## *Table of Contents*

### **Part I**

#### **Financial Stability and Banking Regulation 15**

##### **Chapter 1**

#### **The Impact of Cross-Border Exposures on Financial Contagion 17**

*Hans Degryse, Muhammad Ather Elahi & Maria Fabiana Penas*

I.	Introduction	17
	A. Fundamentals-Based Contagion	18
	B. Pure Financial Contagion	18
II.	Theoretical Foundations of Financial Contagion	19
III.	Empirical Studies on Financial Contagion	20
	A. Interbank Markets	20
	1. Domestic Interbank Contagion	20
	2. Cross-Border Contagion	23
	B. Equity Prices	23
IV.	Recent Analysis on Cross-Border Contagion	24
	A. Data and Methodology	24
	B. Discussion of Results	27
V.	Conclusion	32

##### **Chapter 2**

#### **In the Quest of Systemic Externalities: A Review of the Literature 37**

*Wolf Wagner*

I.	Introduction	37
II.	Systemic Externalities in the Literature	39
	A. Direct Exposures	40
	B. Liquidation of Assets	40
	1. Inelastic Demand for Assets	40
	2. External Effects Arising Due to Borrowing Constraints	41
	3. External Effects through Institutional Failures	42
	4. External Effects through Agency Problems	43
	5. Other External Effects	44
	C. Common Pool of Liquidity	45
	D. Informational Spillovers and Coordination Problems	45
	E. Spillovers Due to a Wealth Effect	46
	F. Costs that Occur Outside the Financial System	46
III.	Conclusions and Implications for Financial Regulation	47

##### **Chapter 3**

#### **Bank Resolution: A Conceptual Framework 53**

*Thorsten Beck*

I.	Introduction	53
II.	Bank Resolution: Reflecting Banks' Special Character	56

III. Bank Resolution: A Conceptual Framework	58
IV. Bank Resolution: Not All Banks Are Equal	65
V. Bank Resolution: The Cross-Border Dimension	67
VI. Conclusion	69

**Part II**

<b>Institutional and State Responses to the Recent Financial Crisis</b>	<b>73</b>
---	-----------

**Chapter 4**

<b>Too Big, Too Interconnected and Too International to Resolve? How to Deal with Global Financial Institutions in Crisis</b>	<b>75</b>
---	-----------

*Eva Hüpkes*

I. Introduction	75
II. Towards a Functional Approach	76
A. Identifying Critical Functions	77
1. Functions versus Institutions	77
2. Criticality	78
B. Protecting Critical Functions	79
1. Reducing Criticality of Functions	79
a. Reducing Concentration and Interconnectedness	80
b. Market Share Limits	80
c. Merger Controls	81
2. Ensuring the Continuity of Critical Functions	81
a. Reducing the Probability of Failure	82
b. Aligning Legal Form and Economic Function	83
c. Ensuring the Continuity of Critical Functions in a Wind Down	83
3. Mitigating the Impact of Failure	86
a. Creating 'Utility-Like' Structures	86
b. Reducing Spillover through Risk Mitigation Mechanisms	87
C. Ensuring that National Approaches Are Consistent Across Borders	88
1. Acknowledge Home and Host Interests	88
2. Assess Effectiveness and Consistency of Measures	90
3. International Implementation	92
III. Conclusion	93

**Chapter 5**

<b>Regulating Credit Rating Agencies in the European Union</b>	<b>97</b>
--	-----------

*Fabian Amtenbrink & Jakob de Haan*

I. Introduction	97
II. Credit Rating Agencies	98

## *Table of Contents*

III. European Union Legal Framework: Regulation No. 1060/2009	104
A. Registration of Union-Based CRAs and Certification of Third-Country CRAs	104
1. Registration of Union-Based CRAs	105
2. Endorsement of Third-Country Ratings	107
3. Certification of Third-Country CRAs	108
B. Rules of Conduct of Registered CRAs	108
C. Supervision of Registered CRAs	111
IV. Towards an Improved European Regulatory Framework for CRAs?	114
A. Centralized Registration and Supervision	115
B. Enhanced Transparency	116
C. Omissions	118
V. Conclusions	120

