# Contents

**Executive summary** vii  
1 **Introduction** 1  
1.1 Changing families 1  
1.2 Changing jobs 3  
1.3 Parent and child wellbeing 6  
1.4 Work and parent wellbeing 9  
1.5 Parents’ work and children’s wellbeing 10  
1.6 Summary of key issues 12  
1.7 Conceptual framework 13  
1.8 Research questions 15  
2 **Sample and measures** 17  
2.1 Datasets methodology 17  
2.2 Methodology for current study 19  
2.3 Caveats 25  
2.4 Parent and child wellbeing measures 27  
2.5 Measures of employment arrangements and parent work conditions 29  
2.6 Family characteristics and sociodemographic measures 32  
3 **Families across the cohorts: sociodemographic characteristics and wellbeing** 37  
3.1 Overview and aims 37  
3.2 Methods 37  
3.3 Family characteristics and socioeconomic demographics 38  
3.4 Sociodemographic differences by disadvantage 40  
3.5 Employed parents’ wellbeing 45  
3.6 Children’s wellbeing 47  
3.7 Summary 50  
4 **Mothers’ and fathers’ experience of work** 53  
4.1 Overview and aims 53  
4.2 Do mothers and fathers work in jobs with similar conditions? 54  
4.3 Breadwinner and dual-earner families across the three cohorts 58  
4.4 Breadwinner and dual-earner work conditions 61  
4.5 Gender equality in the workforce: family time as a resource 63  
4.6 Summary 65  
5 **Work and wellbeing** 67  
5.1 Overview and aims 67  
5.2 Methods 68  
5.3 Wellbeing and employed mothers’ and fathers’ work hours and conditions 69  
5.4 Parents’ work hours and conditions and children’s wellbeing 71  
5.5 Parent and children’s wellbeing 73  
5.6 Summary 73  
6 **Vulnerable families** 75  
6.1 Overview and aims 75  
6.2 Methods 76  
6.3 Jobs in low-SEP and lone-mother families 78  
6.4 Work hours and conditions by socioeconomic position and family type 78  
6.5 Low-SEP families and lone mothers and job conditions 83  
6.6 Interactions with socioeconomic position 83  
6.7 Interactions with family type 90  
6.8 Summary 92
7 Work and family wellbeing—what does it mean?

7.1 Families across the cohorts
7.2 Mothers' and fathers' jobs—different or equal?
7.3 Work and parent and child wellbeing
7.4 Vulnerable families
7.5 Limitations
7.6 Conclusion

Appendices

Appendix A: Missing data analysis
Appendix B: Technical appendix—study strata, clustering and weighting
Appendix C: Employed mothers on leave
Appendix D: Scale items
Appendix E: Work and parent wellbeing: full regression models
Appendix F: Work and child wellbeing: full regression models
Appendix G: Parent wellbeing and child wellbeing: full regression models
Appendix H: Parent and infant wellbeing by socioeconomic position: summary regression models
Appendix I: Parent and infant/child wellbeing by family type: summary regression models
