W. Henning Blarr

Organizational Ambidexterity

Implications for the Strategy-Performance Linkage

Foreword by Prof. Dr. Torsten Wulf

Springer Gabler
Table of Contents

Foreword ................................................................. V
List of Figures ................................................................ XI
List of Tables ................................................................. XIII
List of Abbreviations ........................................................ XV

1. Introduction .................................................................... 1
  1.1. Research Question ..................................................... 1
  1.2. Structure and Goal of the Thesis .................................... 4

2. The Concept of Fit .......................................................... 7
  2.1. Theoretical Foundations ............................................... 8
  2.2. The Fit between Strategy and Structure ............................ 14
  2.3. Types of Fit .................................................................. 23
    2.3.1. Fit as Moderation ................................................... 27
    2.3.2. Fit as Mediation ...................................................... 33
    2.3.3. Fit as Profile Deviation ............................................ 35
    2.3.4. Fit as Matching ....................................................... 42
    2.3.5. Fit as Covariation ................................................... 46
    2.3.6. Fit as Gestalts ........................................................ 49
  2.4. Recapitulating Evaluation on the Concept of Fit ................ 54

3. Organizational Ambidexterity ............................................ 57
  3.1. Theoretical Foundations ............................................... 58
    3.1.1. Exploration and Exploitation .................................... 59
    3.1.2. Organizational Ambidexterity .................................... 61
  3.2. Organizational Ambidexterity in Strategic Management Research ............................. 63
    3.2.1. Cyclical Ambidexterity .............................................. 65
    3.2.2. Reciprocal Ambidexterity ......................................... 69
    3.2.3. Harmonic Ambidexterity .......................................... 71
    3.2.4. Partitional Ambidexterity ......................................... 77
  3.3. Recapitulating Evaluation on Organizational Ambidexterity ......................... 81

4. Organizational Ambidexterity and Strategic Fit ..................... 83
  4.1. Similarities and Differences ........................................... 83