## **Chapter 6**

### **Bailouts in the Financial Sector: The Compatibility with the EU State Aid Rules**

**123**

*Leigh Hancher*

I. Introduction	123
II. The EC State Aid Regime	124
A. The Definition of Aid	124
B. The Concept of Advantage	125
C. Selectivity	125
D. Distortion of Competition and Adverse Impact on Trade	126
E. Compatible Aid	126
F. The Recent Modernization of State Aid Control	127
III. Procedural Aspects	128
A. Examination and Decision	129
B. The Introduction of Simplified Procedures	129
IV. The New Substantive Rules	131
A. The First Wave	131
B. Basic Principles under the R&R Guidelines	131
C. The Second Wave	133
D. The Banking Communication	134
1. General Principles	135
2. Avoidance of Undue Distortions of Competition	135
3. The Recapitalization Communication	136
E. Controlled Winding Up	137
F. Impaired Assets	139
1. The Impaired Assets Communication	139
G. The Results of the Commission's Approach	141
H. The Third Wave: The Restructuring Communication	141
1. Restoring Long-term Viability	142
2. Own Contribution: Burden-Sharing	143

3. Limiting Distortions of Competition	143
4. Remedies and Commitments	144
5. The Return to Viability	146
6. Burden Sharing	147
7. Measures to Limit Distortions of Competition	147
I. The Fourth Wave: Exit	148
V. Assessment	150
VI. Conclusion	152

## **Chapter 7**

### **Sovereign Debt Restructuring in the EU: Lessons from the Recent Crisis** **155**

*Kern Alexander*

I. Introduction	155
II. The Greek Crisis and the Sovereign Debt Problem	157
A. The Greek Crisis	157
B. The Mexican ‘Tesobono’ Crisis	158
C. European Monetary Fund	160
III. Market Impact of Sovereign Debt Shocks	161
A. EU Bank Stress Tests	161
B. The European Financial Stability Facility (EFSF)	163
IV. Reforming Sovereign Debt Restructuring in the EU	165
A. A Decentralized EU Institutional Approach	166
1. Collective Action Clauses (CACs)	166
2. Implementation	168
B. EU Financial Stability Fund	169
V. Conclusion	171
A. Postscript	172

## **Part III**

### **Myths and Realities: The Role of Regulation and Market Discipline** **177**

## **Chapter 8**

### **Breaking Up Mega-Banks: A New Regulatory Model for the Separation of Commercial Banking from Investment Banking** **179**

*Emilios Avgouleas*

I. Introduction	179
II. The Creation of the Too-Big-to-Fail Bank	185
A. The Emergence of the Mega-Bank Model	185
B. The Suggested Advantages of Financial Conglomerates	189
III. Too-Big-to-Fail Banks Are Too Bad for Market Welfare	190
A. Introductory Remarks	190
B. ‘Too Big to Fail’ Banks and Market Discipline	190

## *Table of Contents*

C.	Mega-Banks and the Misuse of Financial Innovation	194
D.	Financial System Homogenization: The Impact of ‘Too Big to Fail Banks’ on Risk Management and Risk Diversification	195
E.	Fiscal Implications and the Impact on Competition: The End of Free Market Economy?	195
IV.	A New Model for the Separation of Consumer and Corporate Lending from Investment Banking	197
A.	Solutions to the Too-Big-to-Fail Problem	197
B.	The General Principles of a Successful Segregation Model	199
C.	The Suggested New Model for Mega-Bank Segregation	204
D.	The Advantages of Segregation	204
V.	Conclusion	207

### **Chapter 9**

#### **Rethinking Market Discipline in Banking: Lessons from the Financial Crisis** **211**

*Constantinos Stephanou*

I.	Introduction	211
II.	The Concept of Market Discipline	213
A.	Definition	213
B.	Framework	214
III.	Financial Crisis Failures	217
A.	Inadequate Market Signals	217
B.	Breakdowns in the Various Building Blocks	219
IV.	Improving Market Discipline	222
A.	Announced Policy Measures	222
B.	Limitations and the Way Forward	224
V.	Conclusion	227

