Encyclopedia of Knowledge Management
Second Edition

David G. Schwartz
Bar-Ilan University, Israel

Dov Te'eni
Tel-Aviv University, Israel

Volume II
Chapter 77
Knowledge Management under Coopetition ................................................................. 791
Claudia Loebbecke, University of Cologne, Germany
Albert Angehrn, Centre for Advanced Learning Technologies (CALT), INSEAD, France

Chapter 78
Knowledge Management’s Strategic Dilemmas Typology .............................................. 804
Meir Russ, University of Wisconsin-Green Bay, USA
Jeanette Jones, American Intercontinental University, USA

Chapter 79
Knowledge Organizations ................................................................................................. 822
Daniel L. Davenport, University of Kentucky Chandler Medical Center, USA
Clyde W. Holsapple, University of Kentucky, USA

Chapter 80
Knowledge Patterns ......................................................................................................... 833
Jörg Rech, Fraunhofer Institute for Experimental Software Engineering, Germany
Raimund Feldmann, Fraunhofer Center for Experimental Software Engineering, USA
Eric Ras, Fraunhofer Institute for Experimental Software Engineering, Germany

Chapter 81
Knowledge Patterns in Databases .................................................................................... 842
Rajesh Natarajan, Indian Institute of Management Lucknow (IIML), India
B. Shekar, Indian Institute of Management Bangalore (IIMB), India

Chapter 82
A Knowledge Process Cycle .............................................................................................. 853
Ray Williams, University of Portsmouth, UK

Chapter 83
Knowledge Producers and Consumers ............................................................................. 867
Atreyi Kankanhalli, National University of Singapore, Singapore
Bernard C.Y. Tan, National University of Singapore, Singapore
Kwok-Kee Wei, City University of Hong Kong, Hong Kong

Chapter 84
Knowledge Representation ................................................................................................. 878
Gian Piero Zarri, University of Paris IV/Sorbonne, France

Chapter 85
Knowledge Representation in Pattern Management ......................................................... 893
Pankaj Kamthan, Concordia University, Canada
Hsueh-Ieng Pai, Concordia University, Canada
Chapter 86
Knowledge Reuse ................................................................. 905
   Ilan Oshri, Erasmus University Rotterdam, The Netherlands

Chapter 87
Knowledge Sharing .................................................................. 914
   William R. King, University of Pittsburgh, USA
   Jun He, University of Michigan-Dearborn, USA

Chapter 88
Knowledge Sharing Between Individuals .................................. 924
   Carolyn McKinnell Jacobson, Marymount University, USA

Chapter 89
Knowledge Sharing in Legal Practice ...................................... 935
   Chad Saunders, University of Calgary, Canada

Chapter 90
Knowledge Structure and Data Mining Techniques .................. 946
   Rick L. Wilson, Oklahoma State University, USA
   Peter A. Rosen, Oklahoma State University, USA
   Mohammad Saad Al-Ahmadi, Oklahoma State University, USA

Chapter 91
Knowledge Synthesis Framework .......................................... 955
   Kam Hou Vat, University of Macau, Macau

Chapter 92
Knowledge Transfer ................................................................ 967
   William R. King, University of Pittsburgh, USA
   Jun He, University of Michigan-Dearborn, USA

Chapter 93
Knowledge Transfer between Academia and Industry .............. 977
   Franz Hofer, Graz University of Technology, Austria

Chapter 94
Knowledge Visualization ......................................................... 987
   Martin J. Eppler, University of Lugano, Switzerland
   Remo A. Burkhard, University of St. Gallen, Switzerland
Chapter 95
Learning in Organizations ................................................................. 1000
Irena Ali, Department of Defence, Australia
Leoni Warne, Department of Defence, Australia
Celina Pascoe, University of Canberra, Australia

Chapter 96
Learning Networks and Service-Oriented Architectures .................... 1010
George Tsekouras, University of Brighton, UK
George Roussos, University of London, UK

Chapter 97
Logic and Knowledge Bases ............................................................ 1022
John Grant, Towson University, USA
Francesco Parisi, University of Calabria, Italy

Chapter 98
Managing Complex Adaptive Social Systems .................................... 1034
Roy Williams, University of Portsmouth, UK

Chapter 99
Managing Customer Knowledge with Social Software ....................... 1046
Zuopeng (Justin) Zhang, State University of New York at Plattsburgh, USA

