PREFACE .................................................. 35

Part 1 Introduction to E-Commerce and E-Marketplaces 45

CHAPTER 1 OVERVIEW OF ELECTRONIC COMMERCE ............ 45

Zappos Wows Their Customers .................................... 46

1.1 ELECTRONIC COMMERCE: DEFINITIONS
   AND CONCEPTS ........................................... 48
   Defining Electronic Commerce 48
   Defining E-Business 48
   Major EC Concepts 49
   Electronic Markets and Networks 50

1.2 THE ELECTRONIC COMMERCE FIELD: CLASSIFICATION,
   CONTENT, AND HISTORY ................................. 50
   An EC Framework 51
   Classification of EC by the Nature of the Transactions
   and the Relationships Among Participants 52

Case 1.1 EC Application: Want to Buy Chocolate Online?
   Try Godiva.com ........................................... 54
   A Brief History of EC 55
   The Future of EC 56

1.3 E-COMMERCE 2.0: FROM WEB 2.0 TO ENTERPRISE
   SOCIAL NETWORKING AND VIRTUAL WORLDS. ........... 57
   Social Computing 57
   Web 2.0 57
   Social Networks and Social Network Services 58
   Business-Oriented Social Networks 60
   Enterprise Social Networks 60

Case 1.2 EC Application: MySpace: A World's Popular
   Social Networking Web Site ................................ 61
   Virtual Worlds and Second Life 62
   The Major Tools of Web 2.0 63

1.4 THE DIGITAL WORLD: ECONOMY, ENTERPRISES,
   AND SOCIETY. .......................................... 64
   The Digital Economy 64
   The Digital Enterprise 66
   The Digital Society 67

1.5 ELECTRONIC COMMERCE DRIVERS AND THE CHANGING
   BUSINESS ENVIRONMENT. ................................ 69
   The Drivers of EC and Its Growth 69
   Performance, Business Pressures,
   and Organizational Responses 71
CHAPTER 2 E-MARKETPLACES: MECHANISMS, TOOLS, AND IMPACTS OF E-COMMERCE 91

Web 2.0 Tools at Eastern Mountain Sports 92

2.1 ELECTRONIC COMMERCE MECHANISMS: AN OVERVIEW 94
 EC Activities and Mechanisms 94
 Sellers, Buyers, and Transactions 94

2.2 E-MARKETPLACES 96
 Electronic Markets 96
 E-Marketplace Components and Participants 98
 Disintermediation and Reintermediation 99
 Types of E-Marketplaces 100
2.3 CUSTOMER INTERACTION MECHANISMS:
    STOREFRONTS, MALLS, AND PORTALS ............... 100
Electronic Storefronts 101
Electronic Malls and Large Retailers 101
Types of Stores and Malls 102
Web (Information) Portals 102
The Roles and Value of Intermediaries in E-Marketplaces 104

Case 2.1 EC Application: WebMD ......................... 105

2.4 ELECTRONIC CATALOGS, SEARCH ENGINES,
    AND SHOPPING CARTS .................................. 106
Electronic Catalogs 106
EC Search Activities, Types, and Engines 107
Shopping Carts 109

2.5 AUCTIONS, BARTERING, AND NEGOTIATING ONLINE .... 109
Definition and Characteristics 109
Traditional Auctions Versus E-Auctions 110
Innovative Auctions 111
Dynamic Pricing and Types of Auctions 111
Benefits, Limitations, and Impacts of E-Auctions 113
Online Bartering 114
Online Negotiating 115

2.6 WEB 2.0 TOOLS AND SERVICES: FROM BLOGS
    TO WIKIS TO TWITTER ............................... 115
Blogging (Weblogging) 116
Mechanism Aids for Web 2.0 Tools: Tags,
    Folksonomy, and Social Bookmarks 118
Wikis 119
Social Network Services 119

Case 2.2 EC Application: Craigslist: The Ultimate
    Online Classified Site ............................... 120

2.7 VIRTUAL WORLDS AS AN ELECTRONIC
    COMMERCE MECHANISM ............................... 121
Avatars 121
Business Activities and Value in Virtual Worlds 121

MANAGERIAL ISSUES ..................................... 123

SUMMARY .................................................. 123

KEY TERMS ............................................... 124

QUESTIONS FOR DISCUSSION BY INDIVIDUAL STUDENTS .... 124

TOPICS FOR CLASS DISCUSSION ........................... 125

INTERNET EXERCISES .................................... 125

TEAM ASSIGNMENTS AND PROJECTS ........................ 126

Closing Case: Second Life ............................... 127

ONLINE RESOURCES AVAILABLE AT
    pearsonhighered.com/turban ......................... 128
Part 2  Internet Consumer Retailing

