1 Introduction: Revitalization of China's Industrial Cradle 1
   1. The "Northeast Phenomenon" 4
   2. The Existing Transformation Models for Resource-Dependent and Heavy Industrial Cities 6
   3. Northeast Revitalization as a Part of China's Modernization 9

2 From Mao's Pet to Deng's Burden 15
   1. Introduction 15
   2. Industrialization in "New" China and the Development of the Northeast Old Industrial Base 16
   3. Historical Implications and Contributions of the Northeast Old Industrial Base 20
   4. The Northeast Phenomenon and its Causes 24
   5. Theoretical Explanation of the Deterioration of Northeast Region 29

3 Revitalization Strategies of Old Industrial Cities under Hu: Overview 33
   1. Introduction 33
   2. Revitalization Policies 35
   3. Achievements of Northeast Revitalization Strategy 45
   4. Conclusion 68
4 Tiexi's Reborn: The Revitalization of the City's Old Industrial Zone
   1. The Development Process and Historical Contribution of Tiexi District, Shenyang City 72
   2. The Causes of the Deterioration in Shenyang's Tiexi District 77
   3. The Formation of the Tiexi Model 79
   4. Impact of the Tiexi Model 86
   5. Implications of the Tiexi Model 89

5 Dalian Coastal New Industrial Base Development Model 93
   1. Introduction 93
   2. Development Conditions for the Dalian Model 94
   3. Formation of the Dalian Model 98
   4. Discussion: Problems and Potentials 103

6 Daqing Model of Industrial Chain Extension 107
   1. Introduction 107
   2. Background 109
   3. Conditions for Industrial Chain Extension in Daqing 114
   4. Pathway of Industrial Chain Extension 116
   5. Participants and Functions 121
   6. Achievements 129
   7. Problems and Challenges 133
   8. Potentials 135
   9. Conclusion and Discussion 137

7 Economic Transformation and Continuous Industry Development Model of Fuxin City 141
   1. Introduction 141
   2. Background 142
   3. Coal Mining City's Economic Transformation Progress 145
   4. Organizational Operation of the Transformation Model 157
   5. Outcome of Industrial Transformation 159
8 Jilin City's Low Carbon Economy 163
  1. Introduction 163
  2. Background 166
  3. The Major Measurements to Lower Carbon Emission 173
  4. Discussion 179

9 Regional Integration Development in Central Liaoning Urban Agglomeration 181
  1. Introduction 181
  2. Establishing Mayor and Secretary Joint Meeting System, and Forming Regional Integral Government Aid Mechanism 182
  3. Establishment of Shenyang City's Position of Leadership 186
  4. Joint Planning in the Implementation Region 188
  5. Strengthening Industry Specialization 191
  7. The Inspiration on Regional Integration Development 200

10 Towards a Northeast China Model? 205