Chapter 100
Managing Government Agency Collaboration through Social Networks 1054
Salvatore Parise, Babson College, USA

Chapter 101
Managing Legal and Negotiation Knowledge ..................................... 1065
John Zeleznikow, Victoria University, Australia

Chapter 102
Mapping Group Knowledge ............................................................... 1072
Duncan Shaw, Aston University, UK

Chapter 103
Mathematical Knowledge Management .......................................... 1082
William M. Farmer, McMaster University, Canada

Chapter 104
Measuring Knowledge Management Capabilities .............................. 1090
Uday Kulkarni, Arizona State University, USA
Ronald Freeze, Arizona State University, USA
Chapter 105
Measuring Organizational Learning as a Multidimensional Construct ........................................ 1101
Juan C. Real, Pablo de Olavide University, Spain
Antonio Leal, University of Seville, Spain
Jose L. Roldan, University of Seville, Spain

Chapter 106
Mentoring Knowledge Workers ................................................................. 1110
Ciara Heavin, National University of Ireland - Cork, Ireland
Karen Neville, National University of Ireland - Cork, Ireland

Chapter 107
Metaphor Use in Knowledge Management .................................................. 1118
Daniel Andriessen, INHolland University of Applied Sciences, The Netherlands

Chapter 108
Military Knowledge Management ................................................................. 1125
R. William Maule, Naval Postgraduate School, USA

Chapter 109
MNE Knowledge Management across Borders and ICT ................................. 1136
Jürgen Kai-Uwe Brock, University of Strathclyde, Scotland
Josephine (Yu) Zhou, International University of Applied Science, Bad Honnef-Bonn, Germany

Chapter 110
Mobile Knowledge Management ................................................................. 1149
Volker Derballa, University of Augsburg, Germany
Key Poustchi, University of Augsburg, Germany

Chapter 111
Mobile Technology for Knowledge Management ........................................... 1158
Volker Derballa, University of Augsburg, Germany
Key Poustchi, University of Augsburg, Germany

Chapter 112
Motivation in Collaborative Knowledge Creation ....................................... 1167
Paul H.J. Hendriks, Radboud University Nijmegen, The Netherlands
Celio A.A. Sousa, Radboud University Nijmegen, The Netherlands

Chapter 113
Multidisciplinary Project Teams ................................................................. 1183
Patrick S.W. Fong, The Hong Kong Polytechnic University, Hong Kong
Chapter 114
Musical Metadata and Knowledge Management .................................................. 1192
   François Pachet, Sony CSL - Paris, France

Chapter 115
Narrative .................................................................................................................. 1200
   Dave Snowden, The Cynefin Centre, UK

Chapter 116
Object-Process Methodology .................................................................................. 1208
   Dov Dori, Israel Institute of Technology, Israel & Massachusetts Institute of Technology, USA

Chapter 117
Ontology .................................................................................................................. 1221
   William Buchholz, Bentley University, USA

Chapter 118
Operational Knowledge Management .................................................................... 1237
   Fons Wijnhoven, University of Twente, The Netherlands

Chapter 119
Operational Knowledge Management in the Military ............................................ 1250
   Gil Ariely, University of Westminster, UK and Interdisciplinary Center Herzliya, Israel

Chapter 120
Organisational Storytelling .................................................................................... 1261
   N.A.D. Connell, University of Southampton, UK

Chapter 121
Organizational Attention ......................................................................................... 1270
   Eyal Yaniv, Bar-Ilan University, Israel
   David G. Schwartz, Bar-Ilan University, Israel

Chapter 122
Organizational Learning Facilitation with Intranet (2.0) and a Socio-Cultural Approach .................................................................................................................. 1280
   Kees Boersma, VU University Amsterdam, The Netherlands
   Sytze Kingma, VU University Amsterdam, The Netherlands

Chapter 123
Organizational Needs Analysis and Knowledge Management ............................... 1290
   Ian Douglas, Florida State University, USA
Chapter 124
Organizational Semantic Webs .......................................................... 1298
Jean-Yves Fortier, University of Picardie Jules Verne, France
Gilles Kassel, University of Picardie Jules Verne, France

Chapter 125
Organizational Structure ........................................................................ 1308
Paul H.J. Hendriks, Radboud University Nijmegen, The Netherlands

