUALITY CONCEPTS 27

Chapter 1 Differing Perspectives on Quality 28

Recognizing Different Perspectives on Quality 28

- A CLOSER LOOK AT QUALITY 1-1: Which Is Better, Digital or Analog? 29

What Is Quality? 29

- Product Quality Dimensions 29
- Service Quality Dimensions 32
- Why Does It Matter That Different Definitions of Quality Exist? 33

Differing Functional Perspectives on Quality 34

- A Supply Chain Perspective 34
- An Engineering Perspective 35
- An Operations Perspective 37
- A Strategic Management Perspective 39

- QUALITY HIGHLIGHT 1-1: Quality Strategy at GE 41

- A Marketing Perspective 42
- A Financial Perspective 43

- The Human Resources Perspective 45
- Is Quality Management Its Own Functional Discipline? 46

The Three Spheres of Quality 47

- QUALITY HIGHLIGHT 1-2: Federal Express Corporation 49

Other Perspectives on Quality 50

- The Value-Added Perspective on Quality 50
- Cultural Perspectives on Quality 50

Arriving at a Common Understanding of Quality Using a Contingency Perspective of Quality 50

Summary 51 • Key Terms 51 • Discussion Questions 52

- CASE 1-1: FedEx: Managing Quality Day and Night 53
- CASE 1-2: Granite Rock Company: Achieving Quality through Employees 55

Chapter 2 Quality Theory 56

What Is Theory? 56

Is There a Theory of Quality Management? 58

- A CLOSER LOOK AT QUALITY 2-1: The Product That Is Quality 58
Contents

History of Quality Management 60
Leading Contributors to Quality Theory: W. Edwards Deming 60
  Deming’s 14 Points for Management 62
  The Deadly Diseases 66
Leading Contributors to Quality Theory:
  Joseph M. Juran 67
  The Juran Trilogy 67
  Control versus Breakthrough 68
  Project-by-Project Improvement 68
  A CLOSER LOOK AT QUALITY 2-2: Juran on the Past Century of Quality 69
Pareto Analysis 70
Leading Contributors to Quality Theory:
  Kaoru Ishikawa 71
  The Basic Tools of Quality 71
  Ishikawa’s Quality Philosophy 71
Leading Contributors to Quality Theory: Armand Feigenbaum 72
  The 19 Steps of TQC 73
Leading Contributors to Quality Theory: Philip Crosby 73
Leading Contributors to Quality Theory: Genichi Taguchi 75
  Definition of Quality 75
  Quality Loss Function 75
  Robust Design 76
Leading Contributors to Quality Theory: The Rest of the Pack 76
  Robert C. Camp 76
  Stephen R Covey’s “8” Habits 76
  Tom Peters 77
  Michael Hammer and James Champy 78
  A CLOSER LOOK AT QUALITY 2-3: Hammer Recants (Sort of), or In Search of the Lost Product to Sell 78
Viewing Quality Theory from a Contingency Perspective 79
Resolving the Differences in Quality Approaches:
  An Integrative View 80
  Leadership 81
  Employee Improvement 82
  Quality Assurance 82
  Customer Focus 82
  Quality Philosophy 82
Chapter 3  Global Supply Chain Quality and International Quality Standards  89

Managing Quality for the Multinational Firm (MNF)  90

- QUALITY HIGHLIGHT 3-1: Supply Chain Quality in the Global Context  94

Quality Improvement: The American Way  95

The Malcolm Baldrige National Quality Award  95

- The Baldrige Process  99

  - A CLOSER LOOK AT QUALITY 3-1: Who Was Malcolm Baldrige?  100

- Baldrige Scoring  101

- Being a Baldrige Examiner  103

- QUALITY HIGHLIGHT 3-2: Harland Clarke, Inc.  104

State Awards  105

Quality Improvement: The Japanese Way  106

- Deming Prize  106

- Other Japanese Contributions to Quality Thought  107

  - Lean Production  107

  - Japanese Total Quality Control (TQC)  108

Quality Improvement: The European Way  110

- European Quality Award  110

ISO 9000:2008  111

- Selecting a Registrar  116

- The ISO 9000-2008 Process  116

ISO 14000  117

Quality Improvement: The Chinese Way  119

- Does Chinese Quality Management Exist?  119

- A CLOSER LOOK AT QUALITY 3-2: Outsourcing Woes  120
Part II  Designing and Assuring Quality  127

Chapter 4  Strategic Quality Planning  128

Strategy Content  128
The Importance of Time in Quality Improvement  128

■ A CLOSER LOOK AT QUALITY 4-1: Problems with Measuring Educational Performance  130
Leadership for Quality  131
Leadership Dimensions  132
Quality and Ethics  133

