PART I BASIC ECONOMIC BACKGROUND
FOR REAL ESTATE ANALYSIS 1

I INTRODUCTION TO REAL ESTATE ECONOMICS 2
WHAT IS ECONOMICS? 3
WHAT IS REAL ESTATE? 3
WHAT IS REAL ESTATE ECONOMICS? 4
WHAT REAL ESTATE ECONOMICS IS NOT 4
WHY IS REAL ESTATE ECONOMICS SO INTERESTING? 5
WHY SHOULD YOU STUDY REAL ESTATE ECONOMICS? 5
A GENERAL OVERVIEW 6
CHAPTER OUTLINES 6
A FINAL WORD 7
2 REVIEW OF THE ECONOMIC PRINCIPLES OF CAPITALISM 8

2.1 BASIC ECONOMIC CONCEPTS 9

- Economics Revisited
- Choice and Opportunity Cost: No Free Lunch
- Economics Is an Inexact Science
- Economic Solutions May Contain Value Judgments
- The Different Economic Systems
- Real World Economies
- No Economic System Is Perfect
- Basic Principles of Pure Capitalism
- How Pure Capitalism Answers the Questions What, How, and for Whom
- Modern Mixed Capitalism in the United States

2.2 ECONOMIC PRINCIPLES IN ACTION 17

- The Factors of Production
- Rent, Wages, Interest, Profit, and Income
- The Circular Flow of the Economy

2.3 MARKETS AND PRICES 21

- What Determines Prices and Output?
- Perfect versus Imperfect Markets
- Demand and Supply: The Classic Answer to Price Determination
- Demand, Supply, Supply and Demand Together
- Determine Output and Price Levels
- Elasticity
- The Flow of the Economy Revisited
- Impact of International Trade
- International Trade Concepts
- International Trade: Is Self-Sufficiency Better?
- The Economic Theory Sounds Good, But ...

CASE & POINT—ADAM SMITH, ECONOMIC PHILOSOPHER 34

3 GOVERNMENT’S ROLE IN THE ECONOMY 38

3.1 THE REAL WORLD OF MARKETS AND GOVERNMENT 39

- Government Intervention in the Economy
- How Government Economic Intervention Changed
- Flow of the Economy—The Government Included

3.2 MEASURING THE PERFORMANCE OF THE ECONOMY 43

- National Income Accounting
- The Details Behind the GDP Totals
- Other Income Measurements
- Keeping Up with National Income
- The Importance of Employment Data
- Other Economic Data
- Foreign Ownership of U.S. Businesses and Real Estate
- Composition of Foreign Investment

3.3 CHANGES IN ECONOMIC ACTIVITY 55

- The Phases of the Business Cycle
- Causes of Business Cycles
- Real Estate Cycles
- Using Economic Indicators
- Forecasting Changes in Economic Activity
3.4 GOVERNMENT TOOLS TO FIGHT ECONOMIC PROBLEMS  61

Fiscal Policy • Monetary Policy • The Theory Sounds Good, but There Are Some Problems • Automatic Stabilizers • The Measurement Problems

CASE & POINT—LAFFER CURVE  74

4  MONEY, CREDIT, AND REAL ESTATE  76

4.1 THE SUPPLY OF MONEY  77

What is Money? • What Makes “Good” Money? • Money Today • Credit Cards Are Not Money • Depository Institutions Create Money • How Fractional Reserves Create Money • Federal Deposit Insurance • Too Much Money Can Cause Inflation and Cause Harm • Real Estate Markets and Inflation • The Importance of Controlling the Supply of Money

4.2 THE FEDERAL RESERVE SYSTEM  88

Purpose and Structure of the Federal Reserve System • How the Federal Reserve Attempts to Control the Money Supply • Major Tools of the Federal Reserve • Federal Funds Rate • The LIBOR Rate • A Review of the Major Federal Reserve Tools

4.3 HOW THE ACTIONS OF THE FEDERAL RESERVE AFFECT REAL ESTATE  96

Tight-Money Policies and Real Estate • Does the Fed Discriminate Against Housing When It Tightens Money? • Easy-Money Policies and Real Estate • Recovery in the Real Estate Market Normally Precedes a Recovery in the National Economy • Mortgage Market Reforms

4.4 THE FED’S EMERGENCY POWERS  100

Trust and Counter-Party Risk • The Panic and the Fed’s Response

5  IMPORTANT ECONOMIC FEATURES OF REAL ESTATE  116

5.1 ECONOMIC CHARACTERISTICS OF REAL ESTATE MARKETS  117

Does This Mean That the Principles of Supply and Demand Do Not Work in Real Estate Markets?

