1 Introduction 1
1.1 The purposes of customs valuation 1
  1.1.1 What is customs valuation? 1
  1.1.2 The importance of customs valuation 2
1.2 History 4
  1.2.1 Before common valuation rules 5
    (a) Brussels Definition of Value 6
    (b) Positive value systems 6
    (c) Early GATT initiatives on common valuation rules 7
    (d) Precursor to an agreement 10
  1.2.2 Tokyo Round negotiations 14
  1.2.3 Uruguay Round negotiations 16
    (a) Burden of proof 18
    (b) Sole agents and minimum values 19
    (c) A “single undertaking” 20
    (d) Dispute settlement 21
1.3 Agreement overview 22
  1.3.1 The WTO standard – transaction value 22
  1.3.2 Structure of the Agreement 22
  1.3.3 Primacy of transaction value 24
  1.3.4 Alternative methods of value 24
  1.3.5 Limits of the Agreement 25

2 Transaction value method 27
2.1 Definition 27
  2.1.1 “The price actually paid or payable …” 27
    (a) Deriving a “price” 30
    (b) Direct and indirect payments 31
  2.1.2 “… for the goods …” 32
    (a) Interest payments 32
    (b) Dividend payments 33
    (c) Payments for post-importation services and costs 34
Contents

(d) Advertising and marketing costs 34
(e) Software 35
(f) Payments for damaged goods/goods not in accordance with contract 37
2.1.3 “… when sold for export …” 39
2.1.4 “… adjusted in accordance with the provisions of Article 8” 40
2.2 Required additions to price 41
  2.2.1 General considerations 41
  2.2.2 Commissions and Brokerage 44
    (a) Buyer’s agent – typical duties 44
    (b) Seller’s agent – typical duties 44
  2.2.3 Containers and packing 46
  2.2.4 Assists 48
    (a) General principles 48
    (b) Assists – categories and conditions 49
    (c) Assists – valuation and apportionment 52
    (d) Royalties and license fees 54
  2.2.5 Proceeds 58
  2.2.6 International transport costs 60
  2.2.7 No other additions 62
2.3 When transaction value cannot be used 63
  2.3.1 Restrictions on distribution and use of goods 65
  2.3.2 Price subject to condition 68
  2.3.3 Proceeds 70
  2.3.4 Related-party transactions 71
    (a) Definition of related parties 72
    (b) Related parties – tests 78
    (c) Transfer pricing and customs valuation 84
2.4 Answer key 87
  Test your knowledge – can transaction value be used? 87
  Test your knowledge – should these payments be included in transaction value? 88
  Two questions for experts 88
  Test your knowledge – “objective and quantifiable evidence” 90
  Test your knowledge – apportionment of assists 91
  Test your knowledge – royalties and license fees 91
  Test your knowledge – proceeds 92
  Test your knowledge – transport charges 92
  Test your knowledge – do these sales restrictions prevent use of transaction value? 93
  Test your knowledge – circumstances of sale 93

3 Alternative valuation methods 94
3.1 Transaction value of identical or similar goods 94
  3.1.1 The valuation principle 94
    When are Articles 2 and 3 applied? 95
3.1.2 What are identical and similar goods? 96
3.1.3 Other conditions 100
   (a) Identical or similar goods must have been "exported at or about the same time" 100
   (b) Identical or similar goods should be made by same producer 101
   (c) Identical or similar goods should be sales at the same level of trade 101
   (d) Adjustments for transport charges 102
   (e) Goods incorporating design/engineering assists are not identical or similar 103
   (f) Test your knowledge – identify identical or similar goods 104
3.1.4 Implementation challenges 106

3.2 Deductive value method 108
   3.2.1 Importer's option – bypass deductive value 109
   3.2.2 Deductive value conditions 109
   3.2.3 The deductive value calculation 111
   3.2.4 Deduction for commissions or profit/general expense 112
   3.2.5 Deduction for costs of transport in country of importation 114
   3.2.6 Deduction for international transport charges 114
   3.2.7 Deduction for customs duties and national taxes 114
   3.2.8 Superdeductive value – goods processed after importation 115

3.3 Computed value method 116
   3.3.1 The concept 116
   3.3.2 The cost or value of materials and processing 118
   3.3.3 An amount for profit and general expenses 120
   3.3.4 The (actual) costs of international transport 122

3.4 Fall-back method 122
   3.4.1 The valuation principle 122
   3.4.2 Prohibited valuation methods 126
      (a) The selling price in the country of importation of goods domestically produced 126
      (b) A system which provides for the acceptance for customs purposes of the higher of two alternative values 126
      (c) Price of goods on the domestic market of the country of exportation 126
      (d) Cost of production other than computed values which have been determined for identical or similar goods in accordance with the provisions of Article 6 (computed value) 127
      (e) The price of goods for export to a country other than the country of importation 127
      (f) Minimum customs values 127
      (g) Arbitrary or fictitious values 127
   3.4.3 Article 7 and valuation of used goods 128
3.5 Answer key  
Test your knowledge – identify identical or similar goods  
Test your knowledge – identifying the relevant unit sale price  
Case study – valuation of used cars under Article 7

4 Implementation and operation  
4.1 Currency conversion  
4.2 Importer procedural rights  
4.2.1 Protection of confidential information  
4.2.2 Right of appeal  
4.2.3 Right to explanation  
4.2.4 Publication of laws and decisions  
4.2.5 Release under guarantee  
4.3 Customs verification  
4.3.1 Right to verify truth or accuracy  
4.3.2 Valuation databases  
4.3.3 Generally accepted accounting principles  
4.3.4 Exchange of information between customs administrations  
4.4 Special and differential treatment  
4.4.1 Delay application of the Agreement (Article 20.1 and Annex III, paragraph 1)  
4.4.2 Continue use of price lists/official minimum values (Annex III, paragraph 2)  
4.4.3 Delay in application of computed value method (Article 20.2 and Annex III, paragraph 3)  
4.4.4 Apply “super deductive” method, regardless of importer’s consent (Annex III, paragraph 4)  
4.5 Answer key  
Use of valuation databases

5 Administration and dispute settlement  
5.1 WTO and WCO Valuation Committees  
5.1.1 WTO Committee on Customs Valuation  
5.1.2 Technical Committee on Customs Valuation  
5.2 Notifications  
5.3 Dispute settlement

6 Conclusion  
6.1 A developing–developed country divide?