CHAPTER 3  RETAILING IN ELECTRONIC COMMERCE: PRODUCTS AND SERVICES

Amazon.Com: E-Tailing Grows Despite the Slumping Economy ............................... 130

3.1  INTERNET MARKETING AND ELECTRONIC RETAILING ................. 132
   Overview of Electronic Retailing 132
   Size and Growth of the B2C Market 133
   What Sells Well on the Internet 133
   Considered Commerce 135
   Characteristics and Advantages of Successful E-Tailing 135

3.2  E-TAILING BUSINESS MODELS .................................................. 137
   Classification of Models by Distribution Channel 137

Insights and Additions 3.1: Selling Cars Online: Build-to-Order .................. 141
   Other B2C Models and Special Retailing 141
   B2C in Social Networks 142

3.3  TRAVEL AND TOURISM (HOSPITALITY) SERVICES ONLINE ............... 143
   Services Provided 143
   Special Services Online 143
   Benefits and Limitations of Online Travel Services 144

Case 3.1  EC Application: WAYN: A Social Network for Travelers ............ 145
   Corporate Travel 145

3.4  EMPLOYMENT PLACEMENT AND THE JOB MARKET ONLINE .............. 146
   The Internet Job Market 146

Insights and Additions 3.2: Social Networking Sites for Business Professionals 149
   Benefits and Limitations of the Electronic Job Market 149

3.5  REAL ESTATE, INSURANCE, AND STOCK TRADING ONLINE .......... 150
   Real Estate Online 150
   Insurance Online 151
   Online Stock Trading 152

3.6  BANKING AND PERSONAL FINANCE ONLINE ............................... 153
   Home Banking Capabilities 154
   Virtual Banks 154
   International and Multiple-Currency Banking 155
   Online Financial Transaction Implementation Issues 156
Case 3.2 **EC Application:** Security for Online Bank Transactions .................................................. 156
Online Billing and Bill Paying ............................................................................................................. 157

3.7 **ON-DEMAND DELIVERY OF PRODUCTS, DIGITAL ITEMS, ENTERTAINMENT, AND GAMING** .......................................................... 158
On-Demand Delivery of Products ....................................................................................................... 158
Online Delivery of Digital Products, Entertainment, and Media ....................................................... 159
Online Entertainment .............................................................................................................................. 160

3.8 **ONLINE PURCHASE-DECISION AIDS** .................................................................. 161
Shopping Portals ..................................................................................................................................... 162
Shopbots Software Agents ...................................................................................................................... 162
Business Ratings Sites ............................................................................................................................. 163
Trust Verification Sites ............................................................................................................................ 163
Other Shopping Tools ............................................................................................................................... 164

3.9 **ISSUES IN E-TAILING AND LESSONS LEARNED** ................................................. 164
Disintermediation and Reintermediation ................................................................................................. 164
Channel Conflict ....................................................................................................................................... 165
Determining the Right Price ....................................................................................................................... 166
Product and Service Customization and Personalization ......................................................................... 166
Fraud and Other Illegal Activities ........................................................................................................... 166
Lessons Learned from Failures and Lack of Success ............................................................................. 166

MANAGERIAL ISSUES ................................................................................................................................. 167
SUMMARY .................................................................................................................................................. 168
KEY TERMS ............................................................................................................................................... 169
QUESTIONS FOR DISCUSSION BY INDIVIDUAL STUDENTS ......................................................... 169
TOPICS FOR CLASS DISCUSSION ........................................................................................................... 170
INTERNET EXERCISES ............................................................................................................................... 170
TEAM ASSIGNMENTS AND PROJECTS ................................................................................................. 171
Closing Case: Walmart Powers Online ..................................................................................................... 171
ONLINE RESOURCES AVAILABLE AT pearsonhighered.com/turban .................................................... 173

**CHAPTER 4 ONLINE CONSUMER BEHAVIOR, MARKET RESEARCH, AND ADVERTISEMENT** .... 174
Netflix Increases Sales Using DVD Recommendations and Advertisements ........................................... 175

