1 Redistribution and Stratification Dynamics Under State Socialism
   Introduction 1
   Social Stratification in a Comparative Perspective 5
   Redistribution and Stratification Dynamics Under State Socialism 7
   The Political Logic of Redistribution 7
   The Bureaucratic Class Thesis 9
   Redistributive Institutions Thesis 13
   Stratification Dynamics Under State Socialism 16

Institutional Transformation and Stratification Processes in the Reform Era 26
   The Theoretical Debate 27
   Coevolution Between Politics and Markets 30
   Looking Ahead 33

2 Overview: Historical Context and Research Design 35
   Changing Historical Contexts in Urban China 35
   The 1949–1965 Period 36
   The 1966–1979 Period 38
   The 1980–1994 Period 39
The Evolution of Redistributive Institutions and Life Chances 40
Labor Force Composition 40
Composition of Industrial Output Across Sectors 46
Educational Opportunities 47
The Life History Data From “The State and Life Chances” Project 50
Sampling 51
Research Design Considerations 52
Focus of Analysis: Different Aspects of the Stratification System 53
Main Covariates of Theoretical Interest 54
Statistical Analysis: Models and Methods 60
The Concept of the “Risk Set” 60
Periodization 61
Models 61
Missing Values 64
Chapter Summary 64

PART ONE. REDISTRIBUTION AND STRATIFICATION DYNAMICS:
EMPIRICAL EVIDENCE

3 Educational Stratification 69
Education and Social Stratification: The Issues 71
Historical Evolution of Educational Opportunities 75
State Policies, Social Origins, and Educational Attainment:
Further Analyses 80
Overview: Do Social Origins Matter? 83
Effects of Gender and Social Origins on Transition Rates Across Historical Periods 85
Effects of Family Class Background 93
Chapter Summary 95

4 Entry Into the Labor Force: Patterns of First-Job Attainment 98
The Concept of Job in a Comparative Perspective 99
Occupational Status 100
The Hierarchy of Work Organizations 102
Descriptive Patterns of Entry Into the Labor Force 103
Entry Into First Occupation 104
Entry Into First Organization 105
Explaining Entry Into First Jobs: The Overall Pattern 107
Overall Patterns of First-Job Attainment 108
Period-Specific Job-Attainment Patterns 111
Entry Into First Occupation 112

## Contents

Cross-Sectional Analyses of Income Determinants 202
Comparing Changes Across Two Eras: A Mixed Model for Panel Data 209
Exploration of Regional Variations 216
Comparison With the OLS Results and Other Studies 221
Chapter Summary 221

### 8 Redistribution and Latent Economic Benefits
Redistribution and Latent Economic Benefits 225
Policy on Maternity Leave: An Illustration 226
The Issues 227
Distribution of Latent Economic Benefits: Historical Overview 229
A Case Study: Determinants of Housing Distribution 233
Determinants of Housing Space 234
Determinants of Housing Quality 239
Chapter Summary 240
Implications for Understanding Redistribution and Stratification Dynamics 240
Implications for Understanding Recent Economic Transformation 243

### 9 Institutional Changes and Patterns of Job Shifts
Job-Shift Patterns as a Focus of Study 246
Why Study Job Shifts? 247
Explaining Job Shifts: Some Considerations 249
Analytical Strategies in Modeling Job Shifts 251
Historical Trends of Job Shift Patterns 253
Explaining Job Shift Patterns Across Historical Periods 255
External Job Shifts: Moves Across Types of Organizations 255
Internal Job Shifts: Moves Within Types of Organizations 261
External Job Shifts: Moves Across Economic Sectors 265
Chapter Summary 269

### 10 Economic Transformation and Life Chances: A Life-Course Perspective
Institutional Changes and Life-Course Implications 272
Empirical Implications 277
Job-Shift Patterns: Cohort Difference in Response to Opportunities 277
Determinants of Personal Income: Cohort Variations in Economic Resources 279
Historical Context, Cohort Attributes, and Evolving Opportunity Structures 280
Contents

Response to Opportunities and Risks: Cohort Variations in Job-Shift Patterns 284
Cohort Variations in Economic Rewards 290
Chapter Summary 293

PART THREE. SUMMARY AND CONCLUSION

11 Social Stratification Under State Socialism: Summary and Assessment 299
The Bureaucratic Class Thesis Revisited 300
Socioeconomic Status and Bureaucratic Privileges 300
Authority Relationships in Work Organizations 303
Intergenerational Status Inheritance 306
A Summing Up 308
Human Capital Versus Political Capital 309
Redistributive Institutions in Social Stratification 311
Stratification Dynamics Under State Socialism: Theoretical Implications 312
Further Issues 315

12 Stratification Dynamics and Institutional Transformation 317
Rethinking State–Society Relationship Under State Socialism 317
Imageries of Society under State Socialism 318
An Institutional Model of Unorganized Interests and Collective Action 320
Stratification Dynamics and State–Society Relationship: Further Considerations 322
The Social Basis of Institutional Transformation in China 324
Erosion of the Organizational Basis of Redistribution 325
Life Experiences and Ideological Crises 327
From Social Stratification to Institutional Transformation 330
Beyond China and Beyond State Socialism 333
