
Hanne Mawhinney, University of Maryland College Park, USA

Yun Lin, Agresso, Norway
John Krogstie, IDI, NTNU, Norway

Daniela Butan, University of Limerick, Ireland
Emma O’Brien, University of Limerick, Ireland
Mark Southern, University of Limerick, Ireland
Seamus Clifford, University of Limerick, Ireland

Chapter 2.21. A Re-Distributed Knowledge Management Framework in Help Desk.............. 771

Nelson Leung, RMIT International University, Vietnam

Chapter 2.22. Model of a Knowledge Management Support System for Choosing Intellectual Capital Assessment Methods ......................................................... 779

Agnieta B. Pretorius, Tshwane University of Technology, South Africa
F.P. (Petrie) Coetzee, Tshwane University of Technology, South Africa

Volume II

Chapter 2.23. A Knowledge Management Framework to Manage Intellectual Capital for Corporate Sustainability................................................................. 803

Herbert Robinson, London South Bank University, UK

Carolina López-Nicolás, University of Murcia, Spain
Ángel L. Meroño-Cerdán, University of Murcia, Spain

Section III. Tools and Technologies

This section presents an extensive coverage of various tools and technologies available in the field of organizational learning and knowledge that practitioners and academicians alike can utilize to develop different techniques. These chapters enlighten readers about fundamental research on the many methods used to facilitate and enhance the integration of this worldwide phenomenon by exploring the usage of Wikis for technology proliferation, tele-health, and data mining, to name a few. It is through these rigorously researched chapters that the reader is provided with countless examples of the up-and-coming tools and technologies emerging from the field of organizational learning and knowledge. With more than 20 chapters, this section offers a broad treatment of some of the many tools and technologies within the organizational learning and IT community.
Leonardo Candela, Consiglio Nazionale delle Ricerche, Italy
Donatella Castelli, Consiglio Nazionale delle Ricerche, Italy
Pasquale Pagano, Consiglio Nazionale delle Ricerche, Italy

Chapter 3.2. Could Web 2.0 Technologies Support Knowledge Management in Organizations?
Luiz Fernando de Barros Campos, Federal University of Minas Gerais, Brazil

Chapter 3.3. DeLone & McLean IS Success Model in Evaluating Knowledge Transfer in a Virtual Learning Environment
Raija Halonen, National University of Ireland, Ireland & University of Oulu, Finland
Heli Thomander, University of Oulu, Finland
Elisa Laukkanen, University of Oulu, Finland

Chapter 3.4. A Specialized Evaluation and Comparison of Sample Data Mining Software
John Wang, Montclair State University, USA
Xiaohua Hu, Drexel University, USA
Kimberly Hollister, Montclair State University, USA
Dan Zhu, Iowa State University, USA

Chapter 3.5. Data Mining and the Project Management Environment
Emanuel Camilleri, Ministry of Finance, Economy and Investment, Malta

Chapter 3.6. Utilisation of Expert Online Retrieval Tools: An Exploration of Barriers and Added Values
Roberta Sturm, Saarland University, Germany
Christoph Igel, Saarland University, Germany

Chapter 3.7. Case Studies of Creating Reusable Interprofessional E-Learning Objects
Heather Wharrad, The University of Nottingham, UK
Richard Windle, The University of Nottingham, UK

Chapter 3.8. Reusable Learning Objects in Health Care Education
Richard Windle, The University of Nottingham, UK
Heather Wharrad, The University of Nottingham, UK

Chapter 3.9. Achieving Interprofessional Health Education Through the Use of E-Resources: Exploring the Experience of two Different Undergraduate Professional Groups
Karen Harrison, Coventry University, UK
Lorraine McFarland, Coventry University, UK

Chapter 3.10. Integrating Telehealth into the Organization’s Work System
Joachim Jean-Jules, Université de Sherbrooke, Canada
Alain O. Villeneuve, Université de Sherbrooke, Canada
Chapter 3.11. Designing E-Mail for Knowledge Management in Distributed Organizations ........ 1030
Linda Leung, University of Technology Sydney, Australia
Tania Humphreys, University of Technology Sydney, Australia
Alastair Weakley, University of Technology Sydney, Australia

