Preface .......................................................... i  
Acknowledgements .................................................. iii  
Abstract .......................................................... v  

I. Foundations and Preliminaries ........................................ 1  

1. Introduction .................................................................. 3  
   1.1. Research Problem .................................................. 6  
   1.2. Research Objective ................................................ 8  
   1.3. Research Approach ............................................... 11  
   1.4. Research Questions .............................................. 14  
   1.5. Structure of the Thesis ......................................... 16  

2. Towards Customer Intimacy .......................................... 19  
   2.1. Three Value Disciplines to Achieve Market Leadership .. 20  
      2.1.1. Operational Excellence and Product Leadership as Alternatives to Customer Intimacy .................. 23  
      2.1.2. The Value Discipline Customer Intimacy .......... 26  
   2.2. Customer Intimacy: Grounded in Relationships and Services ............................................ 31  
      2.2.1. Two Divergent Perspectives on Marketing .......... 32  
      2.2.2. The Service Dimension of Relationship Marketing ........................................................... 35
2.2.3. The Service-Dominant Logic as an Evolution of Relationship Marketing ................. 38
2.2.4. Customer Intimacy: A Relationship and Service Based Value Discipline ............... 42
2.3. Three Approaches Related to Customer Intimacy .... 45
  2.3.1. Key Account Management ......................... 45
  2.3.2. Market Orientation ................................. 48
  2.3.3. Customer Relationship Management ................. 51
  2.3.4. Customer Intimacy: A Specific Adoption of the Marketing Concept ................. 55

3. Methods and Techniques to Assess Customer Intimacy 59
  3.1. Network Analysis ..................................... 60
    3.1.1. Graph Theory for the Representation of Social Networks .......................... 61
    3.1.2. Centrality Metrics for the Analysis of Social Networks .......................... 64
    3.1.3. Using Social Network Analysis for Assessing Customer Intimacy ................. 67
  3.2. Data Mining ......................................... 69
    3.2.1. The Process of Knowledge Discovery in Databases .......................... 70
    3.2.2. Selection of the Machine Learning Algorithms .......................... 73
    3.2.3. Evaluation of the Machine Learning Models .................................. 82

II. Conceptual Model 89
4. Customer Intimacy Breakdown Analysis 91
  4.1. Existing Approaches for Assessing Customer Intimacy 92
  4.2. Overview of the Customer Intimacy Breakdown Analysis ................................ 96
  4.3. Acquired Customer Intimacy Components .................. 100
    4.3.1. Acquired Customer Knowledge .................. 101
    4.3.2. Established Customer Relationships ............. 103
  4.4. Leveraged Customer Intimacy Components ............. 106
    4.4.1. Customization ................................. 107
4.4.2. Loyalty .......................... 109
4.4.3. Proactiveness ..................... 111
4.4.4. Cross-selling ....................... 112
4.4.5. Customer Participation ............. 114
4.4.6. Transaction Costs Reduction ..... 116

5. CI Analytics Model and Methodology 119
   5.1. CI Analytics Overview .......... 120
       5.1.1. CI Analytics Methodology .. 120
       5.1.2. CI Analytics Model ......... 126
   5.2. Assessment of the Acquired Customer Intimacy .... 129
       5.2.1. Using Interactions and Networks to Assess Acquired Customer Intimacy .... 130
       5.2.2. Customer Intimacy Metrics at the Individual Level .......................... 133
       5.2.3. Customer Intimacy Metrics at the Organizational Level ..................... 147
       5.2.4. Empirical Assessment of the Acquired Customer Intimacy .................... 153
   5.3. Assessment of the Leveraged Customer Intimacy .................. 156
       5.3.1. Customization ................ 157
       5.3.2. Customer Loyalty ............. 158
       5.3.3. Proactiveness ................ 159
       5.3.4. Cross-selling ................ 160
       5.3.5. Customer Participation ....... 162
       5.3.6. Transaction Costs Reduction .... 163

III. Evaluation 165

6. CI Analytics Software 167
   6.1. CI Analytics Business Analysis .... 168
       6.1.1. Requirements Analysis ....... 168
       6.1.2. Business Objects Analysis .......... 176
   6.2. CI Analytics Architecture .......... 179
       6.2.1. Architecture Overview .......... 179
E. CI Analytics Implementation ........................................... 342
   E.1. CI Services for Calculating the Acquired Customer Intimacy Metrics .................. 342
   E.2. CI Services for Calculating the Leveraged Customer Intimacy Metrics .................. 345
   E.3. CI Graph: A First Prototype of CI Analytics ........................................ 348
   E.4. Business Benefits Analysis ............................................. 353