5.2 HOW REAL ESTATE MARKETS REACT TO CHANGES IN DEMAND  122

What Causes Supply and Demand for Real Estate to Change?
• Foreign Ownership of U.S. Real Estate • Why Have Real Estate Professionals • Impact of the Internet
PART II  UNDERSTANDING REAL ESTATE MARKETS  149

6  REGIONAL AND COMMUNITY ANALYSIS  150

6.1 WHY AND WHERE COMMUNITIES FORM  151
   The History of Communities  •  What Determines Community Location?  •  Reasons for American City Locations  •  How the City's Origin Fits In

6.2 WHY THE COMMUNITY GROWS  156
   The Community as an Economy  •  Setting Community Goals

6.3 HOW TO STUDY A COMMUNITY  163
   Traditional Community Analysis  •  Basic Employment Reviewed  •  Regional Economic Studies  •  The Gatekeeping Syndrome  •  Sources of Data

CASE & POINT—"WHERE ARE WE MOVING TO?"  173

7  COMMUNITY GROWTH PATTERNS  176

7.1 LAND-USE PATTERNS  177
   How Economics Determines Land Use  •  Why Patterns?  •  What Are the Rules?  •  The Noneconomic Factors in Land Use

7.2 LOOKING AT THE STRUCTURE OF COMMUNITIES  180
   Why Study Community Land-Use Patterns?  •  Viewing the Small Community  •  Simple Circles—Accessibility  •  The Importance of Topography  •  Transportation  •  The Existing City: Origins

7.3 MODERN CITY GROWTH PATTERNS  186
   Proximity Versus Accessibility  •  The Complex City  •  Enter the Wedge  •  Political and Social Factors  •  Community Attitudes  •  The Results  •  Other Views  •  The Effects of Transportation Change  •  Adding in Technology

CASE & POINT—FUTURE ISSUES IN CITY LAYOUT  202
8 NEIGHBORHOODS: CLUSTERS OF LAND USE AND VALUE 204
8.1 THE NEIGHBORHOOD AS THE BASIS OF VALUE 205
   What Is a Neighborhood? • Neighborhood, Location, and Property Values
   • Neighborhood Boundaries
8.2 NEIGHBORHOODS AS BAROMETERS OF CHANGE 208
   Forces for Change • Signs of Neighborhood Change
   • The Meaning of It All
8.3 AS NEIGHBORHOODS AGE 216
   Progressive Decay • Wow! What Happened?
   • The Rehabilitation Cycle • Learning to Fight Decay
CASE & POINT—NEIGHBORHOOD PRESERVATION:
TWO VIEWPOINTS 228

9 HOUSING MARKETS 230
   Housing Markets
9.1 THE DEMAND FOR HOUSING 231
   Population • Income and Financing • Changes in Taste
9.2 THE SUPPLY OF RESIDENTIAL HOUSING 244
   Evaluation of Supply • Is the Housing Suitable?
   • Available Supply • The Future of Construction
9.3 THE GOVERNMENT AND HOUSING 255
   Regulating Housing Markets • Encouraging Housing Production
CASE & POINT—GATED COMMUNITIES—AMERICAN APARTHEID? 265

