Innovation Networks and Clusters
The Knowledge Backbone
# Table of Contents

**ACKNOWLEDGEMENTS** ........................................................................................................... 7

**INTRODUCTION**  
The Knowledge Base of Innovation Networks .........................................................11  
*Blandine LAPERCHE and Dimitri UZUNIDIS*

**FIRST PART**  
INNOVATION NETWORKS AND CLUSTERS AS KNOWLEDGE BOOSTERS

**CHAPTER I**  
Conceptualising Innovation Networks and Clusters ..............................................21  
*Abdelillah HAMDOUCH*

**CHAPTER II**  
Networking Innovation and Intellectual Property Rights.  
The Enterprise’s Knowledge Capital ..............................................................65  
*Blandine LAPERCHE*

**CHAPTER III**  
Guanxi and the Business Environment in China.  
An Innovative Network as a ‘Process of  
a Knowledge-based Economy’ ...............................................................89  
*Francis MUNIER and Cao HUAN*

**CHAPTER IV**  
The Dynamics between Plural and Network-based  
Enterprise-technologies in Small High-Tech Firms ..................................101  
*Thierry BURGER-HELMCHEN*

**SECOND PART**  
KNOWLEDGE POOL AND CLUSTERING INNOVATION

**CHAPTER V**  
The Local Basis of Innovation  
and Growth Processes .................................................................123  
*Maryann P. FELDMAN*
CHAPTER VI
The Innovative Milieu as the Driving Force of Entrepreneurship ......................................................... 135
Sophie BOUTILLIER and Dimitri UZUNIDIS

CHAPTER VII
Biotechnology and Nanotechnology Innovation Networks in Canadian Clusters .................................. 159
Catherine BEAUDRY and Andrea SCHIFFAUEROVA

CHAPTER VIII
Identifying Clusters in the Puget Sound Region ................................................................. 201
Paul SOMMERS and William B. BEYERS