4.1 **LEARNING ABOUT CONSUMER PURCHASING ONLINE** .................................. 176
A Generic Purchasing-Decision Model ..................................................................................................... 176
Customer Decision Support in Web Purchasing ...................................................................................... 177
Players in the Consumer Decision Process ............................................................................................. 177
One-to-One Marketing ............................................................................................................................... 178
4.2 PERSONALIZATION, LOYALTY, SATISFACTION, AND TRUST IN EC ............................................. 179
Personalization and Behavioral Targeting in E-Commerce ......................................................... 179

Insights and Additions 4.1: Cookies in E-Commerce ................................................................. 180
Customer Loyalty ........................................ 180
Satisfaction in EC ........................................... 181
Trust in EC ................................................... 182

4.3 MARKET RESEARCH FOR EC ................................................................. 182
Methods for Conducting Market Research Online .................................................... 183

Case 4.1 EC Application: Internet Market Research
  Expedites Time-to-Market at Procter & Gamble ............................................................. 183
What are Marketers Looking for in EC
  Market Research? ........................................ 184
  Market Segmentation Research ............................ 184
  Market Research for One-to-One ......................... 184
  Limitations of Online Market Research and How to Overcome Them ..................... 188
  Biometric Marketing ....................................... 188

4.4 WEB ADVERTISING ......................................................... 189
Overview of Web Advertising .................................................... 189
Some Basic Internet Advertising Terminology ....................................................... 190
Why Internet Advertising? ........................................ 191

4.5 ONLINE ADVERTISING METHODS ......................................................... 192
Banners ....................................................... 192
Pop-Up and Similar Ads ........................................ 193
E-Mail Advertising ............................................ 193
Classified Ads ................................................. 194
Search Engine Advertisement ........................................ 194
Viral Marketing and Advertising ........................................ 195

Insights and Additions 4.2: Google’s Major Advertisement Methods ........................................... 196

4.6 ADVERTISING IN SOCIAL NETWORKS
  AND THE WEB 2.0 ENVIRONMENT ................. 197
Social Network Advertising ........................................ 198
Advertising in Chat Rooms and Forums ........................................ 199
Video Ads on the Web and in Social Networking ............................................... 199
Viral Marketing in Social Networks ........................................ 200

4.7 ADVERTISING STRATEGIES AND SPECIAL
  ADVERTISING TOPICS ........................................ 201
Affiliate Marketing and Advertising ........................................ 201
Ads as a Commodity (Paying People to Watch Ads) ........................................ 201
Selling Space by Pixels ........................................ 201
Personalized Ads and Other Personalization ................................................ 202
Online Events, Promotions, and Attractions ........................................ 202
CH-resistant to B-B E-COMMERCE

Auction for Supplies Helps Portsmouth Hospitals

5.1 CONCEPTS, CHARACTERISTICS, AND MODELS

- Basic B2B Concepts
- Market Size and Content of B2B
- The Basic Types of B2B Transactions and Activities
- The Basic Types of B2B E-Marketplaces and Services
- B2B Characteristics
- Supply Chain Relationships in B2B
- Service Industries Online in B2B
- The Benefits and Limitations of B2B
- The Content of the B2B Field

5.2 ONE-TO-MANY: SELL-SIDE E-MARKETPLACES

- Sell-Side Models
- Selling from Catalogs
- Example: Cisco Systems

Case 5.1 EC Application: Brady Corporation Reorganizes Its E-Catalog Production
5.3 SELLING VIA DISTRIBUTORS AND OTHER INTERMEDIARIES ........................................ 224

Case 5.2 EC Application: W.W. Grainger and Goodrich Corporation .................................... 224

5.4 SELLING VIA E-AUCTIONS ................................................................. 225
Using Auctions on the Sell Side 225
Auctioning from the Company's Own Site 225
Auction Rules 226
Using Intermediaries in Auctions 226
Examples of B2B Forward Auctions 227

5.5 ONE-FROM-MANY: BUY-SIDE E-MARKETPLACES AND E-PROCUREMENT ............... 227
Procurement Methods 228
Inefficiencies in Traditional Procurement Management 229
The Goals and Benefits of E-Procurement 230

5.6 BUY-SIDE E-MARKETPLACES: REVERSE AUCTIONS ........................................... 231
Conducting Reverse Auctions 232
Group Reverse Auctions 233

5.7 OTHER E-PROCUREMENT METHODS ........................................................................... 233
An Internal Purchasing Marketplace: Aggregating Suppliers' Catalogs and Desktop Purchasing 233
Buying at Sellers’ E-Auctions 234
Group Purchasing 234
Buying at Sellers’ Sites and Collaborative Commerce 236
Acquisition Via Electronic Bartering 236

