Foreword xvii
Preface xix

1 Economics of transition in the new century: lessons learned and a future outlook 1

1.1 Introduction 1
1.2 Before the shock: notes on the political economy from 1960 to 1990 2
1.3 What happened in the 1990s: more on political economy 6
1.4 Macroeconomic overview of the 2000s 10
1.5 Conclusion 23
1.6 Appendix 25

2 Fiscal policy in the newly opened economies: are there twin deficits? 29

2.1 Introduction 29
2.2 Fiscal balance and current account in the first decades of transition 30
2.3 Theory and some empirics of twin deficits reexamined 33
2.4 Main theoretical model and data discussion 38
2.5 Empirical results analysis 40
2.6 Some extensions to the main model 43
2.7 Conclusion 56
2.8 Appendix 58
## Contents

3 Fiscal policy sustainability in transition: is it there? 69  
3.1 Introduction 69  
3.2 Transition period fiscal policy trends 70  
3.3 Some theoretical aspects of fiscal policy in transition 79  
3.4 Theoretical model and data discussion 82  
3.5 Empirical results discussion 85  
3.6 Policy conclusions 90  

4 Innovative fiscal policy: the how, when, and why of borrowing from the diaspora 94  
4.1 Introduction 94  
4.2 Fiscal policy for growth and development: transition peculiarities 95  
4.3 Diaspora and transition economies 98  
4.4 From "fiscal diamond" to "fiscal net" 101  
4.5 The Diaspora bond in transition economies 105  
4.6 Conclusion 111  
4.7 Appendix 112  

5 Innovative fiscal policy: tackling labor migration problems 118  
5.1 Introduction 118  
5.2 Labor migration trends in transition economies 120  
5.3 Temporary labor migration triad 128  
5.4 The Diaspora regulatory mechanism 130  
5.5 The Migration Development Bank 133  
5.6 Conclusion 137  
5.7 Appendix 138  

6 J-curve: facing exchange rate and current account fluctuation risks in the open economies of the CIS 140  
6.1 Introduction 140  
6.2 What is the J-curve? Exposition and literature review 142  
6.3 Theoretical model 153  
6.4 Data description 154  
6.5 Review of the empirical results 155  
6.6 Testing for main results robustness 161  
6.7 Conclusions and policy implications 164  
6.8 Appendix A 166  
6.9 Appendix B 176
