<i>Introduction: Is Sustainability Sustainable?</i>	vii
<b>PART I Going Green: From Kyoto to Copenhagen</b>	<b>1</b>
<b>CHAPTER 1 Green Is Everywhere: The Proliferation of Green Projects</b>	<b>3</b>
The Green Revolution	3
Managing the Change to Green	16
Final Thoughts	21
<b>CHAPTER 2 Is It Worth It? The Value of Green Projects</b>	<b>23</b>
The Green Slump	23
Green Washing	28
Change Toward Green	29
Value Redefined	30
Why Now?	33
The Chain of Impact for Green Projects	37
The Problem with Current Measurement and Evaluation Systems— and How to Improve Them	39
Green Leadership: Getting Results	44
Challenges Along the Way	45
Final Thoughts	48
<b>CHAPTER 3 Investment Strategies: How Companies Approach the Green     Investment</b>	<b>49</b>
Strategy 1: Avoid the Investment	50
Strategy 2: Invest the Minimum	53
Strategy 3: Invest with the Rest	57

Strategy 4: Invest Until it Hurts	60
Strategy 5: Invest as Long as There is a Payoff	63
Final Thoughts	66
<b>CHAPTER 4 The ROI Methodology: A Brief Overview</b>	<b>69</b>
Results Framework	69
Results Framework and Business Alignment	74
Benefits of Developing the Chain of Impact	77
The ROI Process Model	77
Operating Standards and Philosophy	89
Application and Practice	90
Implementation	90
Benefits of Applying the ROI Methodology	90
Final Thoughts	93
<b>CHAPTER 5 Project Positioning: Beginning with Objectives in Mind</b>	<b>95</b>
Creating Business Alignment	95
Determining the Potential Payoff	98
Determining Business Needs	101
Determining Performance Needs	106
Determining Learning Needs	107
Determining Preference Needs	109
Developing Objectives for Green Projects and Programs	110
Case Study Examples	113
Final Thoughts	118
<b>PART II The Value of Measuring ROI: The Antidote to “Green-Sky” Thinking</b>	<b>119</b>
<b>CHAPTER 6 Measuring Reaction, Perceived Value, and Learning</b>	<b>121</b>
Why Measure Reaction and Perceived Value?	121
Sources of Data for Measuring Reaction	123
Areas of Feedback	125
Data Collection Timing for Measuring Reaction	126
Data Collection Methods for Measuring Reaction	127
Use of Reaction Data	128
Why Measure Learning?	129
Challenges and Benefits of Measuring Learning	130
Learning Measurement Issues	131
Data Collection Timing for Measuring Learning	132
Data Collection Methods for Measuring Learning	133

Use of Learning Data	134
Final Thoughts	135
<b>CHAPTER 7 Measuring Application, Implementation, and Impact</b>	<b>137</b>
Why Measure Application and Implementation?	137
Application Measurement Issues	139
Sources of Data for Measuring Learning	141
Data Collection Timing for Measuring Application	141
Data Collection Methods for Measuring Application	141
Barriers to Application	143
Use of Application Data	143
Why Measure Impact?	144
Impact Measurement Issues	145
Data Collection Methods for Measuring Impact	148
Considerations for Selecting Data Collection Methods	151
Measuring the Hard to Measure	152
Final Thoughts	154
<b>CHAPTER 8 Isolating the Impact of Green Projects</b>	<b>155</b>
Why the Concern About Isolating Project Impact?	155
Preliminary Issues	158
Methods to Isolate the Impact of Projects	160
Considerations When Selecting Isolation Methods	173
Final Thoughts	174
<b>CHAPTER 9 Converting Impact Data to Money</b>	<b>175</b>
Why the Concern About Converting Data to Monetary Values?	175
Five Steps to Convert Data to Money	178
Five Steps to Convert Data in Practice	180
Methods to Convert Impact Measures to Money	180
Considerations When Selecting Data Conversion Methods	187
Intangible Benefits of Green Projects	191
Final Thoughts	196
<b>CHAPTER 10 Calculating the ROI: Comparing Costs and Monetary Benefits</b>	<b>197</b>
Why the Concern About Project Costs?	197
Fundamental Cost Issues	198
Fully-Loaded Cost Profile	201
Cost Classifications	204
The ROI Calculation	204

ROI Misuse	209
ROI Targets	210
Intangibles Revisited	211
Other ROI Measures	211
Final Thoughts	213
<b>PART III The Green Scorecard at Work</b>	<b>215</b>
<b>CHAPTER 11 Reporting Results</b>	<b>217</b>
Why the Concern About Communicating Results?	217
Principles of Communicating Results	219
The Process for Communicating Results	221
The Green Scorecard	230
Final Thoughts	237
<b>CHAPTER 12 Implementing and Sustaining ROI</b>	<b>239</b>
Why the Concern About Implementing and Sustaining ROI?	239
Implementing the Process: Overcoming Resistance	240
Assessing the Climate for Measuring ROI	242
Developing Roles and Responsibilities	242
Establishing Goals and Plans	245
Revising or Developing Policies and Guidelines	246
Preparing the Project Team	246
Initiating ROI Projects	249
Preparing the Clients and Executives	250
Removing Obstacles	251
Monitoring Progress	252
Final Thoughts	253
