### Introduction

1. **Foundation for analysing the impact of regional trade liberalisation on economic growth and poverty reduction**
   - Introduction
   - Theoretical foundation
   - Analytical approach and framework

2. **Southern Africa and contemporary global economic environment and challenges**
   - Multiple global crises and the impact on poverty in Southern Africa
   - Climate change and its impact on poverty in the SADC region
   - Global and regional trade liberalisation arrangements
   - Regional trade arrangements
   - Conclusions

3. **Poverty dimensions and reduction strategies in the SADC region**
   - SADC region: Economic growth indicators and poverty profile
   - Global, regional and national poverty reduction strategies and policies
   - SADC’s poverty eradication strategy
   - Outline of SADC countries’ specific poverty reduction strategies
   - High and low impact poverty reduction strategies in SADC countries

4. **Status and progress of SADC regional trade integration**
   - Background to SADC integration
   - Orientation of SADC trade liberalisation policies
   - SADC Free Trade Agreement – Trade Protocol and levels of implementation
   - Rules of origin under SADC FTA
   - Structure of SADC exports
   - Dynamics of intra-SADC trade
5 The delink between SADC trade liberalisation and poverty reduction

Share of exports by SADC member states

Conclusion

6 Selected country case studies on the impact of SADC FTA on poverty reduction

Angola case study

Introduction

Poverty indicators and poverty eradication strategies

Agriculture and poverty

An overview of Angola's trading arrangements

Emerging markets and Angola

Conclusion

Lesotho case study

Political economy perspective of poverty in Lesotho

Significance of the agricultural sector in Lesotho

Lesotho's vulnerability and underlying causes of poverty

Lesotho's trade arrangements

Dynamics of Lesotho's trade in SADC

Complementary programmes to poverty reduction

Conclusion and recommendations

Malawi case study

Malawi trade liberalisation within multilateral, regional and autonomous frameworks

Implementation of the SADC FTA: progress and challenges

The food security success story of Malawi

High impact poverty interventions and lessons

Assessment of the impact of SADC FTA on poverty reduction

Challenges for other small-scale agricultural producers: the case of tobacco and sugar

SADC FTAs and labour markets: factor prices, income and employment linkages

The SADC FTA and household consumption, prices and production
Conclusion 179

Mozambique case study
The poverty situation and poverty reduction strategies 182
Challenges to poverty reduction 185
An overview of Mozambique's trading arrangements 186
SADC FTA and Mozambique demand and supply response 188
Investment response, market structures and competitiveness 191
High impact interventions 193
Key challenges to realising the benefits of SADC FTAs 195
Conclusion and recommendations 195

Zambia case study
Zambia's macroeconomic performance 198
Zambia's poverty dimensions and reduction strategies 200
Status of liberalisation under the SADC FTA and the demand and supply response 203
Demand response due to an FTA 204
Supply response — new investment and jobs 205
High impact intervention programmes (maize trade) 206
Conclusion and recommendations 208

Zimbabwe case study
Introduction 211
Zimbabwe's trade liberalisation and economic development 211
Zimbabwe—SADC trade 218
FTA and Zimbabwe's domestic production response 220
Performance of Zimbabwe's agriculture sector (2000—2008) 222
The case of maize trade 224
Donor community interventions for poverty eradication 226
Conclusion 229

7 Complementary SADC programmes to address poverty reduction
SADC health programme 232
SADC HIV programme 234
SADC education programme 236
SADC energy programme 239
SADC transport and communication programme 243
Commonalities and divergences of national experiences and lessons for sustainability and equitability in economic growth 245
8 Conclusions and policy recommendations

Conclusions 249
The challenges 251
Recommendations 253

List of tables

1 Percentages of SADC pro-poor commodities in total flows (2000–2008) 8
2.1 COMESA tariff reduction schedule 45
3.1 Trends in GDP per capita (PPP USS) in SADC countries 54
3.2 HDI rankings for SADC member countries, 2005 57
3.3 SADC trends in life expectancy at birth and under five mortality rates 58
3.4 SADC adult literacy rates (women vs. men) 60
4.1 Malawi — Tariff treatment applied to RSA and to other SADC members 83
4.2 Mauritius — Tariff treatment applied to RSA and to other SADC members 85
4.3 Mozambique — Tariff treatment applied to RSA and to other SADC members 86
4.4 SACU — Tariff treatment applied to RSA and to other SADC members 87
4.5 Tanzania — Tariff treatment applied to RSA and to other SADC members 88
4.6 Zambia — Tariff treatment applied to RSA and to other SADC members 89
4.7 Zimbabwe — Tariff treatment applied to SADC members, except RSA 90
4.8 Zimbabwe — Tariff treatment applied to RSA only, by HS Section 92
4.9 Madagascar — Tariff treatment applied to other SADC members, by HS section 93
4.10 Summary of progress in implementing SADC tariff phase-down schedules 94
4.11 SADC exports by products (value and share) in 2000 and 2006 97
4.12 SADC exports to major destinations in USS billion from 2000 to 2006 98
4.13 Changes in intra-SADC export share between member states 100
5.1 Orientations of intra-SADC trade 2000–2006 111
5.2 Trade flow of SADC in pro-poor commodities 2000–2006 113
5.3 Percentage of SADC intra-trade in total SADC trade 114
5.4 Ratio of imports to exports 115
5.5 Percentages of pro-poor commodities in total flows (2000–2006) going to the SADC region 116
5.6 Trade intensity indices (2000–2006) 118
5.7 Percentage of exports and imports of pro-poor commodities from the SADC region to member countries 119
5.8 RO indices for SADC (2000–2006) 122
5.9 In trade of pro-poor commodities 124
