

A Study on the Management & Investment Strategy in “Smart Era” for Improving Firms’ Competitiveness

Donghyuk Suh, Dae-Young Joo, Chuel Cho, Jae Young Choi and Hyejin Jin

December 2011

Contents

Foreword	3
Summary	15
Chapter 1. Introduction	39
1. Background and Purpose	39
(1) Background	39
(2) Purpose	41
2. Scope and Methodology	42
(1) Industrial Study Scope	42
(2) Methodology and Differentiation	45
 Chapter 2. Advent of the Smart Era and Theoretical Background of Industrial Capability Consolidation	 50
1. Transition to the Smart Era, and Concept of Being Smart	51
(1) Advent of the Smart Era, and Its Industrial Implications	51
(2) Concept of Smartization	57
2. Theoretical Review of the Industrial Capabilities for Coping with the Smart Era	63
(1) Consideration of Industrial Competitiveness Impact Factors	63
(2) Resource-based and Network Theories	66
(3) Intangible Assets as Differentiated Resources	75
3. Analysis Framework for Seeking Investment Strategy Directions in the Smart Era	78
(1) Overview of the Basic Analysis Framework	78
(2) Components in Each Sector	79
4. Shift of the Industrial Investment Concept in the Smart Era	86
5. Characteristics and Importance of the Investment Concept	90
(1) Smartization Concept Comparison in the Industries	90
(2) Detailed Concept of Smartization in Each Industry	93

Chapter 3. Investment Strategy Recognition and Empirical

Analysis	102
1. Change in Investment Recognition by Smartization-related Firms	103
(1) Overview and Composition of the Questionnaire Survey	103
(2) Firm Recognition of the Importance of Investment Sectors in Coping with Smartization	104
2. Empirical Analysis Models and Questionnaire Composition	112
(1) Overview of Empirical Analysis Models	112
(2) Composition of Economic Metric Variables	117
3. Empirical Analysis of the Ordered Probit Model	122
(1) Basic Statistics of the Variables	122
(2) Impacts of Investments' Competitiveness Dissemination by Detailed Item: Ordered Probit Estimation Results	127
4. Empirical Analysis of the Multivariate Probit Model	134
(1) Basic Statistics of the Variables	134
(2) Investment Directions to Cope with the Smart Era: Multivariate Probit Estimation Results	137
5. Sub-conclusion on the Empirical Analysis Estimation Results	142

Chapter 4. Investment Shift Directions of Major Industries and

Policy Demand in the Smart Era	147
1. Automotive Industry	148
(1) The Automotive Industry's Smartization Capability Importance and Investment Concept Change	148
(2) The Direction of Firm Investment to Cope with Smartization	156
(3) Investment Cases and Investment-Intensive Sectors for Industrial- Smartization Promotion	162
(4) Step-by-step Policy Demand to Promote Investment in the Smart Era	172
2. Machinery Industry	175
(1) Importance of Smartization Capabilities in the Machinery Industry, and Investment Concept Change	175

(2) Firms' Investment Directions to Cope with Being Smart	180
(3) Investment Cases and Insensitive Investment Sectors for Industrial-Smartization Promotion	185
(4) Step-by-step Policy Demand to Promote Investment in the Smart Era	193
3. Electronics Industry	195
(1) Importance of the Electronics Industry's Smartization Capabilities, and Investment Concept Change	195
(2) Firms' Investment Directions to Cope with Being Smart	204
(3) Investment Cases and Investment-intensive Sectors for Industrial- Smartization Promotion	208
(4) Step-by-step Policy Demand to Promote Investment in the Smart Era	219
4. Comparison of Major Industries' Strategies to Cope with Being Smart, and Implications	221
(1) Comparison of the Smartization Directions of Each Industry	221
(2) Core Capabilities of and Policy Demand to Cope with Smartization	223
(3) Implications	230

Chapter 5. Investment Strategies for Consolidating Industrial Capabilities in the Smart Era

1. Basic Direction: Securing Industrial-Development Opportunities in the Smart Era	233
2. Policy Tasks to Promote Investment to Cope with the Smart Era	238
(1) Sectors for Strategic Investment Consolidation in Major Industries	240
(2) Strategies for Coping with Smartization in Each Industry	245
(3) Strategies for Coping with Smartization by Sector	249
3. Policy Responses by Industry to Promote Investment in the Smart Era	270
(1) Automotive Industry	270

(2) Machinery Industry275

(3) Electronics Industry281
