External constraints on macroeconomic policy: the European experience

Edited by
GEORGE ALOGOSKOUFIS,
LUCAS PAPADEMOS
and
RICHARD PORTES
Contents

List of figures xi
List of tables xiv
Preface xix
List of conference participants xx

1 Introduction 1
George Alogoskoufis, Lucas Papademos, and Richard Portes
1 The nature of external constraints 1
2 External constraints in theory and practice 3
3 Country studies 6

2 Global financial integration and current account imbalances 10
Michael Artis and Tamim Bayoumi
1 Introduction 10
2 Definitions 10
3 Analysis of the balance of payments 11
4 Saving–investment correlations 20
5 Consumption paths and financial integration 25
6 Conclusions 27
Appendix: Policy reaction functions 28
Discussion 38
Charles Wyplosz

3 The solvency constraint and fiscal policy in an open economy 41
David Currie and Paul Levine
1 Introduction 41
2 The public sector and national budget constraints 42
3 The model 45
Contents

4 National solvency without stabilization policy 48
5 Fiscal policy with reputation 51
6 Fiscal policy without reputation 58
7 Conclusions 63
Appendix: Linearization and calibration 65
Discussion 68

Lucas Papademos

4 Relaxing the external constraint: Europe in the 1930s 75
Barry Eichengreen
1 Introduction 75
2 Why was devaluation a necessary precondition for recovery? 77
3 The response to devaluation 86
4 Implications for the performance of financial and commodity markets 96
5 Conclusions 110
Appendix 4A: Devaluing countries, by year of devaluation, and members of the control group 111
Appendix 4B: Construction of effective exchange rates 111
Appendix 4C: Macroeconomic data for Tables 4.4–4.11 112
Discussion 117

Louka T. Katseli

5 External constraints on European unemployment 120
George Alogoskoufis and Christopher Martin
1 Stylized facts about European unemployment 124
2 Equilibrium unemployment in open economies 126
3 An equilibrium model with commodity prices 133
4 A model with sluggish price adjustment 138
5 European unemployment and the external constraint 144
6 Conclusions 158
Appendix: Listing of the model for the Group of Five 158
Discussion 163

Charles R. Bean

6 France and Germany in the EMS: the exchange rate constraint 167
Daniel Cohen and Charles Wyplosz
1 Introduction 167
2 Stylized facts 169
3 A theoretical interpretation of policy choices
4 An empirical interpretation
5 Policy interpretation
Appendix A: Cointegrating equations
Discussion
David Currie

7 The external constraint in the UK
Charles R. Bean
1 Introduction: some economic history
2 The external constraint: is it just a solvency requirement?
3 Prospects for the future
Discussion
Michael Artis

8 Savings, investment, government finance, and the current account: the Dutch experience
Hugo A. Keuzenkamp and Frederick van der Ploeg
1 Introduction
2 The Dutch economy in the 1980s
3 Short-sightedness in the budgetary policies of Dutch governments
4 Monetary discipline and the advantages of a firm EMS anchor
5 Investment, government deficits, and the current account
6 Capital mobility and the external constraint
7 Concluding remarks
Discussion
Christopher Martin

9 Fiscal deficits, seigniorage, and external debt: the case of Greece
George Alogoskoufis and Nicos Christodoulakis
1 Macroeconomic developments in Greece in the 1980s
2 A model of optimal savings, deficits, and debts
3 Stabilizing a rising public debt–GDP ratio
4 Seigniorage, public debt, and external debt
5 Public and external debt stabilization in Greece
6 Conclusions
Appendix 9A: Stability analysis of the model
Appendix 9B: Estimates of money demand functions 293
Discussion 301
Paul Levine

10 Macroeconomic policy, external targets, and constraints: the case of Spain 304
Juan J. Dolado and José Viñals
1 Introduction 304
2 Macroeconomic performance and policies in Spain 306
3 Solvency, sustainability and the external constraint 309
4 Testing for solvency and dynamic inefficiency 314
5 How solvent and efficient is the Spanish economy? 320
6 External targets and economic policies 327
7 Conclusions 335
Discussion 339
Yves Barroux

11 Macroeconomic policy and the external constraint: the Danish experience 342
Søren Bo Nielsen and Jørgen Søndergaard
1 Introduction 342
2 The Danish economy 343
3 Foreign debt: how did we get there? 356
4 The nature of the external constraint 366
5 Conclusions 369
Discussion 371
Nicholas C. Garganas