10 COMMERCIAL AND INDUSTRIAL MARKETS 266
10.1 BUSINESS REAL ESTATE 267
   Investors versus Users • The User Viewpoint
   • The Investor Viewpoint
10.2 MAJOR VALUE INFLUENCES 271
   The Economic Issues • The Governmental Issues
   • Special Issues
10.3 COMMERCIAL PROPERTY 277
   What Are the Major Forces? • What Are the Patterns of Commercial Land
   Use? • Interesting Changes • Is Your Local Commercial Area Changing?
   • Making a Simple Market Survey
10.4 INDUSTRIAL PROPERTY  289
   Theory of Industrial Location  °  The Changing Pattern of Industrial Locations
   °  The Industrial Market Study

CASE & POINT—THE REVOLUTION IN RETAILING  297

RURAL AND RECREATIONAL REAL ESTATE MARKETS  300

11.1 FARMLAND MARKETS  301
   Key Factors  °  Major Trends
11.2 RURAL HOMES  315
   The New Subdivision  °  The Older Home
11.3 TIMBER AND OTHER RESOURCE LANDS  321
   Key Factors  °  Major Trends

CASE & POINT—SHOULD THE GOVERNMENT SUBSIDIZE RESOURCE DEVELOPMENT?  330

PART III  MAJOR INFLUENCES ON REAL ESTATE DEVELOPMENT  333

12  THE ECONOMICS OF REAL PROPERTY TAXATION  334

12.1 THE PRINCIPLES OF TAXATION  335
   Taxes Can Be Used to Redistribute Wealth  °  The Theory of Taxation
   °  Major Taxes and Expenditures  °  Is the Tax Progressive, Proportional, or Regressive?
12.2 EVALUATING THE PROPERTY TAX  343
   Local Government and the Property Tax  °  Who Really Pays the Property Tax: Owners, Tenants, or Consumers?
   °  Property Taxes and Capitalized Real Estate Values  °  Is the Property Tax Regressive?  °  Property Taxes and Land Usage
12.3 PROPERTY TAX REFORM  350
   Political Realities  °  Current Reforms  °  Possible Future Reforms  °  Other Taxes Affecting Real Estate

CASE & POINT—TAX TALK ... SAY WHAT YOU MEAN!  358
13 LAND-USE CONTROLS 360

13.1 TYPES OF LAND-USE CONTROLS 361
Private Land-Use Controls • Easements Public Land-Use Controls • Police Power • Eminent Domain • Government Spending as an Influence on Land Use

13.2 PRINCIPLES OF URBAN PLANNING 368
Definition of Urban Planning • Creation and Implementation of Urban Planning • The Need for Regional Planning

13.3 RECENT TRENDS IN LAND-USE CONTROLS 374
Preventing Premature Subdividing • Pollution and Environmental Regulations • Slow-Growth and No-Growth Policies • The Creation of New Towns • State and Federal Intervention in Land-Use Controls • Inclusionary Zoning • Land-Use Controls and the Real Estate Industry

CASE & POINT—PROPERTY RIGHTS: TWO VIEWPOINTS 385

14 REAL ESTATE DEVELOPMENT 388

14.1 REAL ESTATE CONSTRUCTION 389
Construction Activity • Characteristics of the Homebuilding Industry

14.2 THE DEVELOPMENT AND BUILDING PROCESS 394
Land Development and Construction • When This Process Is Ignored, Overbuilding Can Occur • Steps in Construction • Green Building • The Cost of Construction Delays and Impact Fees

15 REQUIRED GOVERNMENT REPORTS 410

15.1 TYPES OF REQUIRED GOVERNMENT REPORTS 411
Federal Legislation • State Legislation • Local Legislation

15.2 COSTS VERSUS BENEFITS 417
Defining Costs and Benefits • Analyzing the Costs • Analyzing the Benefits • The Trend

CASE & POINT—HOW WET IS WET? 425
19 ANTICIPATING CHANGE 496

19.1 THE MAJOR ECONOMIC ISSUES 497
   Recovery from the Financial Collapse of 2007
   • The Consequences of the Financial Collapse of 2007

19.2 NATIONAL CHANGES 509
   Demographic Issues • Political/Legal Issues

19.3 THE UNCERTAIN FUTURE 519
   Telemobility • Population Growth • Where Does This Situation Leave The
   Real Estate Industry?