■ QUALITY HIGHLIGHT 4-1: Solectron Corporation  134
Quality as a Strategy  135
Costs of Quality  135
PAF Paradigm  136
Accounting for Quality-Related Costs  137
Lundvall-Juran Quality Cost Model  139
Differentiation through Quality  139
Focus through Quality  140
Order Winners  140
Quality as a Core Competency  141
Quality Strategy Process  142
Forced-Choice Model  142
Deploying Quality (Hoshin Kanri)  143

■ A CLOSER LOOK AT QUALITY 4-2: A Mature Strategic Planning Process  143
Does Quality Lead to Better Business Results?  144
Quality and Price  146
Quality and Cost  146
Quality and Productivity  146
Quality and Profitability  147
Quality and the Environment  147
Supply Chain Strategy  148

Summary  149 • Key Terms  150 • Discussion Questions  150 • Problems  151
CASE 4-1: Ames Rubber Corporation: Realizing Multiple Benefits through Improved Quality 152
CASE 4-2: Make No Mistake—At Eastman Chemical, Quality Is a Strategic Issue 154

Chapter 5 The Voice of the Customer 156
Customer-Driven Quality 157
A CLOSER LOOK AT QUALITY 5-1: Customer Service on the Internet 157
The Pitfalls of Reactive Customer-Driven Quality 158
Customer-Relationship Management 160
Complaint Resolution 161
Feedback 162
Guarantees 162
Corrective Action 163
The “Gaps” Approach to Service Design 163
Segmenting Customers and Markets 165
Strategic Supply Chain Alliances between Customers and Suppliers 168
The Role of the Customer in the Supply Chain 168
Communicating Downstream 169
Actively Solicited Customer-Feedback Approaches 170
Telephone Contact 170
Focus Groups 171
Customer Service Surveys 171
A CLOSER LOOK AT QUALITY 5-2: Misusing Surveys 172
Passively Solicited Customer-Feedback Approaches 175
Customer Research Cards 176
Customer Response Lines 176
Web Site Inquiries 177
Managing Customer Retention and Loyalty 177
Customer-Relationship Management Systems (CRMS) 179
A Word on Excellent Design 181
Summary 182 • Key Terms 183 • Discussion Questions 183 • Problems 184
CASE 5-1: Customer Quality Feedback at Apple Computer 185
CASE 5-2: Chaparral Steel: Achieving High Quality through a Commitment to Both External and Internal Customers 186
Chapter 6  The Voice of the Market  188
What Do We Mean by the Voice of the Market?  188
Gaining Insight through Benchmarking  189
  Process Benchmarking  190
  Financial Benchmarking  190
  Performance Benchmarking  191
  Product Benchmarking  191
  Strategic Benchmarking  191
  • QUALITY HIGHLIGHT 6-1: Pal's Sudden Service  191
  Functional Benchmarking  193
Purposes of Benchmarking  193
Difficulties in Monitoring and Measuring Performance  193
Commonly Benchmarked Performance Measures  197
  Why Collect All These Measures?  198
  Key Business Factors  198
Business Process Benchmarking  199
  Robert Camp’s Business Process Benchmarking Process  200
Leading and Managing the Benchmarking Effort  202
  • A CLOSER LOOK AT QUALITY 6-1: Toyota: Benchmarking American Auto Companies (Before It Was Called Benchmarking)  202
Training  203
Baselining and Reengineering  203
  • A CLOSER LOOK AT QUALITY 6-2: The Legal Environment of Benchmarking  204
Problems with Benchmarking  206
Summary  207 • Key Terms  207 • Discussion Questions  207 • Problems  208
  ▶ CASE 6-1: Amgen Corporation: Using Benchmarking as a Means of Coping with Rapid Growth  211
  ▶ CASE 6-2: AT&T Teleholdings: Making Benchmarking a Part of the Process Improvement Tool Kit  213

Chapter 7  Quality and Innovation in Product and Process Design  215
Designing Products for Quality  215
The Design Process  216
  • QUALITY HIGHLIGHT 7-1: A Turnaround at Kellogg’s Cereals: Driven by Design  218
Quality Function Deployment (QFD)  220
Technology in Design  226
Other Design Methodologies  228
  Organizing the Design Team  228
The Product Life Cycle  229
### Product Families and the Product Life Cycle
- **A CLOSER LOOK AT QUALITY 7-1**: Ski Design

### Complementary Products
- **Designing Products That Work**
- **A CLOSER LOOK AT QUALITY 7-2**: Why It Takes a Rocket Scientist to Design a Golf Ball