Chapter 3.12. ICT and Web 2.0 Technologies as a Determinant of Business Performance ........ 1042
Tanja Arh, Jožef Stefan Institute, Slovenia
Vlado Dimovski, University of Ljubljana, Slovenia
Borka Jerman Blažic, Jožef Stefan Institute, Slovenia

Chapter 3.13. Managing Requirements Elicitation Knowledge Using a Spatial Hypertext Wiki ......................................................... 1061
Carlos Solis, Lero, Ireland
Nour Ali, Lero, Ireland

Chapter 3.14. Multiagent System for Supporting the Knowledge Management in the Software Process ........................................ 1078
Francisco Milton Mendes Neto, Rural Federal University of the Semi-Arid, Brazil
Marçal José de Oliveira Morais II, State University of the Ceará, Brazil

Chapter 3.15. RDF and OWL for Knowledge Management ........................................ 1096
Gian Piero Zarri, University Paris Est, France

Chapter 3.16. The Use of ‘Web 2.0’ and Social Software in Support of Professional Learning Communities ........................................ 1115
Alan Eardley, Staffordshire University, UK
Lorna Uden, Staffordshire University, UK

Chapter 3.17. Using Wikis in Teacher Education: Student-Generated Content as Support in Professional Learning ........................................ 1126
Steve Wheeler, University of Plymouth, UK

Chapter 3.18. Wikis for Collaboration and Knowledge Management: Current Practices and Future Directions ........................................ 1138
Clif Kussmaul, Muhlenberg College, USA & Elegance Technologies, Inc., USA

Chapter 3.19. Telementoring and Virtual Professional Development: A Theoretical Perspective from Science on the Roles of Self-Efficacy, Teacher Learning and Professional Learning Communities ........................................ 1158
Matthew J. Maurer, Robert Morris University, USA

Chapter 3.20. Customers’ Knowledge and Relational Marketing: A Web 2.0 Perspective .......... 1177
Pasquale Del Vecchio, University of Salento, Italy
Valentina Ndou, University of Salento, Italy
Section IV. Utilization and Application

This section discusses a variety of applications and opportunities available that can be considered by practitioners in developing viable and effective organizational learning and knowledge programs and processes. This section includes over 20 chapters that review topics from case studies in Asia to best practices in Europe and ongoing research in the United States. Further chapters discuss knowledge management in a variety of settings (government, R&D, a call center, higher education, healthcare, etc.). Contributions included in this section provide excellent coverage of today’s IT community and how research into organizational learning and knowledge is impacting the social fabric of our present-day global village.

Chapter 4.1. SMEs and Competitive Advantage: A Mix of Innovation, Marketing and ICT - The Case of “Made in Italy” ................................................................. 1252
Eleonora Di Maria, University of Padova, Italy
Stefano Micelli, Ca’ Foscari University, Italy

Chapter 4.2. Reflective Practice, Professional Learning and Educational Partnerships: Effecting Change in Classroom Settings .................................................. 1266
Chris Brook, Curtin University of Technology, Australia
Graeme Lock, Edith Cowan University, Australia

Chapter 4.3. Exploring Interprofessional Educational Possibilities: A Case Study from a Virtual World ................................................................. 1282
Elinor Clarke, Coventry University, UK
Chapter 4.4. Teacher Professional Development through Knowledge Management in Educational Organisations ................................................................. 1297
  J. Gairin-Sallán, Universitat Autònoma de Barcelona, Spain
  D. Rodriguez-Gómez, Universitat Autònoma de Barcelona, Spain

Chapter 4.5. Key Considerations for the Adoption and Implementation of Knowledge Management in Healthcare Operations ............................................. 1316
  Nilmini Wickramasinghe, Illinois Institute of Technology, USA
  Elie Geisler, Illinois Institute of Technology, USA

