- The External Environment  18
  - Analyzing the External Environment  20
  - Why Study the External Environment?  21
  - The Economic and Legal Environments  21
- Importance of the Economic Environment  22
  - The General Economy  23
  - Business Cycles  28
  - Inflation  31
  - Monetary and Fiscal Policy  34
  - The Nature of Interest Rates  36
  - Expansion and Recession  37
  - Forecasting the Economy—Index of Leading Economic Indicators  37
- Importance of the Legal Environment  39
  - Torts  39
  - Property Ownership  41

**3. Communication and Internal Environmental Analysis**  65
- Communication Skills  66
  - Be Respectful of Your Client  67
  - Communicate with Your Client  67
- Professional Liability  70
  - Common Law Liability to Clients  70
  - Common Law Liability to Third Parties  70
  - Statutory Liability  71
  - Educate Your Client  71
  - Understand the Client’s Thinking Phase  72
- Internal Analysis  75
  - Life Cycle Positioning  75
  - Life Cycle Phases and Characteristics  77
  - Attitudes and Beliefs  80
  - Special Needs  81
  - Financial Position  84
  - Client’s Perception of Financial Situation  85

**4. Personal Financial Statements (Preparation and Analysis)**  101
- Introduction  102
  - Decision-Making Uses of Financial Statements and Financial Statement Analysis  103
   The Financial Planning Process 154
   Step 1: Establishing and Defining the Client-Planner Relationship 157
   Step 2: Gathering Information Necessary to Fulfill the Engagement 158
       Identifying Relevant Environmental Information 158
       Establishing Financial Goals 159
       Developing Financial Objectives 162
   Step 3: Analyzing and Evaluating the Client’s Current Financial Status 165
   Step 4: Developing and Communicating the Recommendations 167
       Selecting the Most Appropriate Strategy 170
       Communicating the Recommendations 173
   Step 5: Implementing the Recommendations 173
   Step 6: Monitoring the Recommendations 174
   Chapter 5 Supplement 179
       Calculations for Retirement Needs and Key West Home for the Nelsons 179

BASIC FINANCIAL PLANNING TOOLS 183

6. Time Value of Money 185
   Understanding Time Value of Money 186
   Future Value and The Power of Compound Interest 187
   Basic Tools for Time Value of Money (TVM) Analysis 188
       Timelines 188