### Design for Manufacture Method
- **Design for Maintainability**
- **Designing for Reliability**
  - **Reliability Analysis Tools**
  - **Failure Modes and Effects Analysis**
  - **QUALITY HIGHLIGHT 7-2**: Designing Reliable Luxury at Vuitton
  - **How FMEA Works**
  - **Fault-Tree Analysis**
  - **Failure Modes, Effects, and Criticality Analysis**
  - **Product Traceability and Recall Procedures**

### Environmental Considerations in Design
- **Summary**
- **Key Terms**
- **Discussion Questions**
- **Problems**

#### CASE 7-1: Designing the Ford Taurus: Why Quality Had to Be Job 1

#### CASE 7-2: Nucor Corporation: Producing Quality Steel by Stressing Sound Management Practices

### Chapter 8 Designing Quality Services

#### Differences between Services and Manufacturing
- **Internal versus External Services**
- **Voluntary versus Involuntary Services**
- **How Are Service Quality Issues Different from Those of Manufacturing?**
- **A CLOSER LOOK AT QUALITY 8-1**: Service Warranties: Profitable or a Rip-Off—You Decide

#### How Are Service Quality Issues Similar to Manufacturing?
- **What Do Services Customers Want?**
- **QUALITY HIGHLIGHT 8-1**: Ritz-Carlton Hotels

#### SERVQUAL
- **Expectations**
- **Perceptions**
- **Gap Analysis**

#### Assessing Differences in Expectations and Perceptions by Using the Differencing Technique
Designing and Improving the Services Transaction 265
Services Blueprinting 265
Moments of Truth 266
■ A CLOSER LOOK AT QUALITY 8-2: Quality in Health Care 267
Poka-yoke 268
The Customer Benefits Package 269
Service Transaction Analysis 271
Improving Customer Service in Government 273
Quality in Health Care 275
Supply Chain Quality in Services 275
A Theory for Service Quality Management 276
Summary 277 • Key Terms 277 • Discussion Questions 278 • Problems 278
► CASE 8-1: Yahoo! Designs Quality Services with Customers in Mind 280
► CASE 8-2: UPS: Delivering the Total Package in Customer Service 281

Chapter 9 Managing Supplier Quality in the Supply Chain 283
The Value Chain 283
The Chain of Customers 284
Managing the Supply Chain 284
Supplier Partnering 286
■ A CLOSER LOOK AT QUALITY 9-1: Supply Chains and Terrorism 287
Single-Source Examples 288
■ QUALITY HIGHLIGHT 9-1: Supplier Partnerships at Mercedes-Benz 289
Supplier Development 290
■ QUALITY HIGHLIGHT 9-2: Integrating Forward Along the Supply Chain: 3M Dental Products Division 291
Supplier Awards 292
Supplier Relationship Management Systems (SRMS) 293
Applying the Contingency Perspective to Supplier Partnering 293
A Supplier Development Program:
ISO/TS 16949 294
ISO/TS 16949 294
Quality Management System 294
Management Responsibility 295
Resource Management 296
Product Realization  296
Measurement, Analysis, and Improvement  296

Acceptance Sampling and Statistical Sampling
Techniques  296
Is Acceptance Sampling Needed?  296

A CLOSER LOOK AT QUALITY 9-2: For RFID to Take Hold, Reliability Needs to Improve  297

Building an Understanding of Supply Chain Quality
Management  298
Summary  298  •  Key Terms  299  •  Discussion Questions  299
CASE 9-1: AT&T: Setting High Standards for Suppliers and Rewarding Supplier Performance  300
CASE 9-2: Managing the Supply Chain at Honeywell  301

Appendix Acceptance Sampling Fundamentals  303

Part III Implementing Quality  315

Chapter 10 The Tools of Quality  316
Improving the System  316
Ishikawa’s Basic Seven Tools of Quality  317
Process Maps  318
CASE 10-1: Extended Process Mapping of Supply Chains  322
Check Sheets  324
Histograms  326
Scatter Diagrams  327
Control Charts  329
Cause-and-Effect (Ishikawa) Diagrams  329
Pareto Charts  331
The Seven New Tools for Improvement  334
The Affinity Diagram  335
The Interrelationship Digraph  337
Tree Diagrams  340
Prioritization Grid  340
Matrix Diagram  344
Process Decision Program Chart  345
Activity Network Diagram  346
Reflections on the Managerial N7 Tools  346
Other Tools for Performance Measurement  347
Spider Charts  347
Balanced Scorecards  348
Dashboards  348
Summary  349  •  Key Terms  350  •  Discussion Questions  350  •  Problems  350
Chapter 11 Statistically Based Quality Improvement for Variables 358

