Preface  x  
A note about the title  xiii  

one  Introduction  1  

**Part One: The rise of growth scepticism**  
two  Polar opposites: supporters and opponents of growth  17  
three  An indirect attack: the many forms of scepticism  31  
four  Mainstream and elitist: the character of sceptic ideology  59  
five  Narrowing horizons: why scepticism triumphed  73  

**Part Two: Counter-arguments**  
six  Better than ever: growth benefits humanity  95  
seven  Environment: subjugate nature  123  
eight  Happiness: conservatism in disguise  163  
nine  Inequality: development not restraint  191  
ten  Conclusion: abundance for all  231
