SOCIAL AND ECONOMIC BENEFITS OF PROTECTED AREAS
An assessment guide

Edited by Marianne Kettunen and Patrick ten Brink
3 General principles for estimating the socio-economic value of benefits provided by protected areas
Marianne Kettunen, Patrick ten Brink and Samuela Bassi

3.1 Defining the socio-economic value of benefits 33
3.2 Estimating the socio-economic value of benefits 37
3.3 Estimating the costs of protected areas 43
3.4 Estimating the total (net) benefits of a protected area 47
3.5 Estimating the added value of protected area designation 50
3.6 Estimating benefits from multiple sites 51

PART 2
Practical guidance

Step I: a scoping assessment of possible benefits

4 Scoping assessment of benefits provided by protected areas
Marianne Kettunen and Patrick ten Brink

4.1 How to carry out a scoping assessment 59
4.2 Identification and rapid assessment of benefits 62
4.3 Joint consideration of different benefits 68
4.4 Consideration of benefits in the context of multiple protected areas 72
4.5 Identification of net benefits 74

5 Deciding which benefits to analyse in more detail
Marianne Kettunen and Patrick ten Brink

5.1 Identifying the most important benefits 80
5.2 Identifying the purpose of socio-economic valuation 81
5.3 Possible resources to support detailed socio-economic assessment 84

Annex 1: Scoping assessment of benefits provided by protected areas – an example of application
Dalia D'Amato, Marianne Kettunen, Azucena de la Cruz,
José Benedicto Royuela and Artur Gil
Step II: detailed methodological guidance to estimate socio-economic value of benefits

6 Provisioning services and related goods
Marianne Kettunen and Dalia D’Amato
6.1 Overview of benefits 97
6.2 Socio-economic importance of benefits 99
6.3 Estimating the value of benefits 107
Marianne Kettunen and Dalia D’Amato

7 Regulating services and related goods
Tomas Badura and Marianne Kettunen
7.1 Overview of benefits 126
7.2 Socio-economic importance of benefits 128
7.3 Role of different stakeholders in maintaining and using benefits 131
7.4 Estimating the value of benefits 136
Tomas Badura and Marianne Kettunen
Samuela Bassi and Patrick ten Brink

8 Cultural services and related goods
Sonja Gantioler and Dalia D’Amato
8.1 Overview of benefits 172
8.2 Socio-economic importance of benefits 175
8.3 Estimating the value of benefits 189
Annex 5: Step-by-step guidance: tourism, recreation and other cultural benefits
Sonja Gantioler and Dalia D’Amato
9 Appreciating the value of supporting services  
*Dalia D'Amato and Marianne Kettunen*  
9.1 Overview of benefits 212  
9.2 Socio-economic importance of benefits 214  
9.3 Estimating the value of benefits 215  

10 Wider socio-economic benefits  
*Sonja Gantioler and Patrick ten Brink*  
10.1 Overview of benefits 226  
10.2 Socio-economic importance of benefits 228  
10.3 Estimating the value of benefits 237  

11 Costs related to protected areas  
*Samuela Bassi and Dalia D'Amato*  
11.1 Costs of management 248  
11.2 Opportunity costs 252  
11.3 Other costs 255  
11.4 Total costs of protected areas 258  

12 Assessing net benefits: site level  
*Patrick ten Brink and Marianne Kettunen*  
12.1 Assessing aggregated benefits 262  
12.2 Comparing benefits with costs 266  
12.3 Considering the added value of protected area designation and management 274  

Annex 6: Calculating net present values (NPVs) and the effect of different discount rates  
*Patrick ten Brink*  

13 Assessing net benefits: multiple sites  
*Patrick ten Brink and Marianne Kettunen*  
13.1 Issues to reflect when aggregating values for multiple sites 284  
13.2 Assessing aggregated benefits of multiple sites by scaling up 288  
13.3 Estimating the future benefits of multiple sites 293  
13.4 Comparing costs and benefits at an aggregate scale 294
Step III: interpreting, using and communicating
the estimates

14 Interpreting the results of socio-economic assessments
Patrick ten Brink and Marianne Kettunen

14.1 General meaning of the results 301
14.2 'Reading' socio-economic assessments 303
14.3 Robustness of estimates 305
14.4 Level of confidence 306
14.5 Wider reflection on the utility of the results 307

15 Using and communicating the results
Sections 15.1—15.3 by Sue Stolton and Nigel Dudley
Section 15.4—15.5 by Marianne Kettunen and Dalia D'Amato

15.1 Understanding, awareness and advocacy 310
15.2 Support to decision-making and management 316
15.3 Identifying and addressing social impacts 320
15.4 Mobilising funds 324
15.5 Considering synergies and conflicts with biodiversity
    conservation 328

16 Conclusions and way forward
Marianne Kettunen and Patrick ten Brink

16.1 Towards a full appreciation and uptake of benefits
    provided by protected areas 333
16.2 An integrated future vision for protected areas:
    benefits for biodiversity and people 335