5.8 B2B ELECTRONIC EXCHANGES: DEFINITIONS AND CONCEPTS .......................... 236

Case 5.3 EC Application: Agentrics: A Giant Retail Exchange .............................................. 237
Functions of Exchanges 238
Dynamic Pricing in B2B Exchanges 239
Advantages, Limitations, and the Revenue Model of Exchanges 240

5.9 B2B PORTALS, DIRECTORIES, AND OWNERSHIP OF B2B MARKETPLACES ............. 241
B2B Portals 241

Case 5.4 EC Application: Alibaba.com ................................................................................. 242
Ownership of B2B Marketplaces 244
Comparing the Many-to-Many B2B Models 245

5.10 B2B IN THE WEB 2.0 ENVIRONMENT AND SOCIAL NETWORKING ....................... 245
The Opportunities 245
The Use of Web 2.0 Tools in B2B 246
Social Networks in the B2B Marketplace 246
Examples of Other Activities of B2B Social Networks 247
The Future of B2B Social Networking 247
CHAPTER 6 INNOVATIVE EC SYSTEMS: FROM E-GOVERNMENT AND E-LEARNING TO C2C E-COMMERCE AND COLLABORATIVE COMMERCE. 257

Caterpillar Champions E-Learning 258

6.1 E-GOVERNMENT: AN OVERVIEW 259
Definition and Scope 259
Government-to-Citizens 260
Government-to-Business 263
Government-to-Government 264
Government-to-Employees and Internal Efficiency and Effectiveness 264
Implementing E-Government 265
The Transformation to E-Government 265
E-Government 2.0 and Social Networking 265
M-Government 266

6.2 E-LEARNING 267
The Basics of E-Learning: Definitions and Concepts 267
Benefits and Drawbacks of E-Learning 269
Distance Learning and Online Universities 271
Online Corporate Training 272
Implementing E-Learning and E-Training 273
Social Networks and E-Learning 273
Learning in Virtual Worlds and Second Life 273
Visual Interactive Simulation 274
E-Learning Tools and Management 274
Electronic Books 276
6.3 KNOWLEDGE MANAGEMENT, LEARNING, AND ELECTRONIC COMMERCE 278
An Overview of Knowledge Management 278
KM Types and Activities 279
Case 6.1 EC Application: Knowledge Management at Infosys Technologies 280
How Is Knowledge Management Related to E-Commerce? 281
Online Advice and Consulting 282
Employee Knowledge Networks and Expert Location Systems 283
Case 6.2 EC Application: How the U.S. Department of Commerce Uses an Expert Location System 285

6.4 CONSUMER-TO-CONSUMER ELECTRONIC COMMERCE 286
E-Commerce: C2C Applications 286

6.5 COLLABORATIVE COMMERCE 288
Essentials of Collaborative Commerce 288
Collaboration Hubs 288
Implementing C-Commerce 290
Barriers to C-Commerce 290

MANAGERIAL ISSUES 291
SUMMARY 291
KEY TERMS 292
QUESTIONS FOR DISCUSSION BY INDIVIDUAL STUDENTS 293
TOPICS FOR CLASS DISCUSSION 293
INTERNET EXERCISES 293
TEAM ASSIGNMENTS AND PROJECTS 294
Closing Case: Social Networking Initiatives by the New Zealand Government 294

ONLINE RESOURCES AVAILABLE AT pearsonhighered.com/turban 296

Part 4 Other EC Models and Applications 297

CHAPTER 7 THE WEB 2.0 ENVIRONMENT AND SOCIAL NETWORKS 297
Wikipedia and Its Problems of Content, Quality, and Privacy Protection 298

7.1 THE WEB 2.0 REVOLUTION, SOCIAL MEDIA, AND INDUSTRY DISRUPTORS 299
What Is Web 2.0? 299
Representative Characteristics of Web 2.0 300
Web 2.0 Companies and New Business Models 300
Social Media 301
Industry and Market Disruptors 302
CHAPTER 8 MOBILE COMPUTING AND COMMERCE .......................... 337

The Blooming of Food Lion ................................................. 338

8.1 MOBILE COMMERCE: ATTRIBUTES, BENEFITS,
AND DRIVERS .......................................................... 339
Attributes of M-Commerce .............................................. 340
Drivers of M-Commerce ................................................. 341