Chapter 126
Postmortem Reviews ............................................................................. 1319
Torgeir Dingsøyr, SINTEF Information and Communication Technology, Norway

Chapter 127
Practice-Based Knowledge Integration .................................................... 1326
Glenn Munkvold, Norwegian University of Science and Technology, Norway

Chapter 128
Protecting Knowledge Assets ............................................................... 1336
G. Scott Erickson, Ithaca College, USA
Helen N. Rothberg, Marist College, USA

Chapter 129
The Quality Attribution in Data, Information and Knowledge .............. 1343
Raul M. Abril, Universitat Pompeu i Fabra, Spain

Chapter 130
RDF and OWL for Knowledge Management ........................................ 1355
Gian Piero Zarri, University Paris-Est, France

Chapter 131
A Re-Distributed Knowledge Management Framework in Help Desk .... 1374
Nelson Leung, RMIT International University, Vietnam

Chapter 132
Representation Languages for Unstructured ‘Narrative’ Documents .......... 1382
Gian Piero Zarri, University Paris-Est, France

Chapter 133
The Role of Emotional Capital in Organisational KM .......................... 1396
Kerry Tanner, Monash University, Australia
Chapter 134
The Role of Information and Communication Technologies in Knowledge Management:
A Classification of Knowledge Management Systems ................................................. 1410

Irma Becerra-Fernandez, Florida International University, USA
Rajiv Sabherwal, University of Missouri-St. Louis, USA

Chapter 135
Secure Knowledge Discovery in Databases ............................................................... 1419

Rick L. Wilson, Oklahoma State University, USA
Peter A. Rosen, University of Evansville, USA
Mohammad Saad Al-Ahmadi, Oklahoma State University, USA

Chapter 136
Secure Knowledge Management .............................................................................. 1429

S. Upadhyaya, University at Buffalo, USA
H. Raghav Rao, University at Buffalo, USA
G. Padmanabhan, GE Transportation Systems, USA

Chapter 137
Sketching in Knowledge Creation and Management.............................................. 1438

Fernando Ferri, Istituto di Ricerche sulla Popolazione e le Politiche Sociali - CNR, Italy
Patrizia Grifoni, Istituto di Ricerche sulla Popolazione e le Politiche Sociali - CNR, Italy

Chapter 138
Social Capital Knowledge ...................................................................................... 1448

Daniel L. Davenport, University of Kentucky Chandler Medical Center, USA
Clyde W. Holsapple, University of Kentucky, USA

Chapter 139
Social Network Analysis ....................................................................................... 1460

David J. Dekker, Radboud University Nijmegen, The Netherlands
Paul H.J. Hendriks, Radboud University Nijmegen, The Netherlands

Chapter 140
A Social Network Perspective on Knowledge Management................................... 1470

Reed E. Nelson, Southern Illinois University, USA
HY Sonya Hsu, Southern Illinois University, USA

Chapter 141
Task-Based Knowledge Management Approach ................................................. 1479

Frada Burstein, Monash University, Australia
Henry Linger, Monash University, Australia
Chapter 142
Taxonomies of Knowledge ................................................................. 1490
Phillip Ein-Dor, Tel-Aviv University, Israel

Chapter 143
Theory and Management of Data Semantics ....................................... 1500
Daniel W. Gillman, Bureau of Labor Statistics, USA
Frank Farance, Farance Inc., USA

Chapter 144
Transnational Knowledge Transfer ..................................................... 1512
Yanqing Duan, University of Bedfordshire Business School, UK
Mark Xu, University of Portsmouth, UK
Weizhe Feng, China Agricultural University, China

Chapter 145
Understanding Innovation Processes .................................................. 1525
Sue Newell, Bentley College, USA

Chapter 146
Understanding Organizational Memory .............................................. 1536
Sajjad M. Jasimuddin, University of Dhaka, Bangladesh and University of Southampton, UK
Con Connell, University of Southampton, UK
Jonathan H. Klein, University of Southampton, UK

Chapter 147
Virtue-Nets ...................................................................................... 1545
David T. Croasdell, University of Nevada, USA
Y. Ken Wang, Washington State University, USA

Chapter 148
Work and Knowledge ........................................................................ 1556
Tom Butler, University College Cork, Ireland
Ciaran Murphy, University College Cork, Ireland

Chapter 149
Workflow Systems and Knowledge Management .................................. 1567
Alfs T. Berztiss, University of Pittsburgh, USA
