PART ONE | THE RISE OF SOVEREIGN WEALTH FUNDS AND STATE-OWNED ENTERPRISES

Chapter 1 Sovereign Investment: An Introduction 3
   A. Sovereign Foreign Direct Investment Vehicles 3
      1. Sovereign Wealth Funds 4
      2. State-Owned Enterprises 9
   B. Concerns 10
      1. National Security 11
      2. Transparency 12
      3. Other Concerns 15
   C. Policy Reactions 16
      1. Country Reactions 16
         United States 18
         Canada 19
         Germany 20
      2. Supranational Reactions 21
      Outlook 23

Chapter 2 Sovereign Wealth Funds: An Overview 24
   Introduction 24
   A. What are Sovereign Wealth Funds? 25
      1. Nature and Size 25
      2. Sources of Funding 29
      3. Functions of SWFs 29
         a. Revenue Stabilization and Related Benefits 29
Detailed Table of Contents

b. Other Purposes and Goals 30

B. Political, Strategic, and Legal Concerns Raised by SWF Activity 31
   1. Political Concerns 32
   2. Strategic and National Security Concerns 32
   3. Business Concerns 35

C. Regulatory Responses 36
   1. Recent Developments in Global Regulation of SWFs 36
      a. U.S. Political and Legal Responses 36
      b. National Security Review 38
      c. European Efforts 39
      d. The Santiago Principles 39
      e. OECD's Efforts 41

D. Response Among SWFs to Key Concerns 42
   1. Mitigation 43
   2. Chilled SWF Interest? 44

E. Recent Trends in Sovereign Wealth Fund Activity and Behavior 44
   1. 2007-2008 Equity Infusions Into Financial Sector 44
   2. Investment Activity Outside of the Financial Sector 47
   3. Strategic Support Transactions 49
   4. Recent Developments 49

F. Impact of the Financial Crisis on Sovereign Wealth Funds 50
   1. Weaker Growth 51
   3. Entering the Next Phase 55

Conclusions 56

Chapters

Sovereign Wealth Funds: A Developing Country Perspective 57

Introduction 57
   A. The Accumulation of Foreign Exchange Reserves and the Rise of SWFs 58
   B. The Rationale for Reserve Accumulation 63

C. A Broader Framework 68
   1. Recollecting Useful Identities 68
   2. The Motivations for the Accumulation of Foreign Exchange Assets 70
   3. The Instruments and Political Economy of Foreign Exchange Asset Accumulation 75

D. Systemic Implications of Large Reserves and SWFs 79

Conclusions 82
Chapter 4: Sovereign Wealth Funds and the Crisis: Investment Managers or Providers of Liquidity? 84

Introduction 84
A. Slower Growth for SWFs During the Crisis 86
B. A Change in Strategy or Crisis Response? 89
C. Focus on Large Funds 91
   1. Change in Sectoral Distribution 91
   2. Preference for Minority Stakes 95
D. SWFs as Investment Managers and Providers of Liquidity in Home Countries? 96

Chapters: The International Activities and Impacts of State-Owned Enterprises 98

Introduction 98
A. Nature and Importance of SOEs 101
   1. OECD Countries 102
   2. Emerging and Transition Markets 104
   3. Ownership Models 106
   4. Summary 113
B. Problems with SOEs 114
   1. Purpose of SOEs 114
   2. Governance of SOEs 115
   3. Performance of SOEs 119
   4. Summary 124
C. FDI and the SOE 125
   1. Eclectic Theory and the Nature of the MNE 126
   2. The Investment Development Path and MNEs from Emerging Markets 129
   3. Host-Country Benefits 131
   4. Summary Comments 133
D. China 133

Conclusions 140

PART TWO | REGULATORY CONCERNS

Chapter 6: Sovereign Wealth Funds and Global Finance 145

Introduction 145
A. SWFs in Global Finance: The Evidence 146
B. Organization and Governance 152
   1. Economic Theories 153
   2. Economic Sociology 155
   3. Political Economy 157
Detailed Table of Contents

C. The Evidence: Case Studies in Global Financial Relations 159
   1. To Stay or To Go 159
   2. Deepening Ties 163
Concluding Comments 170

Chapter 7 National Security and Foreign Government Ownership Restrictions on Foreign Investment: Predictability for Investors at the National Level 173

Introduction 173
   A. General Approaches to Oversight and Regulation of Foreign Direct Investment 175
   B. The Process for Addressing National Security Concerns within FDI Frameworks 180
   C. Foreign Government Ownership as a Factor in the Review Process 182
   D. Predictability and the Effect of Regulation on Sovereign Wealth Fund and State-Controlled Entity Investors 183
Conclusions 186
Annex: Country Comparison Table: Regulation of FDI, National Security and Foreign Government Ownership 187

Chapter 8 Are Sovereign Wealth Fund Investments Politically Biased? A Comparison with Mutual Funds 221