8.2 COMPONENTS, TECHNICAL INFRASTRUCTURE,
AND SERVICES OF MOBILE COMPUTING ......................... 342
Mobile Devices ........................................................... 342
Mobile Computing Software and Services ......................... 343
Wireless Telecommunications Networks ............................ 345

8.3 MOBILE FINANCIAL APPLICATIONS ............................... 348
Mobile Banking ........................................................... 348
Mobile Payments .......................................................... 349

Case 8.1 EC Application: Closing the Digital Divide with Mobile Microfinance ........................ 350

8.4 MOBILE MARKETING AND ADVERTISING ....................... 351
Mobile Marketing Campaigns ......................................... 351
Mobile Marketing Guidelines ......................................... 352

8.5 MOBILE WORKFORCE SOLUTIONS .................................. 353
Needs of the Mobile Workforce ......................................... 353

8.6 MOBILE ENTERTAINMENT ............................................. 356
Growth of the Mobile Entertainment Market ....................... 356
Mobile Music and Video .................................................. 356
Mobile Games .............................................................. 357
Mobile Gambling ........................................................... 358

8.7 LOCATION-BASED MOBILE COMMERCE ......................... 359
L-Commerce Infrastructure .............................................. 360
Location-Based Services and Applications ........................ 362
Barriers to Location-Based M-Commerce ........................... 363

8.8 SECURITY AND OTHER IMPLEMENTATION
ISSUES IN MOBILE COMMERCE ....................................... 363
M-Commerce Security Issues .......................................... 364
Technological Barriers to M-Commerce ............................. 364
Ethical, Legal, and Health Issues in M-Commerce ............... 365

MANAGERIAL ISSUES ..................................................... 366
SUMMARY ................................................................. 367
KEY TERMS ............................................................... 368
QUESTIONS FOR DISCUSSION BY INDIVIDUAL STUDENTS ........ 369
TOPICS FOR CLASS DISCUSSION ....................................... 369
CHAPTER 9 E-COMMERCE SECURITY AND FRAUD PROTECTION ........ 373

9.1 THE INFORMATION SECURITY PROBLEM ........ 375
What Is EC Security? 375
The Drivers of EC Security Problems 378

9.2 BASIC E-COMMERCE SECURITY ISSUES AND LANDSCAPE .......... 380
The Security Basic Terminology 381
The EC Security Battleground 381
Security Scenarios and Requirements in E-Commerce 383
The Defense: Defenders and Their Strategy 385

9.3 TECHNICAL ATTACK METHODS ........ 386
Technical and Nontechnical Attacks: An Overview 386
Malicious Code: Viruses, Worms, and Trojan Horses 386

9.4 PHISHING, FINANCIAL FRAUD, AND SPAM ........ 389
Phishing 390
Fraud on the Internet 391
Spam and Spyware Attacks 393

Case 9.1 EC Application: Internet Stock Fraud Aided by Spam .......... 394
Social Networking Makes Social Engineering Easy 394

9.5 THE INFORMATION ASSURANCE MODEL AND DEFENSE STRATEGY .......... 396
Confidentiality, Integrity, and Availability 397
Authentication, Authorization, and Nonrepudiation 397
E-Commerce Security Strategy 398

9.6 THE DEFENSE I: ACCESS CONTROL, ENCRYPTION, AND PKI ........ 399
Access Control 399
Encryption and the One-Key (Symmetric) System 401
Public Key Infrastructure (PKI) 402

9.7 THE DEFENSE II: SECURING E-COMMERCE NETWORKS .... 405
Firewalls 405
Virtual Private Networks (VPNs) 406
Intrusion Detection Systems (IDSs) 407
Honeynets and Honeypots 407

### 9.8 THE DEFENSE III: GENERAL CONTROLS AND OTHER DEFENSE MECHANISMS
- General Controls 408
- Application Controls 409
- Internal Control and Compliance Management 410
- Protecting Against Spam 411
- Protecting Against Pop-Up Ads 411
- Protection Against Phishing 412
- Protecting Against Spyware 412

### 9.9 BUSINESS CONTINUITY, SECURITY AUDITING, AND RISK MANAGEMENT
- Business Continuity and Disaster Recovery Planning 413
- Risk-Management and Cost-Benefit Analysis 415

### 9.10 IMPLEMENTING ENTERPRISE-WIDE E-COMMERCE SECURITY
- Senior Management Commitment and Support 416
- EC Security Policies and Training 416
- EC Security Procedures and Enforcement 417
- Industry Standards for Credit Card Protection (PCI DSS) 417
- Why Is It Difficult to Stop Internet Crime? 417