### **Part IV**

#### **Financial Services Regulation: WTO and Preferential Trade Perspectives** **257**

### **Chapter 10**

#### **Trade, Trade Finance, and Financial Crises** **259**

*Nils Herger*

I.	Introduction and Motivation	259
II.	Payment Methods in Trade Finance	261
III.	Trade Finance and Causes and Consequences of Financial Crises	267
IV.	Regulatory Responses	271
V.	Summary and Conclusion	274

<b>Chapter 11</b>	
<b>The GATS Prudential Carve-Out</b>	<b>279</b>
<i>Juan Marchetti</i>	
I. Introduction	279
II. The GATS Negotiating History and Subsequent Discussions at the WTO	280
A. The Uruguay Round Negotiations	280
B. Post-Uruguay Round Negotiations and Discussions	283
III. The Prudential Carve-Out	284
A. The Placement and Scope of the Carve-Out	285
B. Prudential ‘Regulation’ or Prudential ‘Reasons’?	286
1. Consumer Protection	286
2. Financial Integrity and Stability	288
3. An Exception without Constraints?	291
IV. Conclusion	293
<b>Chapter 12</b>	
<b>Financial Services in Free Trade Agreements: The Case of Switzerland</b>	<b>297</b>
<i>Christian Pauletto &amp; Christoph König</i>	
I. Trade Disciplines on Trade in Services	297
II. Switzerland’s Objectives and Approach to FTAs	299
III. The Annex on Financial Services	300
IV. Specific Commitments and MFN	303
A. Switzerland’s Interests	304
B. Switzerland’s Specific Commitments in FTAs	305
V. Conclusion and Evaluation	305
<b>Part V</b>	
<b>‘New’ Issues in the Regulation of Financial Services</b>	<b>307</b>
<b>Chapter 13</b>	
<b>Financial Regulation in the Aftermath of the Global Financial Crisis from a Human Rights Perspective: Microfinance Matters</b>	<b>309</b>
<i>Nicola Jägers</i>	
I. Introduction	309
II. Fighting Poverty: The Role of States and the Private Sector	312
III. The Evolution of Microfinance	315
IV. The Effect of Microfinance on Human Rights	318
A. Access to Finance as a Human Right?	321
V. Impact of the Financial Crisis on Microfinance	322

## *Table of Contents*

VI. Way Forward: Managing the Financial Crisis with a Human Face	324
VII. Conclusion	329
<b>Chapter 14</b>	
<b>Promoting Renewable Energy through Adaptive Prudential Regulation in Financial Services</b>	<b>333</b>
<i>Panagiotis Delimatsis</i>	
I. Introduction	333
II. Impact of the Financial Crisis on the Expansion of Renewables	336
III. A Taxonomy of REFS	340
IV. Creating a Flexible Prudential Framework for REFS	343
A. Justifying the Need for Special Prudential Rules	343
B. Adaptive Prudential Regulations: The Example of Prudential Requirements in the Supply of Payment Services within the EU	347
C. A Tentative Framework towards Adaptive Prudential Regulation for REFS	351
V. The Consistency of Varying Prudential Regulations with GATS Rules	352
A. The Regulation of Financial Services in the GATS	352
B. Examining the Proposed Adaptive Regulations against the GATS Rules	355
1. The Applicability of Article XIV(b) GATS	355
2. Consistency with the Prudential Carve-Out	356
VI. Conclusion	358
<b>Epilogue</b>	<b>363</b>
<b>Chapter 15</b>	
<b>Two Peas in a Pod: Thoughts on the Future Regulation of Global Food and Finance</b>	<b>365</b>
<i>Judson Osterhoudt Berkey</i>	
I. Introduction	365
II. Role of Global Food and Finance	367
III. Topics and Tools for Regulation of Global Food and Finance	369
A. Capital and Soil	369
B. Liquidity and CAFOs	370
C. Accounting and Precaution	372
D. Size and Scale	373
E. Global versus Local	376
IV. Conclusion	377
