Part I The Economic Framework

1 The Scope of Economics 3
   Why we need to study real estate economics 3
   The economic problem: limited resources but unlimited wants 5
   The market economy 9
   The command economy 11
   The mixed economy 11
   Positive and normative economics 12
   Microeconomics and macroeconomics 16
   Sustainable development 17
   The limitations of economics 18
   Summary 19

2 Economic Efficiency 20
   Welfare and economic efficiency 20
   Conditions necessary for Pareto optimality 21
   Achieving the conditions of economic efficiency 26
   Conditions necessary for economic efficiency through the price system 29
   Weaknesses of the price system 32
   The allocation of real estate resources 34
   Summary 34

Part II Land and Property in the Economy

3 Real Estate Markets 39
   Why 'real estate'? 39
   Real property rights 40
   The real property market 42
Are real estate markets efficient? 45
Dealings in real property interests 50
Functions of the real property market 51
Summary 56

4 Land and Property Price Determination 58
Land as a whole 58
The commercial rent of land 60
The equilibrium market price or rent 63
Non-homogeneous land and economic rent 63
The pricing of land resources 64
The dominance of stocks over flows 65
The price of land and property 69
Building costs and property prices 70
Tax implications of economic rent 71
Summary 73

5 Residential Property Markets 75
The provision of housing through the market economy 75
Housing policy 80
UK government intervention in the housing market 82
Household tenure in the UK 90
The credit crunch and UK residential property 104
Future provision of housing 106
Overview of residential property markets 111
Summary 111

6 The Cyclical Nature of Real Estate Markets 113
Business cycles and property cycles 113
The UK real estate market 1945–79 116
The UK real estate market 1980–9 119
The UK real estate collapse 1989–91 122
The UK real estate market 1991–9 124
The market boom, 2000–7 130
The credit crunch recession, 2007–10 132
Summary 137

Part III Property Development

7 The Development Process 141
The nature of development 141
Functions of the developer 142
The rationale for development 146
Choosing between development projects 146
Allowing for risk and uncertainty 152

Brownfield development 341
Valuation of contaminated land sites 344
Summary 346

Part IV Real Estate Investment

16 Investment in UK Land and Property 349
   Real estate investment 349
   Real estate investment characteristics 352
   Investors in real estate 358
   Investment asset yields 363
   Property yields 368
   Asset yields since 1960 371
   The effect on the real property market of the demand for land resources as an investment 373
   Summary 375

17 The UK Commercial Property Market 377
   The market for commercial property 377
   The interlinked nature of commercial property markets 379
   The UK commercial property market 1950–89 382
   The UK commercial property market 1990–2010 387
   Summary 391

18 International Real Estate Markets 393
   International property investment 393
   The growth of international real estate investment 395
   The real estate market in the USA 398
   The real estate market in India 399
   The real estate market in Japan 400
   The real estate market in China 402
   Real estate markets in central and eastern Europe 403
   UK property and globalization 404
   Post credit crunch international property investment 406
   Summary 408

Part V The Government and Real Estate

19 Regional Policy in the UK and Europe 413
   The European Union 413
   The EU and real estate 414
   The eurozone 418
   UK regional policy in the context of the EU 422
   Summary 424
20 The Impact of Government Policy on Real Estate 425
Cyclical instability 425
Monetary policy 428
Fiscal policy 430
The role of the government in economic growth and distribution of income 433
The monetary policy response to the credit crunch recession in the UK 434
Summary 437

21 Government Ownership of Real Estate 439
The provision of goods and services by the public sector 439
Public-sector expenditure 441
Borrowing to finance public expenditure 442
User-charges to finance public expenditure 443
User-charges and price discrimination 446
Taxation to finance public expenditure 447
Private finance initiatives (PFI) 453
Government ownership of real estate 455
Summary 459

22 Taxation of Real Estate 460
The structure of taxation 460
Direct taxation and real estate 462
The impact of Value Added Tax (VAT) on real property 469
Local taxes based on property 471
Present finance of local government in the UK 481
The future of local authority finance 485
Summary 486