Statistical Fundamentals 358

What Is Statistical Thinking? 358

QUALITY HIGHLIGHT 11-1: Statistical Tools in Action 359

Why Do Statistics Sometimes Fail in the Workplace? 360

What Do We Mean by the Term Statistical Quality Control? 361

Understanding Process Variation 361

Process Stability 362

Sampling Methods 362

Random Samples 363

Systematic Samples 363

Sampling by Rational Subgroups 363

Planning for Inspection 364

Process Control Charts 364

Variables and Attributes Control Charts 364

A Generalized Procedure for Developing Process Charts 365

Understanding Control Charts 365

\( \bar{x} \) and \( R \) Charts 367

Interpreting Control Charts 369

Using Excel to Draw \( \bar{x} \) and \( R \) Charts 373

\( X \) and Moving Range (\( MR \)) Charts for Population Data 374

Using Excel to Draw \( X \) and \( MR \) Charts 376

Median Charts 377

Using Excel to Draw Median Charts 380

\( \bar{x} \) and \( s \) Charts 380

Using Excel to Draw \( s \) and \( \bar{x} \) Charts 381

Other Control Charts 381

Moving Average Chart 381

Cusum Chart 382

Some Control Chart Concepts for Variables 383

Choosing the Correct Variables Control Chart 383

Corrective Action 383
Chapter 12 Statistically Based Quality Improvement for Attributes 399

Generic Process for Developing Attributes Charts 400
Understanding Attributes Charts 400
- p Charts for Proportion Defective 400
- Using Excel to Draw p Charts 403
- np Charts 403
- Using Excel to Draw np Charts 405
- c and u Charts 405
- Using Excel to Draw c and u Charts 408

Attributes Charts Summary 408
Choosing the Right Attributes Chart 408
Reliability Models 408
- Series Reliability 411
- Parallel Reliability 412
- Measuring Reliability 413
- Mean Time to Failure (MTTF) 413

A CLOSER LOOK AT QUALITY 12-1: Is Quality on the Decline? 414
System Availability 415
- Summary 416

Chapter 13 Six Sigma Management and Lean Tools 424

What Is Six Sigma? 424
Organizing Lean-Six Sigma 427
Packing Lean with Six Sigma 428
Contents

Team Formation and Evolution 468
Team Rules 469
Types of Teams 470
  Process Improvement Teams 470
  Cross-Functional Teams 470
  Tiger Teams 471
  Natural Work Groups 471
  Self-Directed Work Teams 471
  Virtual Teams 471
  A CLOSER LOOK AT QUALITY 14-2: Lessons from Effective Teams
    Outside the Business World 472
Implementing Teams 473
  Meeting Management 473
  Conflict Resolution in Teams 475
  Saving Quality Teams from Failure: Diagnosing Problems
    and Intervening before It Is Too Late 478
Managing and Controlling Projects 478
  Qualifying Projects 479
  Project Charters 480
Force-Field Analysis 480
  Work Breakdown Structure (WBS) 481
  Identifying Precedence Relationships 483
  Identifying Outcome Measures 483
  Identifying Task Times 483
  Activity Network Diagrams 484
  Arrow Gantt Charts 488
Managing Multiple Projects 488
  Summary 489  •  Key Terms 490  •  Discussion
  Questions 491  •  Problems 491
  ▶ CASE 14-1: Whole Foods: Using Teamwork as a Recipe for
    Success 494
  ▶ CASE 14-2: The Boeing 777: Designing and Building an Airplane
    Using Virtual Teams 496

Chapter 15 Implementing and Validating the Quality System 498
Building Blocks for the System of Quality Improvement 499
  People 499
  Organizational Learning and Knowledge 500
  Culture 501
  Closeness to Customers 501
  Information and Finance 502
The Three Spheres of Quality  503
The Integrative Approach  503
Alignment between the Quality System and Strategy  503

Internal Validation: Documenting and Assessing the Quality System  504

- QUALITY HIGHLIGHT 15-1: Back to Basics at Ford  504
- A CLOSER LOOK AT QUALITY 15-1: A Simple Self-Assessment Tool  507

Quality Audits  510

Quality Audit Process  511
Types of Audits  512
Operational Audits  512
Performance Audits  512

- A CLOSER LOOK AT QUALITY 15-2: Quality Audits in Action  514

Validating the Quality System  516

Summary  517 • Key Terms  518 • Discussion Questions  518 • Problems  518

- CASE 15-1: Setting Priorities Using the Baldrige Criteria  518

Appendix  521
Glossary  524
Index  536