Introduction 221
   A. Literature Review and Stylized Facts 224
      1. Defining a Benchmark for SWFs 226
      2. Toward Better Regulation 228
   B. Data Analysis 229
      1. Portfolio Characteristics 230
         a. Geographical Distribution 231
         b. Sector and Industry Distribution 233
      2. Investment in OECD and Non-OECD Countries 235
   C. SWF Investments: The Political Dimension 235
      1. Internal Governance and Investment Strategy 237
         a. Political Regimes 239
Conclusions 243
Annexes 245
Annex 1. Portfolio Characteristics for Selected SWFs, 2008 245
Annex 3. Sector and Industry Classification 251
Annex 4. Political Regimes and Fund Investments: Definition of Political Variables 254  
Annex 5. Truman's Investment Indicators for OECD and non-OECD SWFs, 200J  
Annex 6. Truman's Investment Indicators for Commodity and non-Commodity SWFs, 2008 257

**Chapter 9** Sovereign Concerns and the International Investment Regime 258

Introduction 258  
A. Sovereign Concerns with FDI 262  
B. The Evolving International Investment Regime 267  
C. The Essential Security Challenge 273

Conclusion 282

**Chapter 10** Sovereign Wealth Funds and National Security 283

PART THREE | CHANGING RULES FOR STATE-CONTROLLED ENTITIES?  
**Chapter 11** Sovereign Wealth Funds and Regulation: Some Conceptual Issues 297

Introduction 297  
A. The Emergence and Extent of Sovereign Wealth Funds 298  
B. Why Sovereign Wealth Funds? 302  
C. Analysis of Regulation and Sovereign Wealth Funds 303  
D. Examples of Matrix Positioning 304  
E. Regulation, Foreign Direct Investment, and Sovereign Wealth Funds 306

Conclusions 309

**Chapter 12** The Evolution of the Essential Security Exception in U.S. Trade and Investment Agreements 310

Introduction 310  
A. General U.S. Policy on the Relationship between International Agreement: Essential Security 311  
B. Experience in the GATT/WTO 314  
   Security Exceptions 315  
C. Experience under U.S. Treaties of Friendship, Commerce, and Navigation 324  
D. Experience under BITs before 2001 324  
E. The NAFTA Negotiating Experience 330  
1. Stage One 330  
2. Stage Two 331  
3. Stage Three 332  
4. Stage Four 332  
5. Stage Five 333
6. Stage Six 333
7. Stage Seven 333

F. Developments after 2001 336

H. Implications for CFIUS 342
   1. CFIUS Procedures and Practice 344
   2. Potential Claims 346
   3. Whether CFIUS Actions Fall Within the Scope of the Exception 346
   4. How a Tribunal Might Review the Matter 350

Conclusions 350

Annexes 352
Annex 3. Essential Security Provisions In U.S. Free Trade Agreements with BIT-Type Investment Protections 393

Chapter 13 Do the Rules Need To Be Changed for State-Controlled Entities? The Case of Sovereign Wealth Funds 404
   A. A Two-Pronged Approach to SWFs: Reciprocal Responsibility 405
   B. Comprehensive Regulatory Approach 407
   C. Alternatives to a Comprehensive Approach 408

Concluding Remarks 411

Chapter 14 The U.S. Approach to Sovereign Wealth Funds and the Role of CFIUS 413
   A. Global Financial Context 413
   B. Sovereign Wealth Funds 414
   C. U.S. Treasury Response 415
   D. Generally Accepted Principles and Practices 416
   E. Recipient Country Policies: The Committee on Foreign Investment in the United States, and Regulations 418

Conclusion 420

Chapter 15 Lessons from CFIUS for National Security Reviews of Foreign Investment 422
   Introduction 422
   A. The U.S. National Security Review Process 423
Chapter 16 The Canadian Policy Response to Sovereign Direct Investment 431

Introduction 431

A. Nature and Effects of Foreign Direct Investment, Be It Private or Sovereign 431
B. Sovereign Direct Investment: Nature and Effects 433
C. The Debate in Canada 434
   1. Headquarters' Effects 435
   2. National Security 437
D. The Organizational Form for Intervention 447
E. The Credit Crisis and FDI 450

Chapter 17 Sovereign Wealth Funds and the German Policy Reaction 453

A. Sovereign Wealth Funds in the German Political Debate 453
B. Tightening of the German Investment Rules 456
C. The New Law—Does It Make Sense? 459

Chapter 18 The Regulation of Sovereign Wealth Funds in the European Union: Can the Supranational Level Limit the Rise of National Protectionism? 462

Introduction 462

A. The SWF Phenomenon in the European Union 463
   1. Operations of SWFs in Europe 464
   2. European Concerns about SWFs 466
B. The Supranational Efforts to Maintain an Open Environment to SWFs 469
   1. The EU Common Approach: Design and Main Features 470
   2. The EU Support for a Multilateral Solution 475
C. The Risk of Uncoordinated Protectionism at the National Level 483
   1. Application of Existing EU Law 484
   2. Monitoring and Coordinating National Regulations 486
      a. Control of Foreign Takeovers in the United Kingdom 488
      b. Control of Foreign Takeovers in France 489
      c. Control of Foreign Takeovers in Germany 491

Concluding Remarks 493

Chapter 19 Foreign Government-Controlled Investors and Host Country Investment Policies: OECD Perspectives 496

Introduction 496

A. Pursuit of Political, rather than Commercial Objectives 498
   1. How Credible are Government Commitments to Pursue Only Commercial Objectives 500