### MANAGERIAL ISSUES

### CHAPTER 10 ELECTRONIC COMMERCE PAYMENT SYSTEMS

**Pay-Per-View Pages: The Next iTunes** 428

### 10.1 THE PAYMENT REVOLUTION 430

### 10.2 USING PAYMENT CARDS ONLINE 431
- Processing Cards Online 432
- Fraudulent Card Transactions 432
10.3 SMART CARDS ........................................ 435
   Types of Smart Cards 436
   Applications of Smart Cards 437

Case 10.1 EC Application: TaiwanMoney Card ............ 439

10.4 STORED-VALUE CARDS .............................. 440

10.5 E-MICROPAYMENTS .................................. 441

10.6 E-CHECKING .......................................... 443

Case 10.2 EC Application: To POP or BOC: Digital Checks
   in the Offline World ................................. 444

MANAGERIAL ISSUES ..................................... 447

SUMMARY .................................................. 448

KEY TERMS ............................................... 449

QUESTIONS FOR DISCUSSION BY INDIVIDUAL STUDENTS ... 449

TOPICS FOR CLASS DISCUSSION .......................... 449

INTERNET EXERCISES ................................... 449

TEAM ASSIGNMENTS AND PROJECTS ....................... 450

Closing Case: Freemiums in the Social
   Gaming World ........................................... 450

ONLINE RESOURCES AVAILABLE AT
   pearsonhighered.com/turban .......................... 452

Part 6 Strategy and Implementation .......................... 453

CHAPTER 11 EC STRATEGY AND IMPLEMENTATION:
   JUSTIFICATION, GLOBALIZATION, SMES,
   AND REGULATORY AND ETHICAL ISSUES .......... 453

Travelocity's Successful E-Strategy .......................... 454

11.1 STRATEGY, PLANNING, AND IMPLEMENTATION
   OF ELECTRONIC COMMERCE ......................... 455
   Strategy and the Web Environment 455
   The Strategic Planning Process 457

Case 11.1 EC Application: Strategic Planning
   at InternetNZ .......................................... 460

Business Planning in E-Commerce .......................... 461
   Business Case 462
   E-Commerce Strategy: Concepts and Overview 462

11.2 JUSTIFICATION AND COST-BENEFIT ANALYSIS ...... 464
   Other Reasons Why EC Justification Is Needed 465
   EC Investment Categories and Benefits 465
   How Is an EC Investment Justified? 465
   What Needs to Be Justified? When Should
   Justification Take Place? 466
   Using Metrics in EC Justification 466
## 11.3 DIFFICULTIES IN MEASURING AND JUSTIFYING E-COMMERCE INVESTMENTS AND SUCCESS

- The EC Justification Process
- Difficulties in Measuring Productivity and Performance Gains
- Determining E-Commerce Success

## 11.4 GLOBAL E-COMMERCE

- Benefits and Extent of Operations
- Barriers to Global EC
- Breaking Down the Barriers to Global EC

### Case 11.2 EC Application: Pierre Lang Expands Into Eastern Europe

## 11.5 E-COMMERCE IN SMALL AND MEDIUM-SIZED ENTERPRISES

- Supporting SMEs

## 11.6 INTELLECTUAL PROPERTY AND OTHER REGULATORY ISSUES

- Laws Are Subject to Interpretation

### Case 11.3 EC Application: Is eBay a Store or a Bulletin Board?

- Personal and Property Rights
- Intellectual Property Law (A Civil Law)

## 11.7 ETHICS IN E-COMMERCE

- Ethical Principals and Guidelines
- Business Ethics
- EC Ethical Issues

## 11.8 PRIVACY, VIOLATION AND PROTECTION, AND THE CONFLICT WITH FREE SPEECH

- Privacy Rights and Protection
- Free Speech Online Versus Privacy Protection
- The Price of Protecting an Individual’s Privacy
- How Information About Individuals Is Collected
- Privacy Issues in Web 2.0 Tools and Social Networks
- Privacy Protection Using Ethical Principles
- The USA Patriot Act

## 11.9 EC AND GREEN COMPUTING

- Operating Greener Businesses and Ecofriendly Data Centers

## 11.10 THE FUTURE OF ELECTRONIC COMMERCE

- Integrating the Marketplace with the Marketspace
- Social Networks
- Future Trends

## MANAGERIAL ISSUES
