Introduction: Asia: a social laboratory of contemporary capitalisms? 1
ROBERT BOYER, HIROYASU UEMURA AND AKINORI ISOGAI

PART I

Japanese capitalism: the companyism eroded by firms’ heterogeneity and the lack of new coordinating mechanisms 13

1 How has the Japanese mode of regulation changed? 15
TOSHIO YAMADA AND YASURO HIRANO

2 The transformation of the Japanese corporate system and the hierarchical nexus of institutions 31
AKINORI ISOGAI

3 The increasing heterogeneity of firms in Japanese capitalism: facts, causes, consequences, and implications 56
SÉBASTIEN LECHEVALIER

4 Labor and financial-market risks and welfare spending: a comparative study with a special emphasis on Japan 72
HIRONORI TOHYAMA

5 Increasing wage inequality in Japan since the end of the 1990s: an institutional explanation 90
HIROYUKI UNI
### Contents

6 Institutional changes and the transformations of the growth regime in the Japanese economy: facing the impact of the world economic crisis and Asian integration  
HIROYASU UEMURA  
107

**PART II**

**Chinese and Korean capitalisms: two contrasted trajectories**  
129

China: export or investment-led growth regime?

7 Development mode and capability building in the age of modularization and regional integration: origins of structural adjustments of Chinese economy  
LEI SONG  
131

8 Chinese international production linkages and Japanese multinationals: evolving industrial interdependence and coordination  
JIAN WANG, NAGENDRA SHRESTHA AND HIROYASU UEMURA  
143

9 Analysis of the linkage effect in Chinese export-led growth: according to the subdivisions of Asian international input–output tables  
CHENGNAN YAN  
165

10 The Chinese growth regime and the world economy  
ROBERT BOYER  
184

Korea: major transformations but uncertain régulation modes

11 The Korean economy between two economic crises: hybridization or convergence towards a market-led economy?  
WOOSEOK OK AND JUNHO YANG  
209

12 The great transformations in the Korean economy since 1962: processes and consequences  
HYUNGKEE KIM  
229

**PART III**

Diversity of Asian capitalisms: from globalization to Asian integration?  
241

The impact of internationalization: distinctive national trajectories but a common domination of competition