Chapter 4.6. A Case Study Exploring a Multi-Disciplinary Collaborative Initiative to Use E-Learning to Meet the Professional Learning Needs of Health and Social Care Practitioners ...... 1329
  Karen Ousey, University of Huddersfield, UK
  Stephen White, University of Huddersfield, UK

Chapter 4.7. Deploying Knowledge Management in R&D Workspaces .................................................................................................................. 1344
  Won-Chen Chang, National Cheng Kung University, Taiwan
  Sheng-Tung Li, National Cheng Kung University, Taiwan

Chapter 4.8. Collaborative Knowledge Management in the Call Center ................................................................. 1366
  Debbie Richards, Macquarie University, Australia

Chapter 4.9. Knowledge Management in Charities ...................................................................................... 1381
  Kathleen E. Greenaway, Ryerson University, Canada
  David C.H. Vuong, Queen’s University, Canada

Chapter 4.10. An Evaluation of Factors that Influence the Success of Knowledge Management Practices in US Federal Agencies ................................................................. 1390
  Elsa Rhoads, The George Washington University, USA
  Kevin J. O’Sullivan, New York Institute of Technology, USA
  Michael Stankosky, The George Washington University, USA

Chapter 4.11. Knowledge Management and Intelligence Work: A Promising Combination ............ 1406
  Antonio Badia, University of Louisville, USA

Chapter 4.12. The Green Bay Chamber of Commerce: Foundation’s Foundation .......................... 1418
  Philip Mattek, University of Wisconsin-Green Bay, USA

Chapter 4.13. A Cross-National Comparison of Knowledge Management Practices .......................... 1448
  George Tovstiga, University of Reading, UK
  Len Korot, Institute for Global Management, USA
  Leo-Paul Dana, University of Canterbury Christchurch, New Zealand
  Gerard McElwee, University of Lincoln, UK
Chapter 4.14. Knowledge Management Solution to Challenges of Higher Education in South Africa

Stephen Mutula, University of Botswana, Botswana
Daisy Jacobs, University of Zululand, South Africa

Chapter 4.15. Culturally-Bound Innovation in Romanian Teaching and Research Hospitals

Mihaela Cornelia Dan, Academy of Economic Studies, Romania
Simona Vasilache, Academy of Economic Studies, Romania
Alina Mihaela Dima, Academy of Economic Studies, Romania

Chapter 4.16. Factors Affecting Knowledge Sharing Practice in Malaysia: A Preliminary Overview

Zawiyah Mohd Yusof, Universiti Kebangsaan Malaysia, Malaysia
Mohd Bakhari Ismail, Universiti Kebangsaan Malaysia, Malaysia

Chapter 4.17. Investigating the Effect of Color on Memorization and Trust in E-Learning: The Case of KMCMS.net (Knowledge Management and Content Management System)

Jean-Eric Pelet, Department of Marketing and Information System, France
Panagiota Papadopoulou, University of Athens, Greece

Chapter 4.18. Knowledge Creation and Sharing in Japanese Organisations: A Socio-Cultural Perspective on ba

Kiyoshi Murata, Meiji University, Japan

Chapter 4.19. Knowledge Creation and Sharing in the Malaysian Housebuilding Industry: Improving the Housing Delivery System

Nor 'Aini Yusof, Universiti Sains Malaysia, Malaysia
Mohd Wira Mohd Shafiei, Universiti Sains Malaysia, Malaysia

Chapter 4.20. Knowledge Management and Entrepreneurship Cases in India

Neeta Baporikar, College of Applied Sciences Salalah, Sultanate of Oman

Chapter 4.21. Knowledge Management Practices in Brazilian Software Organizations: The Case of SERPRO

Tatiana de Almeida Furquim, SERPRO and University of Brasilia, Brazil
Sueli Angelica do Amaral, University of Brasilia, Brazil

Volume III

Chapter 4.22. Meeting Czech Knowledge Management Challenges Head-On: KM-Be. At-It

Richard Brunet-Thornton, IMCA/GARC, UK & University of Economics-Prague, Czech Republic
Vladimir Bures, University of Hradec Kralove, Czech Republic & City University of Seattle, Slovakia
